**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**APPLICATION OF MATADOR PRODUCTION
COMPANY FOR COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.**

CASE NO. 23251

APPLICATION

Matador Production Company (“Matador” or “Applicant”), through its undersigned attorneys, hereby files this application with the Oil Conservation Division pursuant to the provisions of NMSA 1978, § 70-2-17, for an order pooling all uncommitted interests in the Bone Spring formation underlying a standard 320-acre, more or less, horizontal well spacing unit comprised of the N/2 S/2 of Sections 27 and 28, Township 22 South, Range 28 East, NMPM, Eddy County, New Mexico. In support of its application, Matador states:

1. An affiliate entity of Matador (OGRID No. 228937) is a working interest owner in the proposed horizontal spacing unit and has the right to drill thereon.
2. Applicant seeks to initially dedicate the above-referenced horizontal spacing unit to the proposed **Warrior 2827 Fed Com #123H** well, to be horizontally drilled from a surface location in the SE/4 of Section 29 to a bottom hole location in the NE/4 SE/4 (Unit I) of Section 27.
3. Applicant has sought and been unable to obtain voluntary agreement for the development of these lands from all interest owners in the subject spacing unit.
4. The pooling of interests will allow Applicant to obtain a just and fair share of the oil and gas underlying the subject lands, avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.

**BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. B
Submitted by: Matador Production
Company Hearing Date: February 16, 2023
Case Nos. 23251, 23252, & 23253**

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on January 5, 2023, and, after notice and hearing as required by law, the Division enter an order:

- A. Pooling all uncommitted interests in the horizontal spacing unit;
- B. Designating Applicant operator of this spacing unit and the horizontal well to be drilled thereon;
- C. Authorizing Applicant to recover its costs of drilling, completing, and equipping the well;
- D. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- E. Imposing a 200% penalty for the risk assumed by Applicant in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well.

Respectfully submitted,

CASE NOS. 23251, 23252, 23253

AFFIDAVIT OF HANNA BOLLENBACH

Hanna Bollenbach, of lawful age and being first duly sworn, states the following:

1. My name is Hanna Bollenbach and I am employed by MRC Energy Company, an affiliate of Matador Production Company (“Matador”), as a Landman.
2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum land matters. My credentials as a petroleum landman have been accepted by the Division and made a matter of public record.
3. I am familiar with the applications filed by Matador in these consolidated cases and the status of the lands in the subject area.
4. In these consolidated cases, Matador seeks orders pooling the uncommitted interests in the Bone Spring formation and Wolfcamp formation in the following standard horizontal spacing units, each in Sections 27 and 28, Township 22 South, Range 28 East, NMPM, Eddy County, New Mexico:
 - a. Under **Case No. 23251**, Matador seeks to pool a standard 320-acre, more or less, horizontal well spacing unit comprised of the N/2 S/2 of Sections 27 and 28 and initially dedicate this Bone Spring spacing unit to the proposed **Warrior 2827 Fed Com #123H** well, to be horizontally drilled from a

surface location in the SE/4 of Section 29 to a bottom hole location in the NE/4 SE/4 (Unit I) of Section 27.

- b. Under **Case No. 23252**, Matador seeks to pool a standard 320-acre, more or less, horizontal well spacing unit comprised of the S/2 S/2 of Sections 27 and 28 and initially dedicate this Bone Spring spacing unit to the proposed **Warrior 2827 Fed Com #124H** well, to be horizontally drilled from a surface location in the SE/4 of Section 29 to a bottom hole location in the SE/4 SE/4 (Unit P) of Section 27.
- c. Under **Case No. 23253**, Matador seeks to pool a standard 640-acre, more or less, horizontal well spacing unit comprised of the S/2 of Sections 27 and 28 and initially dedicate this Wolfcamp spacing unit to the proposed (i) **Warrior 2827 Fed Com #203H** well, to be horizontally drilled from a surface location in the SE/4 of Section 29 to a bottom hole location in the NE/4 SE/4 (Unit I) of Section 27; and (ii) **Warrior 2827 Fed Com #204H** well, to be horizontally drilled from a surface location in the SE/4 of Section 29 to a bottom hole location in the SE/4 SE/4 (Unit P) of Section 27.

5. **Matador Exhibit C-1** contains draft Form C-102's for the proposed initial wells in each of the standard horizontal spacing units. These forms demonstrate that the completed interval for each well will meet the standard setback requirements for horizontal oil wells.

6. Matador understands that these Bone Spring wells will be placed in the Culebra Bluff; Bone Spring, South (15011) pool. Matador understands that these Wolfcamp wells will be placed in the Purple Sage; Wolfcamp (Gas) (98220) pool.

7. **Matador Exhibit C-2** identifies the tracts of land comprising each of the proposed horizontal spacing units. The subject acreage is comprised of federal and fee acreage.

8. There are no depth severances within the Bone Spring formation underlying this acreage.

9. There are no depth severances within the Wolfcamp formation underlying this acreage.

10. **Matador Exhibit C-3** identifies the working interest owner that Matador is seeking to pool in each of the proposed horizontal spacing units. As indicated in **Exhibit C-6**, there is only one owner to whom our well proposals have not yet been confirmed as delivered, which is Iramco Resources, LLC. We have tried mailing proposals to three different address for Iramco Resources, LLC. We have also tried contacting Iramco Resources, LLC using the potential phone number we were able to locate, but have not been able to reach them.

11. **Matador Exhibit C-4** identifies the overriding royalty interests that Matador is seeking to pool in each of the proposed horizontal spacing units.

12. **Matador Exhibit C-5** contains a sample of the well proposal letters and AFEs sent to the working interest owners Matador is seeking to pool. The costs reflected in these AFEs are consistent with what other operators have incurred for drilling similar horizontal wells in the area in these formations.

13. **Matador Exhibit C-6** contains a general summary of the contacts with the uncommitted working interest owners that Matador seeks to pool. In searching for contact information for these owners, Matador reviewed public land records and conducted online search in an effort to find the most recent contact information. In my opinion, Matador has undertaken good faith efforts to reach an agreement with the uncommitted mineral owners.

14. Matador requests that the overhead and administrative costs for drilling and producing the proposed wells be set at \$8,000 per month while drilling and \$800 per month while producing. These costs are consistent with what other operators are charging in this area for similar wells.

15. Matador has provided the law firm of Holland & Hart LLP with the names and addresses (where available) of the parties that Matador seeks to pool and instructed that they be notified of this hearing.

16. **Matador Exhibits C-1 through C-6** were either prepared by me or compiled under my direction and supervision.

FURTHER AFFIANT SAYETH NAUGHT.

Re: Charlie K.S. 2827 Fed Com #121H, Charlie K.S. 2827 Fed Com #122H, Charlie K.S. 2827 Fed Com #201H, Charlie K.S. 2827 Fed Com #202H, Warrior 2827 Fed Com #203H, Warrior 2827 Fed Com #204H, Warrior 2827 Fed Com #123H and Warrior 2827 Fed Com #124H (the "Wells")
Participation Proposal
Sections 27 & 28, Township 22 South, Range 28 East
Eddy County, New Mexico

Dear Sir/Madam:

MRC Permian Company ("MRC") proposes the drilling of Matador Production Company's Charlie K.S. 2827 Fed Com #121H, Charlie K.S. 2827 Fed Com #122H, Charlie K.S. 2827 Fed Com #201H, Charlie K.S. 2827 Fed Com #202H, Warrior 2827 Fed Com #203H, Warrior 2827 Fed Com #204H, Warrior 2827 Fed Com #123H and Warrior 2827 Fed Com #124H wells, located in Sections 27 & 28, Township 22 South, Range 28 East, Eddy County, New Mexico, to the Bone Spring and Wolfcamp formations.

In connection with the above, please note the following:

- The estimated cost of drilling, testing, completing, and equipping of each Well is itemized on the eight (8) enclosed Authority for Expenditures ("AFE") all dated October 20, 2022.
- **Charlie K.S. 2827 Fed Com #121H:** to be drilled from a legal location with a proposed surface hole location in the NE/4 of Section 29-22S-28E and a proposed bottom hole location in the NE/4NE/4 of Section 28-22S-28E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~8,050' TVD) to a Measured Depth of approximately 18,417'.
- **Charlie K.S. 2827 Fed Com #122H:** to be drilled from a legal location with a proposed surface hole location in the NE/4 of Section 29-22S-28E and a proposed bottom hole location in the SE/4NE/4 of Section 27-22S-28E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~8,050' TVD) to a Measured Depth of approximately 18,417'.
- **Charlie K.S. 2827 Fed Com #201H:** to be drilled from a legal location with a proposed surface hole location in the NE/4 of Section 29-22S-28E and a proposed bottom hole location in the NE/4NE/4 of Section 27-22S-28E. The Well will have a targeted interval within the Wolfcamp formation and will be drilled horizontally in the Wolfcamp (~9,470' TVD) to a Measured Depth of approximately 19,837'.

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. C-5

Submitted by: Matador Production Company
Hearing Date: February 16, 2023
Case Nos. 23251, 23252, & 23253

- **Charlie K.S. 2827 Fed Com #202H:** to be drilled from a legal location with a proposed surface hole location in the NE/4 of Section 29-22S-28E and a proposed bottom hole location in the SE/4NE/4 of Section 27-22S-28E. The Well will have a targeted interval within the Wolfcamp formation and will be drilled horizontally in the Wolfcamp (~9,470' TVD) to a Measured Depth of approximately 19,837'.
- **Warrior 2827 Fed Com #203H:** to be drilled from a legal location with a proposed surface hole location in the SE/4 of Section 29-22S-28E and a proposed bottom hole location in the NE/4SE/4 of Section 27-22S-28E. The Well will have a targeted interval within the Wolfcamp formation and will be drilled horizontally in the Wolfcamp (~9,480' TVD) to a Measured Depth of approximately 19,847'.
- **Warrior 2827 Fed Com #204H:** to be drilled from a legal location with a proposed surface hole location in the SE/4 of Section 29-22S-28E and a proposed bottom hole location in the SE/4SE/4 of Section 27-22S-28E. The Well will have a targeted interval within the Wolfcamp formation and will be drilled horizontally in the Wolfcamp (~9,480' TVD) to a Measured Depth of approximately 19,847'.
- **Warrior 2827 Fed Com #123H:** to be drilled from a legal location with a proposed surface hole location in the SE/4 of Section 29-22S-28E and a proposed bottom hole location in the NE/4SE/4 of Section 27-22S-28E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~8,060' TVD) to a Measured Depth of approximately 18,427'.
- **Warrior 2827 Fed Com #124H:** to be drilled from a legal location with a proposed surface hole location in the SE/4 of Section 29-22S-28E and a proposed bottom hole location in the SE/4SE/4 of Section 27-22S-28E. The Well will have a targeted interval within the Bone Spring formation and will be drilled horizontally in the Bone Spring (~8,060' TVD) to a Measured Depth of approximately 18,427'.

MRC reserves the right to modify the locations and drilling plans described above in order to address topography, cultural or environmental concerns, among other reasons. MRC will advise you of any such modifications.

Hope Royalties, LLC will own an approximate 0.013553645 working interest in each Well, subject to title verification.

MRC requests that you indicate your election to participate in the drilling and completion of the Wells in the space provided below, sign and return one (1) copy of this letter to the undersigned within thirty (30) days of receipt of this notice.

MRC is proposing to drill the Wells under the terms of the modified 1989 AAPL form of Operating Agreement dated October 1, 2022, by and between Matador Production Company, as Operator and MRC Permian Company et al as Non-Operators covering all of Sections 27 & 28, Township 22 South, Range 28 East, Eddy County, New Mexico, and has the following general provisions:

- 100/300/300 Non-consenting penalty
- \$8,000/\$800 Drilling and Producing rate
- Matador Production Company named as Operator

Thank you for your consideration of this proposal. Please contact me if you have any questions.

Sincerely,

MRC PERMIAN COMPANY

Hanna Bollenbach

Hope Royalties, LLC hereby elects to:

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Charlie K.S. 2827 Fed Com #121H** well.
_____ Not to participate in the **Charlie K.S. 2827 Fed Com #121H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Charlie K.S. 2827 Fed Com #122H** well.
_____ Not to participate in the **Charlie K.S. 2827 Fed Com #122H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Charlie K.S. 2827 Fed Com #201H** well.
_____ Not to participate in the **Charlie K.S. 2827 Fed Com #201H**

_____ Participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's **Charlie K.S. 2827 Fed Com #202H** well.
_____ Not to participate in the **Charlie K.S. 2827 Fed Com #202H**

EXHIBIT C-6

Summary of Communications - Warrior

Working Interest Owner:

1. Richard Donnelly

In addition to sending well proposals, Matador has had a discussion with Richard Donnelly regarding his interest and continue to discuss voluntary joinder.

2. Isramco Resources, LLC

We have tried multiple addresses to send proposals to Isramco Resources, LLC, but thus far none have been confirmed delivered. In addition to sending well proposals, Matador has reached out to have discussions with Isramco Resources, LLC regarding their interest using the best known contact information but have not been able to make contact.

3. Larry Turner

In addition to sending well proposals, Matador has had discussions with Larry Turner regarding his interest and continue to discuss voluntary joinder.

4. John McIssac

Matador received a signed Green Card that our proposals to Mr. McIssac were received. We understand Mr. McIssac is deceased and I have been in contact with his wife regarding this interest.

5. TTCZ Properties, LLC

In addition to sending well proposals, Matador has had a discussion with TTCZ Properties, Inc. regarding their interest and continue to discuss voluntary joinder.

6. Chester J. Stuebben

Matador received a signed Green Card that our proposals to Mr. Steubben were received. We have been unable to locate another form of contact for this individual.

7. Gloria Judine Hardy

Matador received a signed Green Card that our proposals to Ms. Hardy were received. We have been unable to locate another form of contact for this individual.

8. Mary Kate McBride

In addition to sending well proposals, Matador has had discussions with Mary Kate McBride regarding their interest and continue to discuss voluntary joinder.

9. Hooker Energy, LLC

In addition to sending well proposals, Matador has reached out to have discussions with Hooker Energy, LLC using the best known contact information regarding their interest but have not been able to make contact.

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES OIL DEPARTMENT
CONSERVATION DIVISION**

**APPLICATIONS OF MATADOR PRODUCTION
COMPANY FOR COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.**

**CASE NOS. 23248, 23249, 23250,
23251, 23252 and 23253**

AFFIDAVIT OF DANIEL BRUGIONI

Daniel Brugioni, of lawful age and being first duly sworn, declares as follows:

1. My name is Daniel Brugioni and I am employed by MRC Energy Company, an affiliate of Matador Production Company ("Matador"), as a Senior Geologist.
2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum geology. I am familiar with the applications filed by Matador in these consolidated cases and have conducted a geologic study of the lands in the subject area.
3. **Matador Exhibit D-1** is a locator map outlining the horizontal spacing units with a black box shaded in yellow, with the larger area identified in a red box.

Case Nos. 23248, 23249, 23251 and 23252

4. The target interval for the initial wells in these proposed spacing units is the Second Bone Spring of the Bone Spring formation.
5. **Matador Exhibit D-2** is a subsea structure map that I prepared for the top of the Bone Spring formation. The contour interval is 50 feet. The structure map shows the Bone Spring formation gently dipping to the east. The structure appears consistent across the proposed spacing unit and I do not observe any faulting, pinch outs, or other geologic impediments to horizontal drilling.
6. Also included on Matador Exhibit D-2 is a line of cross section from A to A'.

**BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. D
Submitted by: Matador Production Company
Hearing Date: February 16, 2023
Case Nos. 23248-23253**

7. **Matador Exhibit D-3** is a structural cross-section that I prepared displaying open-hole logs run over the Bone Spring formation from the three representative wells denoted from A to A'. For each well in the cross-section, the following logs are included, when available: gamma ray, caliper, resistivity, and porosity. The proposed target interval of each of the respective proposed wells is labeled and marked with a yellow shaded area. The logs in the cross-section demonstrate that the targeted interval, within the Bone Spring formation, is consistent in thickness across the entirety of the proposed spacing unit.

8. Based on my geologic study of the area, I have not identified any geologic impediments to drilling horizontal wells within the Bone Spring formation in the area of the spacing units proposed in these cases.

9. In my opinion, each quarter-quarter section will be productive and contribute more-or-less equally to production from each respective horizontal spacing unit.

10. In my opinion, horizontal drilling will be the most efficient method to develop this acreage, to prevent the drilling of unnecessary wells, and to result in the greatest ultimate recovery.

11. In my opinion, the laydown orientation of the proposed wells is appropriate because there is no preferred orientation when comparing a standup orientation to a laydown orientation in this area.

12. Approving Matador's applications will be in the best interest of conservation, the prevention of waste, and protection of correlative rights.

Case Nos. 23250 and 23253

13. The target interval for the initial wells in these proposed spacing units is the upper Wolfcamp formation.

14. **Matador Exhibit D-4** is a subsea structure map that I prepared for the top of the Wolfcamp formation. The contour interval is 50 feet. The structure map shows the Wolfcamp formation gently dipping to the east. The structure appears consistent across the proposed spacing unit and I do not observe any faulting, pinch outs, or other geologic impediments to horizontal drilling.

15. Also included on Matador Exhibit D-4 is a line of cross section from A to A'.

16. **Matador Exhibit D-5** is a structural cross-section that I prepared displaying open-hole logs run over the Wolfcamp formation from the three representative wells denoted from A to A'. For each well in the cross-section, the following logs are included, when available: gamma ray, caliper, resistivity, and porosity. The proposed target interval of each of the respective proposed wells is labeled and marked with a yellow shaded area. The logs in the cross-section demonstrate that the targeted interval, within the Wolfcamp formation, is consistent in thickness across the entirety of the proposed spacing unit.

17. Based on my geologic study of the area, I have not identified any geologic impediments to drilling horizontal wells within the Wolfcamp formation in the area of the spacing units proposed in these cases.

18. In my opinion, each quarter-quarter section will be productive and contribute more-or-less equally to production from each respective horizontal spacing unit.

19. In my opinion, horizontal drilling will be the most efficient method to develop this acreage, to prevent the drilling of unnecessary wells, and to result in the greatest ultimate recovery.

20. In my opinion, the laydown orientation of the proposed wells is appropriate because there is no preferred orientation when comparing a standup orientation to a laydown orientation in this area.

21. Approving Matador's applications will be in the best interest of conservation, the prevention of waste, and protection of correlative rights.

22. **Matador Exhibits D-1 through 5** were either prepared by me or compiled under my direction and supervision.

TO: ALL INTEREST OWNERS SUBJECT TO POOLING PROCEEDINGS

Re: Application of Matador Production Company for Compulsory Pooling, Eddy County, New Mexico: Warrior 2827 Fed Com #123H well

Ladies & Gentlemen:

This letter is to advise you that Matador Production Company has filed the enclosed application with the New Mexico Oil Conservation Division. A hearing has been requested before a Division Examiner on January 5, 2023, and the status of the hearing can be monitored through the Division's website at <https://www.emnrd.nm.gov/ocd/>.

During the COVID-19 Public Health Emergency, state buildings are closed to the public and hearings will be conducted remotely beginning at 8:15 a.m. To participate in the electronic hearing, see the instructions posted on the OCD Hearings website: <https://www.emnrd.nm.gov/ocd/hearing-info/>.

You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date. Parties appearing in cases are required to file a Pre-hearing Statement four business days in advance of a scheduled hearing that complies with the provisions of NMAC 19.15.4.13.B.

If you have any questions about this matter, please contact Hanna Bollenbach at (972) 619-4341 or hanna.bollenbach@matadorresources.com.

Sincerely,

A handwritten signature in blue ink, appearing to read "Paula M. Vance".

Ladies & Gentlemen:

This letter is to advise you that Matador Production Company has filed the enclosed application with the New Mexico Oil Conservation Division. A hearing has been requested before a Division Examiner on January 5, 2023, and the status of the hearing can be monitored through the Division's website at <https://www.emnrd.nm.gov/ocd/>.

During the COVID-19 Public Health Emergency, state buildings are closed to the public and hearings will be conducted remotely beginning at 8:15 a.m. To participate in the electronic hearing, see the instructions posted on the OCD Hearings website: <https://www.emnrd.nm.gov/ocd/hearing-info/>.

You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date. Parties appearing in cases are required to file a Pre-hearing Statement four business days in advance of a scheduled hearing that complies with the provisions of NMAC 19.15.4.13.B.

If you have any questions about this matter, please contact Hanna Bollenbach at (972) 619-4341 or hanna.bollenbach@matadorresources.com.

Sincerely,

A handwritten signature in blue ink, appearing to read "Paula M. Vance".

Exhibit No. F

Submitted by: Matador Production Company

Hearing Date: February 16, 2023

Case Nos. 23251, 23252, & 23253

STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES
DEPARTMENT
OIL CONSERVATION DIVISION
SANTA FE, NEW MEXICO

The State of New Mexico, Energy Minerals and Natural Resources Department, Oil Conservation Division ("Division") hereby gives notice that the Division will hold public hearings before a hearing examiner on the following case. During the COVID-19 Public Health Emergency, state buildings are closed to the public and Division hearings will be conducted remotely. The public hearing for the following case will be electronic and conducted remotely. The hearing will be conducted on Thursday, January 5, 2023, beginning at 8:15 a.m. To participate in the electronic hearing, see the instructions posted below. The docket may be viewed at <https://www.emnrd.nm.gov/ocd/hearing-info/> or obtained from Marlene Salvidrez, at Marlene.Salvidrez@emnrd.nm.gov. Documents filed in the case may be viewed at <https://ocdimage.emnrd.nm.gov/Imaging/Default.aspx>. If you are an individual with a disability who needs a reader, amplifier, qualified sign language interpreter, or other form of auxiliary aid or service to attend or participate in a hearing, contact Marlene Salvidrez at Marlene.Salvidrez@emnrd.nm.gov, or the New Mexico Relay Network at 1-800-659-1779, no later than December 25, 2022.

Persons may view and participate in the hearings through the following link:

Case No. 23251: Application of Matador Production Company for Compulsory Pooling, Eddy County, New Mexico. Applicant in the above-styled cause seeks an order pooling all uncommitted interests in the Bone Spring formation underlying a standard 320-acre, more or less, horizontal well spacing unit comprised of the N/2 S/2 of Sections 27 and 28, Township 22 South, Range 28 East, NMPM, Eddy County, New Mexico. Said unit will be initially dedicated to the proposed Warrior 2827 Fed Com #123H well, to be horizontally drilled from a surface location in the SE/4 of Section 28 to a

drilled from a surface location in the SE/4 of Section 29 to a bottom hole location in the NE/4 SE/4 (Unit 1) of Section 27. Also, to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, actual operating costs and charges for supervision, designation of Applicant as operator of the well, and a 200% charge for risk involved in drilling the well. Said area is located approximately 7 miles southeast of Carlsbad, New Mexico.
