 - MATADOR Exhibit C-2: Tract Map
 - MATADOR Exhibit C-3: Tract Ownership
 - MATADOR Exhibit C-4: Sample Well Proposal Letter & AFE
 - MATADOR Exhibit C-5: Chronology of Contact
 - MATADOR Exhibit C-6: Overlapping Spacing Unit Notice Letter
- **MATADOR Exhibit D:** Affidavit of Andrew Parker, Vice President of Geology
 - MATADOR Exhibit D-1: Project Location Map
 - MATADOR Exhibit D-2: Subsea Structure Map (Bone Spring)
 - MATADOR Exhibit D-3: Structural Cross-Section (Bone Spring)
 - MATADOR Exhibit D-4: Subsea Structure Map (Wolfcamp)
 - MATADOR Exhibit D-5: Structural Cross-Section (Wolfcamp)
- **MATADOR Exhibit E:** Notice Affidavit
- **MATADOR Exhibit F:** Affidavit of Publication

COMPULSORY POOLING APPLICATION CHECKLIST**ALL INFORMATION IN THE APPLICATION MUST BE SUPPORTED BY SIGNED AFFIDAVITS**

Case: 23063	APPLICANT'S RESPONSE
Date	November 17, 2022
Applicant	Matador Production Company
Designated Operator & OGRID (affiliation if applicable)	228937
Applicant's Counsel:	Holland & Hart LLP
Case Title:	APPLICATION OF MATADOR PRODUCTION COMPANY FOR COMPULSORY POOLING, EDDY COUNTY, NEW MEXICO.
Entries of Appearance/Intervenors:	ConocoPhillips
Well Family	Michael K 2122 Fed Com
Formation/Pool	
Formation Name(s) or Vertical Extent:	Bone Spring
Primary Product (Oil or Gas):	Oil
Pooling this vertical extent:	N/A
Pool Name and Pool Code:	Getty; Bone Spring (Pool Code 27470)
Well Location Setback Rules:	Statewide oil rules
Spacing Unit Size:	280 acres
Spacing Unit	
Type (Horizontal/Vertical)	Horizontal
Size (Acres)	280
Building Blocks:	40 acres
Orientation:	West-East
Description: TRS/County	N2S2 of Section 21 and the N2SW4 and NW4SE4 of Section 22, T20S, R29E, NMPM, Eddy County, New Mexico.
Standard Horizontal Well Spacing Unit (Y/N), If No, describe	Yes
Other Situations	
Depth Severance: Y/N. If yes, description	No
Proximity Tracts: If yes, description	No
Proximity Defining Well: if yes, description	N/A
Applicant's Ownership in Each Tract	See Exhibit C-3
Well(s)	
Name & API (if assigned), surface and bottom hole location, footages, completion target, orientation, completion status (standard or non-standard)

STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION

APPLICATION OF MATADOR PRODUCTION
COMPANY FOR COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.

CASE NO. 23063

APPLICATION

Matador Production Company (“Matador” or “Applicant”) (OGRID No. 228937), through its undersigned attorneys, files this application with the Oil Conservation Division pursuant to the provisions of NMSA 1978, § 70-2-17, for an order pooling all uncommitted interests in the Bone Spring formation underlying a standard 280-acre spacing unit comprised of the N/2S/2 of Section 21 and the N/2SW/4 and NW/4SE/4 of Section 22, Township 20 South, Range 29 East, NMPM, Eddy County, New Mexico. In support of this application, Applicant states:

1. Applicant is a working interest owner in the proposed horizontal spacing unit and has the right to drill thereon.
2. Applicant seeks to initially dedicate the above-referenced horizontal spacing unit to the proposed **Michael K 2122 Fed Com 123H** well to be drilled from a surface hole location in the SE/4SE/4 (Unit P) of Section 20 to a proposed bottom hole location in the NW/4SE/4 (Unit J) of Section 22.
3. Applicant has sought and been unable to obtain voluntary agreement for the development of these lands from all working interest owners in the subject spacing unit.
4. The pooling of interests will avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. B

Submitted by: Matador Production Company
Hearing Date: November 17, 2022
Case Nos. 23063-23066

5. To allow Applicant to obtain a just and fair share of the oil and gas underlying the subject lands, all uncommitted interests in this horizontal spacing unit should be pooled and Applicant should be designated the operator of the proposed horizontal spacing unit.

WHEREFORE, Applicant requests that this matter be set for hearing on October 6, 2022, before an Examiner of the Oil Conservation Division, and, after notice and hearing as required by law, the Division enter an order:

- A. Pooling all uncommitted interests in the proposed horizontal well spacing unit and approving the initial wells thereon;
- B. Designating Applicant as operator of this spacing unit and the horizontal wells to be drilled thereon;
- C. Authorizing Applicant to recover its costs of drilling, equipping, and completing the well;
- D. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- E. Imposing a 200% charge for the risk assumed by Applicant in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well.

Respectfully submitted,

HOLLAND & HART LLP

CASE _____: Application of Matador Production Company for Compulsory Pooling, Eddy County, New Mexico. Applicant in the above-styled cause seeks an order pooling all uncommitted interest owners in the Bone Spring formation underlying a standard 280-acre spacing unit comprised of the N/2S/2 of Section 21 and the N/2SW/4 and NW/4SE/4 of Section 22, Township 20 South, Range 29 East, NMPM, Eddy County, New Mexico. This spacing unit will be initially dedicated to the proposed **Michael K 2122 Fed Com 123H** well to be drilled from a surface hole location in the SE/4SE/4 (Unit P) of Section 20 to a proposed bottom hole location in the NW/4SE/4 (Unit J) of Section 22. Also, to be considered will be the cost of drilling and completing the wells and the allocation of the costs thereof, operating costs and charges for supervision, the designation of applicant as operator, and a 200% charge for risk involved in drilling and completing the wells. Said area is approximately 12 miles northeast of Carlsbad, New Mexico.

CASE _____: Application of Matador Production Company for Compulsory Pooling, Eddy County, New Mexico. Applicant in the above-styled cause seeks an order pooling all uncommitted interest owners in the Wolfcamp formation underlying a standard 280-acre spacing unit comprised of the N/2S/2 of Section 21 and the N/2SW/4 and NW/4SE/4 of Section 22, Township 20 South, Range 29 East, NMPM, Eddy County, New Mexico. This spacing unit will be initially dedicated to the proposed **Michael K 2122 Fed Com 203H** well to be drilled from a surface hole location in the SE/4SE/4 (Unit P) of Section 20 to a proposed bottom hole location in the NW/4SE/4 (Unit J) of Section 22. Also, to be considered will be the cost of drilling and completing the wells and the allocation of the costs thereof, operating costs and charges for supervision, the designation of applicant as operator, and a 200% charge for risk involved in drilling and completing the wells. Said area is approximately 12 miles northeast of Carlsbad, New Mexico.

STATE OF NEW MEXICO

OIL CONSERVATION DIVISION

APPLICATION OF MATADOR PRODUCTION
COMPANY FOR COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.

CASE NO. 23066

APPLICATION

Matador Production Company (“Matador” or “Applicant”) (OGRID No. 228937), through its undersigned attorneys, files this application with the Oil Conservation Division pursuant to the provisions of NMSA 1978, § 70-2-17, for an order pooling all uncommitted interests in the Wolfcamp formation underlying a standard 280-acre spacing unit comprised of the S/2S/2 of Section 21 and the S/2SW/4 and SW/4SE/4 of Section 22, Township 20 South, Range 29 East, NMPM, Eddy County, New Mexico. In support of this application, Applicant states:

1. Applicant is a working interest owner in the proposed horizontal spacing unit and has the right to drill thereon.
2. Applicant seeks to initially dedicate the above-referenced horizontal spacing unit to the proposed **Michael K 2122 Fed Com 204H** well to be drilled from a surface hole location in the SE/4SE/4 (Unit P) of Section 20 to a proposed bottom hole location in the SW/4SE/4 (Unit O) of Section 22.
3. Applicant has sought and been unable to obtain voluntary agreement for the development of these lands from all working interest owners in the subject spacing unit.
4. The pooling of interests will avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.

5. To allow Applicant to obtain a just and fair share of the oil and gas underlying the subject lands, all uncommitted interests in this horizontal spacing unit should be pooled and Applicant should be designated the operator of the proposed horizontal spacing unit.

WHEREFORE, Applicant requests that this matter be set for hearing on October 6, 2022, before an Examiner of the Oil Conservation Division, and, after notice and hearing as required by law, the Division enter an order:

- A. Pooling all uncommitted interests in the proposed horizontal well spacing unit and approving the initial wells thereon;
- B. Designating Applicant as operator of this spacing unit and the horizontal wells to be drilled thereon;
- C. Authorizing Applicant to recover its costs of drilling, equipping, and completing the well;
- D. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- E. Imposing a 200% charge for the risk assumed by Applicant in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well.

Respectfully submitted,

HOLLAND & HART LLP

COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.**

CASE NOS. 23063, 23064, 23065, 23066

AFFIDAVIT OF HAWKS HOLDER

Hawks Holder, of lawful age and being first duly sworn, declares as follows:

1. My name is Hawks Holder. I work for MRC Energy Company; an affiliate of Matador Production Company (“Matador”), as a Landman.

2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum land matters. My credentials as a petroleum landman have been accepted by the Division and made a matter of public record.

3. I am familiar with the applications filed by Matador in these cases, and I am familiar with the status of the lands in the subject area.

4. In these consolidated cases, Matador is seeking orders pooling all uncommitted interests in the following standard horizontal spacing units in the Bone Spring and Wolfcamp formations underlying Sections 21 and 22, Township 20 South, Range 29 East, NMPM, Eddy County, New Mexico:

- a. Under **Case 23063**, Matador seeks to pool a standard 280-acre, more or less, horizontal spacing unit comprised of the N/2 S/2 of Section 21 and the N/2 SW/4, NW/4 SE/4 of Section 22 and initially dedicate this Bone Spring spacing unit to the proposed **Michael K 2122 Fed Com #123H well**, to be drilled from a surface hole location in the NE/4 SE/4 (Unit L) of Section 20

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. C

Submitted by: Matador Production Company
Hearing Date: November 17, 2022
Case Nos. 23063-23066

to a proposed bottom hole location in the NW/4 SE/4 (Unit K) of Section 22.

- b. Under **Case 23064**, Matador seeks to pool a standard 280-acre, more or less, horizontal spacing unit comprised of the S/2 S/2 of Section 21 and the S/2 SW/4, SW/4 SE/4 of Section 22 and initially dedicate this Bone Spring spacing unit to the proposed **Michael K 2122 Fed Com #124H well**, to be drilled from a surface hole location in the NE/4 SE/4 (Unit L) of Section 20 to a proposed bottom hole location in the SW/4 SE/4 (Unit K) of Section 22.
- c. Under **Case 23065**, Matador seeks to pool a standard 280-acre, more or less, horizontal spacing unit comprised of the N/2 S/2 of Section 21 and the N/2 SW/4, NW/4 SE/4 of Section 22 and initially dedicate this Wolfcamp spacing unit to the proposed **Michael K 2122 Fed Com #203H well**, to be drilled from a surface hole location in the NE/4 SE/4 (Unit L) of Section 20 to a proposed bottom hole location in the NW/4 SE/4 (Unit K) of Section 22.
- d. Under **Case 23066**, Matador seeks to pool a standard 280-acre, more or less, horizontal spacing unit comprised of the S/2 S/2 of Section 21 and the S/2 SW/4, SW/4 SE/4 of Section 22 and initially dedicate this Wolfcamp spacing unit to the proposed **Michael K 2122 Fed Com #204H well**, to be drilled from a surface hole location in the NE/4 SE/4 (Unit L) of Section 20 to a proposed bottom hole location in the SW/4 SE/4 (Unit K) of Section 22.

5. **Matador Exhibit C-1** contains the Form C-102 for each of the proposed wells. Matador understands that the Bone Spring wells will be assigned to the Getty; Bone Spring pool (Pool Code 27470). Matador understands that the Wolfcamp wells will be assigned to the Burton Flat; Upper Wolfcamp, East (Oil) pool (Pool Code 98315).

6. The completed intervals for the proposed wells will remain within the standard offset required by the statewide rules set forth in 19.15.16.15 NMAC.

7. **Matador Exhibit C-2** identifies the tracts of land comprising the proposed horizontal spacing units. The land in the proposed spacing unit is comprised of federal lands.

8. As indicated in Matador's applications, Matador's applications do not include the E/2 SE/4 of Section 22. By voluntary agreement to resolve competing development plans, Matador understands that Devon will be including the E/2 SE/4 of Section 22 in its development of that acreage along with the S/2 of Sections 23 and 24.

9. **Matador Exhibit C-3** identifies for each well the working interest owners that Matador is seeking to pool along with their respective ownership interest in each of the proposed horizontal spacing units. **Matador Exhibit C-3** also identifies the overriding royalty interest owners that Matador seeks to pool in respective case.

10. There are no depth severances within the Bone Spring formation for this acreage.

11. There are no depth severances within the Wolfcamp formation for this acreage.

12. While Matador was working to put these units together, Matador proposed each of the above wells to each of the parties it seeks to pool. **Matador Exhibit C-4** contains sample well proposal letters for each set of proposals that went out to those various parties at various times, along with the AFE sent to working interest owners for each well. The costs reflected in the AFE are consistent with what other operators have incurred for drilling similar horizontal wells in the

area. Matador also sent a supplement notice containing additional well location information for the wells that had been proposed, a copy of which is also contained in **Matador Exhibit C-4**.

13. In addition to sending well proposal letters and AFEs, I have called or emailed each of the working interest owners Matador seeks to pool for whom we were able to find contact information in an attempt to reach an agreement with them. As indicated in **Matador Exhibit C-5**, there are only two of the working interest owners that Matador seeks to pool that may be unlocatable and for each such owner we have attempted to contact them by mailing proposals to multiple addresses.

14. **Matador Exhibit C-5** contains a summary chronology of Matador's contacts and attempted contacts with the uncommitted working interest owners. In my opinion, Matador has undertaken good faith efforts to reach an agreement with the uncommitted mineral owners that Matador seeks to pool in these cases.

15. With respect to Case Nos. 23063 and 23064 for Matador's proposed Bone Spring wells, Matador's proposed laydown spacing units overlap with an existing stand-up Bone Spring unit; specifically, Marathon Oil Company's Bootlegger 21 Federal Com #001H (API No. 30-015-43970), which is a stand-up horizontal well in the E/2 E/2 of Section 21, Township 20 South, Range 29 East, NMPM, Eddy County, New Mexico. With respect to these overlapping units, Matador send the notice attached as **Matador Exhibit C-6** to each working interest owners in Matador's proposed **Michael K 2122 Fed Com #123H and #124**, along with the known working interest owners in Marathon Oil Company's Bootlegger 21 Federal Com #001H. Matador has not received any objections to the proposed overlapping spacing units.

16. Matador has made an estimate of overhead and administrative costs for drilling and producing the proposed wells. It is \$8,000/month while drilling, and \$800/month while producing. These costs are consistent with what other operators are charging in this area for these types of wells. Matador respectfully requests that these administrative and overhead costs be incorporated into any orders entered by the Division in these consolidated cases.

17. I provided Matador's outside counsel, Holland & Hart, a list of names and addresses for the parties that Matador is seeking to pool. In compiling these notice lists, Matador conducted a diligent search of all public records in the county where the proposed wells are located and of phone directories, including computer searches.

18. **Matador Exhibits C-1 through C-6** were either prepared by me or compiled under my direction and supervision.

FURTHER AFFIANT SAYETH NOT.

Re: Michael K 2122 Fed Com #123H, 124H, #203H, & #204H (the "Wells")
Participation Proposal
All of Section 21 and the N/2, SW/4, W/2SE/4 of Section 22, Township 20 South, Range 29 East
Eddy County, New Mexico

Dear Sir/Madam:

MRC Permian Company ("MRC") proposes the drilling of Matador Production Company's Michael K 2122 Fed Com #123H, Michael K 2122 Fed Com #124H, Michael K 2122 Fed Com #203H and Michael K 2122 Fed Com #204H wells, located in Section 21 and the SW/4, W/2SE/4 of Section 22, Township 20 South, Range 29 East, Eddy County, New Mexico.

In connection with the above, please note the following:

The estimated cost of drilling, testing, completing, and equipping of each Well is itemized on the four (4) enclosed Authority for Expenditures ("AFE") dated August 1, 2022.

- **Michael K 2122 Fed Com #123H:** to be drilled from a legal location with a proposed surface hole location in the SE/4SE/4 of Section 20-20S-29E and a proposed bottom hole location in the NW/4SE/4 of Section 22-20S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~8,044' TVD) to a Measured Depth of approximately 16,988'.
- **Michael K 2122 Fed Com #124H:** to be drilled from a legal location with a proposed surface hole location in the SE/4SE/4 of Section 20-20S-29E and a proposed bottom hole location in the SW/4SE/4 of Section 22-20S-29E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~8,044' TVD) to a Measured Depth of approximately 16,988'.
- **Michael K 2122 Fed Com #203H:** to be drilled from a legal location with a proposed surface hole location in the SE/4SE/4 of Section 20-20S-29E and a proposed bottom hole location in the NW/4SE/4 of Section 22-20S-29E. The Well will have a targeted interval within the Wolfcamp formation and will be drilled horizontally in the Wolfcamp (~9,375' TVD) to a Measured Depth of approximately 18,319'.

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. C4

Submitted by: Matador Production Company
Hearing Date: November 17, 2022
Case Nos. 23063-23066

- **Michael K 2122 Fed Com #204H:** to be drilled from a legal location with a proposed surface hole location in the SE/4SE/4 of Section 20-20S-29E and a proposed bottom hole location in the SW/4SE/4 of Section 22-20S-29E. The Well will have a targeted interval within the Wolfcamp formation and will be drilled horizontally in the Wolfcamp (~9,375' TVD) to a Measured Depth of approximately 18,319'.

MRC reserves the right to modify the locations and drilling plans described above in order to address topography, cultural or environmental concerns, among other reasons. MRC will advise you of any such modifications.

MRC requests that you indicate your election to participate in the drilling and completion of the Wells in the space provided below, sign and return one (1) copy of this letter to the undersigned.

MRC is proposing to drill the Wells under the terms of the modified 1989 AAPL form of Operating Agreement, which is enclosed for your review. The proposed Operating Agreement dated August 16, 2019, by and between Matador Production Company, as Operator and MRC Permian Company et al as Non-Operators, covering All of Section 21 and the N/2, SW/4, and W/2SE/4 of Section 22, Township 20 South, Range 29 East, Eddy County, New Mexico, and has the following general provisions:

- 100/300/300 Non-consenting penalty
- \$8,000/\$800 Drilling and Producing rate
- Matador Production Company named as Operator

If your election is to participate in the drilling and completion of the Wells, please sign and return a copy of the enclosed AFEs within thirty (30) days of receipt of this notice. Please be aware that the enclosed AFEs are only an estimate of costs to be incurred and by electing to participate in the Wells, each working interest owner shall be responsible for its proportionate share of all costs incurred.

Thank you for your consideration of this proposal. Please contact me if you have any questions.

Sincerely,

MRC PERMIAN COMPANY

Hawks Holder

Lida Rose, LLC hereby elects to:

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Michael K 2122 Fed Com #123H** well.
_____ Not to participate in the **Michael K 2122 Fed Com #123H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Michael K 2122 Fed Com #124H** well.
_____ Not to participate in the **Michael K 2122 Fed Com #124H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Michael K 2122 Fed Com #203H** well.
_____ Not to participate in the **Michael K 2122 Fed Com #203H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Michael K 2122 Fed Com #204H** well.
_____ Not to participate in the **Michael K 2122 Fed Com #204H**

Re: *Matador's Michael K 2122 Fed Com #123H, #124H, #203H, and #204H*

To whom it may concern,

Reference is made to MRC Permian Company's previous well proposals for the above-referenced wells, dated August 17, 2022. I am writing to provide supplemental information about the surface hole locations and bottom hole locations of these wells. All other information included in the previous well proposals, including the AFE estimate for each well, remains the same.

Supplemental well information:

- **Michael K 2122 Fed Com #123H:**
 - SHL: SE/4SE/4 of Section 20, T20S-R29E
 - BHL: 1980' FSL & 1380' FEL of Section 22, T20S-R29E
- **Michael K 2122 Fed Com #124H:**
 - SHL: SE/4SE/4 of Section 20, T20S-R29E
 - BHL: 660' FSL & 1380' FEL of Section 22, T20S-R29E
- **Michael K 2122 Fed Com #203H:**
 - SHL: SE/4SE/4 of Section 20, T20S-R29E
 - BHL: 1980' FSL & 1380' FEL of Section 22, T20S-R29E
- **Michael K 2122 Fed Com #204H:**
 - SHL: SE/4SE/4 of Section 20, T20S-R29E
 - BHL: 660' FSL & 1380' FEL of Section 22, T20S-R29E

Please reach out with any questions you may have to Hawks Holder at (972)619-4336.

Very truly yours,

Matador Production Company

Summary of Communications

EOG Resources, Inc. (Working Interest)

- 8/17/2022: Proposals and Operating Agreement mailed via certified mail.
- 8/23/2022: Proposals delivered. (Received signed return receipt)
- 9/13/2022 – 11/7/2022: Discussed EOG's Participation in the wells.

Oxy Y-1 Company (Working Interest)

- 8/17/2022: Proposals and Operating Agreement mailed via certified mail.
- 8/22/2022: Proposals delivered. (Received signed return receipt)
- 8/31/2022 – 11/7/2022: Discussed Oxy participating in the wells.

Pamela J. Burke, trustee of the Claire Ann Iverson Revocable Living Trust (Working Interest)

- 8/17/2022: Proposals and Operating Agreement mailed via certified mail.
- 10/18/2022: Proposals delivered. (Received signed return receipt)
- 10/18-11/7/2022: Discussed participation under the JOA.

Pamela J. Burke, trustee of the KIP Revocable Living Trust (Working Interest)

- 8/17/2022: Proposals and Operating Agreement mailed via certified mail.
- 10/18/2022: Proposals delivered. (Received signed return receipt)
- 10/18-11/7/2022: Discussed participation under the JOA.

Pamela J. Burke, trustee of the EGP Revocable Living Trust (Working Interest)

- 8/17/2022: Proposals and Operating Agreement mailed via certified mail.
- 10/18/2022: Proposals delivered. (Received signed return receipt)
- 10/18-11/7/2022: Discussed participation under the JOA.

Pamela J. Burke, trustee of the Siegfried James Iverson III Revocable Living Trust (Working Interest)

- 8/17/2022: Proposals and Operating Agreement mailed via certified mail.
- 10/18/2022: Proposals delivered. (Received signed return receipt)
- 10/18-11/7/2022: Discussed participation under the JOA.

Locke Funds II, LP (Working Interest)

- 8/17/2022: Proposals and Operating Agreement mailed via certified mail.
- 8/22/2022: Proposals delivered. (Received signed return receipt)
- 8/24-11/7/2022: Discussed LOCKE Funds participation in the wells.

Becky Welch Kitto Cooper (Working Interest)

- 8/17/2022: Proposals and Operating Agreement mailed via certified mail.
- 8/26/2022: Proposals delivered. (Received signed return receipt)
- 8/27/2022: Elected to not participate via email.

VIA CERTIFIED MAIL/RRR

TO AFFECTED PARTY

Re: Matador's Michael K 2122 Fed Com#123H

To Whom It May Concern,

We are writing to advise you of Matador's intent to drill our Michael K 2122 Fed Com#123H, which is a one and three-quarter-mile-mile laydown lateral in the N/2 S/2 of Section 21 and the N/2 SW/4, NW/4 SE/4 of Section 22, Township 20 South, Range 29 East, NMPM, Eddy County, New Mexico. The Michael K 2122 Fed Com #123H will be completed in the Second Bone Spring formation at an approximate TVD depth of 8,236 feet.

Marathon Oil Company currently operates the Bootlegger 21 Federal Com #001H (API No. 30-015-43970), which is a stand-up horizontal well in the E/2 E/2 of Section 21, Township 20 South, Range 29 East, NMPM, Eddy County, New Mexico. The Bootlegger 21 Federal Com #001H is currently producing from the First Bone Spring formation at an approximate TVD depth of 7,972 feet. Accordingly, these wells are in separate, non-competing reservoirs with around 300 feet between their TVDs.

I have enclosed the Form C102 showing the location of the above-referenced well.

Matador provides this notice pursuant to NMAC 19.15.14.9, 19.15.15.12 and 19.15.16.15(B)(9). Although we do not anticipate any objections to our proposal, we are required to advise you under the rules that to the extent you have any objection to Matador's anticipated drilling of the Michael K 2122 Fed Com#123H, you must deliver a written statement of such objection to Matador within twenty days of the date of this letter.

Please do not hesitate to contact me should you have any questions.

Respectfully,

Hawks Holder

AFFIDAVIT OF ANDREW PARKER

Andrew Parker, of lawful age and being first duly sworn, declares as follows:

1. My name is Andrew Parker. I work for MRC Energy Company, an affiliate of Matador Production Company ("Matador"), as a Vice President of Geology.
2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum geology. My credentials as a petroleum geologist have been accepted by the Division and made a matter of record.
3. I am familiar with the applications filed by Matador in these cases, and I have conducted a geologic study of the lands in the subject area.
4. **Matador Exhibit D-1** is a locator map outlining the horizontal spacing units with a black box shaded in yellow, with the larger area identified in a red box.

Case Nos. 23063 and 23064

5. In **Case Nos. 23063 and 23064**, Matador intends to develop the Second Bone Spring Sand of the Bone Spring formation.
6. **Matador Exhibit D-2** is a subsea structure map prepared off the top of the Bone Spring formation. The contour interval is 50 feet. The structure map shows the Bone Spring formation gently dipping to the southeast. The structure appears consistent across the proposed

Hearing Date: November 17, 2022
Case Nos. 23063-23066**

wellbore paths. I do not observe any faulting, pinchouts, or other geologic impediments to horizontal drilling.

7. Also included on Matador Exhibit D-2 is a line of cross section from A to A'.

8. **Matador Exhibit D-3** is a structural cross-section prepared displaying open-hole logs run over the Bone Spring formation from the five representative wells denoted from A to A'. For each well in the cross-section, the following logs are included: gamma ray, caliper, resistivity, and porosity, where available. The proposed target intervals each of the respective proposed wells is labeled and marked with a yellow shaded area. The logs in the cross-section demonstrate that the targeted interval, within the Bone Spring formation, is consistent in thickness, across the entirety of the proposed spacing unit.

9. In my opinion, the laydown orientation is the preferred orientation for development in this area for Bone Spring wells because it is perpendicular to the maximum horizontal stress which is north-south in this area.

10. Based on my geologic study of the area, I have not identified any geologic impediments to drilling horizontal wells within the Bone Spring formation in the area of the spacing units proposed in these cases.

11. In my opinion, each quarter-quarter section will be productive and contribute more-or-less equally to production from each respective horizontal spacing unit.

12. In my opinion, horizontal drilling will be the most efficient method to develop this acreage, to prevent the drilling of unnecessary wells, and to result in the greatest ultimate recovery.

13. Approving Matador's applications will be in the best interest of conservation, the prevention of waste, and protection of correlative rights.

Case Nos. 23065 and 23066

14. In **Case Nos. Nos. 23065 and 23066**, Matador intends to develop the Wolfcamp formation.

15. **Matador Exhibit D-4** is a subsea structure map prepared off the top of the Wolfcamp formation. The contour interval is 50 feet. The structure map shows the Wolfcamp formation gently dipping to the southeast. The structure appears consistent across the proposed wellbore paths. I do not observe any faulting, pinchouts, or other geologic impediments to horizontal drilling.

16. Also included on Matador Exhibit D-4 is a line of cross section from A to A'.

17. **Matador Exhibit D-5** is a structural cross-section prepared displaying open-hole logs run over the Wolfcamp formation from the five representative wells denoted from A to A'. For each well in the cross-section, the following logs are included: gamma ray, caliper, resistivity, and porosity, where available. The proposed target intervals each of the respective proposed wells is labeled and marked with a yellow shaded area. The logs in the cross-section demonstrate that the targeted interval, within the Wolfcamp formation, is consistent in thickness, across the entirety of the proposed spacing unit.

18. In my opinion, the laydown orientation is the preferred orientation for development in this area for Wolfcamp wells because it is perpendicular to the maximum horizontal stress which is north-south in this area.

19. Based on my geologic study of the area, I have not identified any geologic impediments to drilling horizontal wells within the Wolfcamp formation in the area of the spacing units proposed in these cases.

20. In my opinion, each quarter-quarter section will be productive and contribute more-or-less equally to production from each respective horizontal spacing unit.

21. In my opinion, horizontal drilling will be the most efficient method to develop this acreage, to prevent the drilling of unnecessary wells, and to result in the greatest ultimate recovery.

22. Approving Matador's application will be in the best interest of conservation, the prevention of waste, and protection of correlative rights.

23. **Matador Exhibits D-1 through D-5** were either prepared by me or compiled under my direction and supervision.

FURTHER AFFIANT SAYETH NOT.

Re: Application of Matador Production Company for compulsory pooling, Eddy County, New Mexico: Michael K 2122 Fed Com 123H

Ladies & Gentlemen:

This letter is to advise you that Matador Production Company has filed the enclosed application with the New Mexico Oil Conservation Division. A hearing has been requested before a Division Examiner on October 6, 2022, and the status of the hearing can be monitored through the Division's website at <http://www.emnrd.state.nm.us/ocd/>.

Due to the remodeling of the state building where the New Mexico Oil Conservation Division is located, hearings will be conducted remotely beginning at 8:15 a.m. To participate in the electronic hearing, see the instructions posted on the OCD Hearings website: <https://www.emnrd.nm.gov/ocd/hearing-info/>.

You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date. Parties appearing in cases are required to file a Pre-hearing Statement four business days in advance of a scheduled hearing that complies with the provisions of NMAC 19.15.4.13.B.

If you have any questions about this matter, please contact Hawks Holder at (972) 619-4336 or at hawks.holder@matadorresource.com.

Sincerely,

Michael H. Feldewert

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. F
Submitted by: Matador Production Company
Hearing Date: November 17, 2022
Case Nos. 23063-23066

**STATE OF NEW MEXICO
ENERGY, MINERALS AND
NATURAL RESOURCES
DEPARTMENT
OIL CONSERVATION
DIVISION
SANTA FE, NEW MEXICO**

The State of New Mexico, Energy Minerals and Natural Resources Department, Oil Conservation Division ("Division") hereby gives notice that the Division will hold public hearings before a hearing examiner on the following case. During the COVID-19 Public Health Emergency, state buildings are closed to the public and Division hearings will be conducted remotely. The public hearing for the following case will be electronic and conducted remotely. The hearing will be conducted on **Thursday, October 6, 2022, beginning at 8:15 a.m.** To participate in the electronic hearing, see the instructions posted below. The docket may be viewed at <https://www.emnrd.nm.gov/ocd/hearing-info/> or obtained from Marlene Salvidrez, at Marlene.Salvidrez@state.nm.us. Documents filed in the case may be viewed at <https://ocdimage.emnrd.nm.gov/imaging/Default.aspx>. If you are an individual with a disability who needs a reader, amplifier, qualified sign language interpreter, or other form of auxiliary aid or service to attend or participate in a hearing, contact Marlene Salvidrez at Marlene.Salvidrez@state.nm.us, or the New Mexico Relay Network at 1-800-659-1779, no later than **September 26, 2022**.

Persons may view and participate in the hearings through the following link:

Case No. 23063: Application of Matador Production Company for Compulsory

Pooling, Eddy County, New Mexico. Applicant in the above-styled cause seeks an order pooling all uncommitted interest owners in the Bone Spring formation underlying a standard 280-acre spacing unit comprised of the N/2S/2 of Section 21 and the N/2SW/4 and NW/4SE/4 of Section 22, Township 20 South, Range 29 East, NMPM, Eddy County, New Mexico. This spacing unit will be initially dedicated to the proposed **Michael K 2122 Fed Com 123H** well to be drilled from a surface hole location in the SE/4SE/4 (Unit P) of Section 20 to a proposed bottom hole location in the NW/4SE/4 (Unit J) of Section 22. Also, to be considered will be the cost of drilling and completing the wells and the allocation of the costs thereof, operating costs and charges for supervision, the designation of applicant as operator, and a 200% charge for risk involved in drilling and completing the wells. Said area is approximately 12 miles northeast of Carlsbad, New Mexico.

Case No. 23065: Application of Matador Production Company for Compulsory

Pooling, Eddy County, New Mexico. Applicant in the above-styled cause seeks an order pooling all uncommitted interest owners in the Wolfcamp formation underlying a standard 280-acre spacing unit comprised of the N/2S/2 of Section 21 and the N/2SW/4 and NW/4SE/4 of Section 22, Township 20 South, Range 29 East, NMPM, Eddy County, New Mexico. This spacing unit will be initially dedicated to the proposed Michael K 2122 Fed Com 203H well to be drilled from a surface hole location in the SE/4SE/4 (Unit P) of Section 20 to a proposed bottom hole location in the NW/4SE/4 (Unit J) of Section 22. Also, to be considered will be the cost of drilling and completing the wells and the allocation of the costs thereof, operating costs and charges for supervision, the designation of applicant as operator, and a 200% charge for risk involved in drilling and completing the wells. Said area is approximately 12 miles northeast of Carlsbad, New Mexico.

**STATE OF NEW MEXICO
ENERGY, MINERALS AND
NATURAL RESOURCES
DEPARTMENT
OIL CONSERVATION
DIVISION
SANTA FE, NEW MEXICO**

The State of New Mexico, Energy Minerals and Natural Resources Department, Oil Conservation Division ("Division") hereby gives notice that the Division will hold public hearings before a hearing examiner on the following case. During the COVID-19 Public Health Emergency, state buildings are closed to the public and Division hearings will be conducted remotely. The public hearing for the following case will be electronic and conducted remotely. The hearing will be conducted on **Thursday, October 6, 2022, beginning at 8:15 a.m.** To participate in the electronic hearing, see the instructions posted below. The docket may be viewed at <https://www.emnrd.nm.gov/ocd/hearing-info/> or obtained from Marlene Salvidrez, at Marlene.Salvidrez@state.nm.us. Documents filed in the case may be viewed at <https://ocdimage.emnrd.nm.gov/Imaging/Default.aspx>. If you are an individual with a disability who needs a reader, amplifier, qualified sign language interpreter, or other form of auxiliary aid or service to attend or participate in a hearing, contact Marlene Salvidrez at Marlene.Salvidrez@state.nm.us, or the New Mexico Relay Network at 1-800-659-1779, no later than **September 26, 2022**.

Persons may view and participate in the hearings through the following link:
