Case No. 22642

**APPLICATION**

Mewbourne Oil Company applies for an order pooling all mineral interest owners in the Wolfcamp formation underlying a horizontal spacing unit comprised of the S/2NW/4 of Section 33 and the S/2N/2 of Section 32, Township 20 South, Range 28 East, N.M.P.M., Eddy County, New Mexico, and in support thereof, states:

1. Applicant is an interest owner in the S/2NW/4 of Section 33 and the S/2N/2 of Section 32, and has the right to drill a well thereon.

2. Applicant proposes to drill the Overlord 33/32 W0FE Fed. Com. Well No. 1H to a depth sufficient to test the Wolfcamp formation, and to dedicate S/2NW/4 of Section 33 and the S/2N/2 of Section 32 thereto. The well is a horizontal well with a first take point in the SE/4NW/4 of 33 and a final take point in the SW/4NW/4 of Section 32.

4. Although applicant attempted to obtain voluntary agreements from all mineral interest owners to participate in the drilling of the well or to otherwise commit their interests to the well, certain interest owners have failed or refused to join in dedicating their interests. Therefore, applicant seeks an order pooling all mineral interest owners in the Wolfcamp

formation underlying the S/2NW/4 of Section 33 and the S/2N/2 of Section 32, pursuant to NMSA 1978 §§70-2-17.

5. The pooling of all mineral interest owners in the Wolfcamp formation underlying the S/2NW/4 of Section 33 and the S/2N/2 of Section 32 will prevent the drilling of unnecessary wells, prevent waste, and protect correlative rights.

**WHEREFORE**, applicant requests that, after notice and hearing, the Division enter its order:

- A. Pooling all mineral interest owners in the Wolfcamp formation underlying the S/2NW/4 of Section 33 and the S/2N/2 of Section 32;
- B. Designating applicant as operator of the well;
- C. Considering the cost of drilling, completing, and equipping the well, and allocating the cost among the well's working interest owners;
- D. Approving actual operating charges and costs charged for supervision, together with a provision adjusting the rates pursuant to the COPAS accounting procedure; and
- E. Setting a 200% charge for the risk involved in drilling, completing, and equipping the well in the event a working interest owner elects not to participate in the well.

Respectfully submitted,

STATE OF TEXAS )

Charles Crosby deposes and states:

1. I am over the age of 18, and have personal knowledge of the matters stated herein.
2. I am a geologist for Mewbourne Oil Company ("Mewbourne"), and I am familiar with the geological matters involved in these cases. I have been qualified by the Division as an expert petroleum geologist.
3. The following geological plats are attached hereto:
  - (a) Attachment A is a structure map on the top of the Wolfcamp Structure. It shows that structure dips gently to the east-southeast. It also shows Wolfcamp Sand wells in the area (the zone to be tested by the Overlord wells), and a line of cross-section.
  - (c) Attachment B is a cross section showing the upper Wolfcamp formation. The well logs on the cross-section give a representative sample of the upper Wolfcamp formation in this area. The sand is continuous and uniformly thick across the well units.
4. I conclude from the maps that:
  - (a) The horizontal spacing units are justified from a geologic standpoint.
  - (b) The target zone is continuous and of uniform thickness across the well units.
  - (c) Each quarter-quarter section in a well unit will contribute more or less equally to production.
  - (d) There is no faulting or other geologic impediment in the area which will affect the drilling of the subject wells.

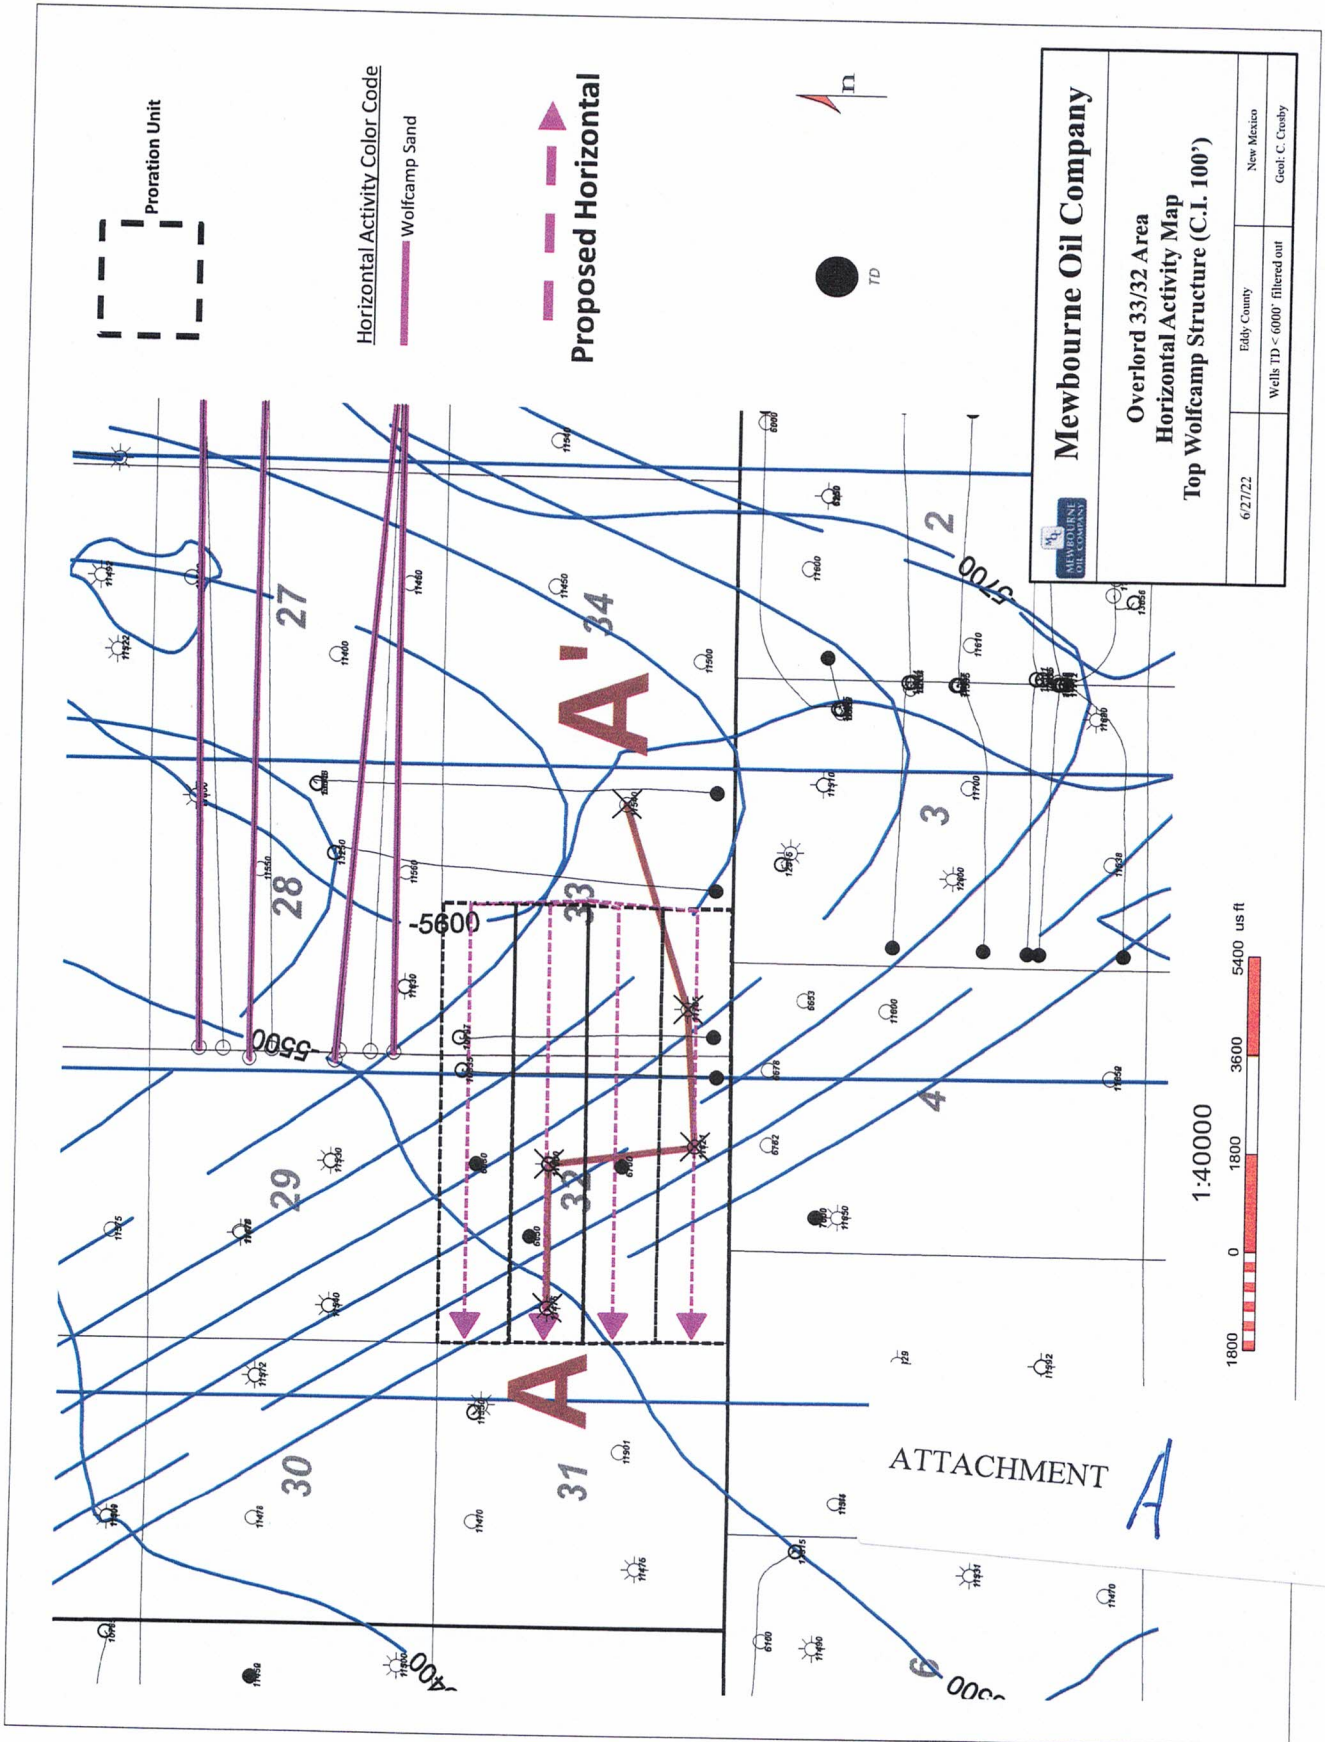

EXHIBIT 3

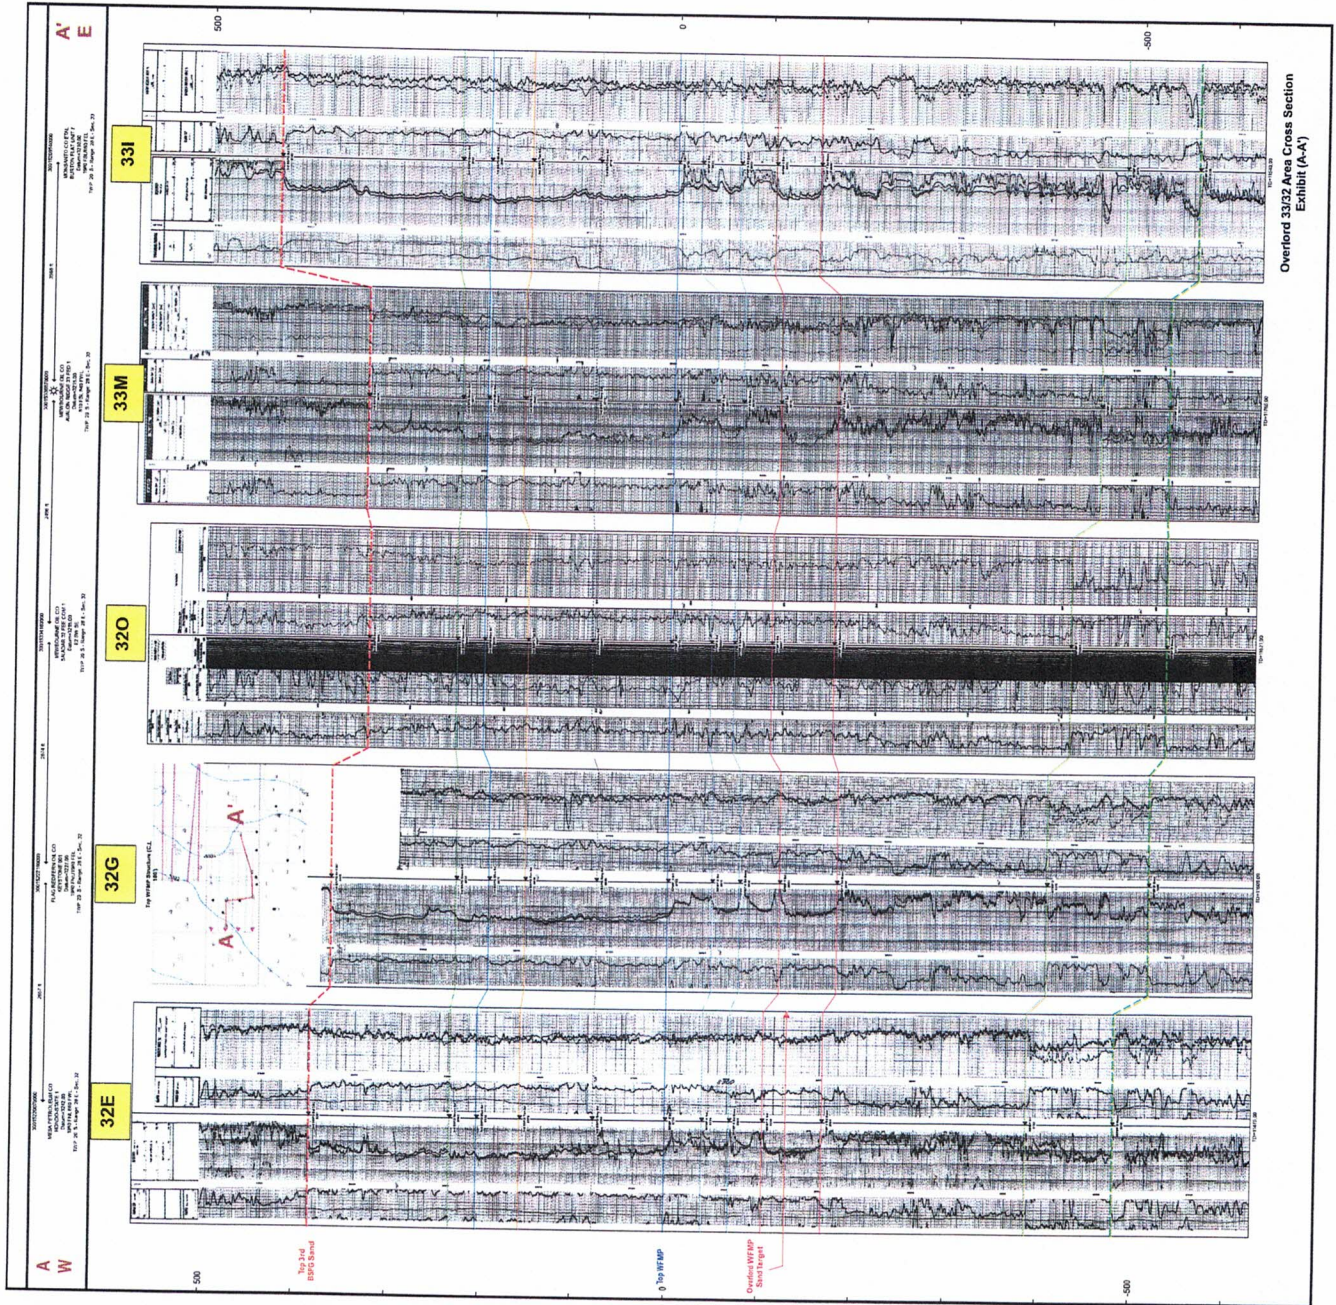

5. Attachment C contains Survey Calculation Reports for the proposed wells. horizontal Drilling plans have not yet been generated on these wells. However, they are based 100% on the Survey Calculation Reports.
6. The producing interval of the wells will be orthodox.

I understand that this Self-Affirmed Statement will be used as written testimony in these cases. I affirm that my testimony in paragraphs 1 through 6 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.
