

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**APPLICATION OF CHEVRON U.S.A. INC.
FOR COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.**

CASE NO. _____

APPLICATION

Chevron U.S.A. Inc. (“Chevron” or “Applicant”) (OGRID No. 4323), through its undersigned attorneys, hereby files this application with the Oil Conservation Division pursuant to the provisions of NMSA 1978, § 70-2-17, for an order pooling all uncommitted mineral owners in the Wolfcamp formation underlying a standard 640-acre, more or less, horizontal well spacing unit comprised of the E/2 of Sections 16 and 21, Township 26 South, Range 27 East, NMPM, Eddy County, New Mexico.

In support of its application, Chevron states:

1. Applicant is a working interest owner in the proposed horizontal spacing unit and has the right to drill thereon.
2. Applicant seeks to initially dedicate the above-referenced horizontal spacing unit to the proposed **FEW 16 21 Federal Com 426H, FEW 16 21 Federal Com 427H, FEW 16 21 Federal Com 428H, and FEW 16 21 Federal Com 429H** wells, to be horizontally drilled from a common surface location in the SE/4 SE/4 (Unit P) of Section 9, with first take points in the NW/4 NE/4 (Unit B) and NE/4 NE/4 (Unit A) of said Section 16 and last take points in the SW/4 SE/4 (Unit O) and SE/4 SE/4 (Unit P) of said Section 21.
3. Applicant owns 100 percent of the working interests in the proposed spacing unit and, therefore, seeks to pool only non-cost-bearing interest owners, including overriding royalty interest owners and bare record title owners, whose interests have not been pooled within the subject spacing unit.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on November 2, 2023, and, after notice and hearing as required by law, the Division enter an order:

- A. Approving the horizontal well spacing unit and pooling the overriding royalty interests therein; and
- B. Designating Applicant operator of this spacing unit and the horizontal well to be drilled thereon.

Respectfully submitted,

HOLLAND & HART LLP
