THE PURPOSE OF CONSIDERING:**

**APPLICATION OF MEWBOURNE OIL COMPANY
FOR COMPULSORY POOLING, EDDY COUNTY,

Case No. 23889

VERIFIED STATEMENT OF MITCH ROBB

Mitch Robb, being duly sworn upon his oath, deposes and states:

1. I am a landman for Mewbourne Oil Company ("Mewbourne"), and have personal knowledge of the matters stated herein. I have been qualified by the Division as an expert petroleum landman.

2. Pursuant to NMAC 19.15.4.12.A(1), the following information is submitted in support of the compulsory pooling application filed herein:

(a) The purpose of this application is to force pool working interest owners into the Wolfcamp horizontal spacing unit described below, and in wells to be drilled in the unit.

(b) No opposition is expected because the interest owners being pooled have been contacted regarding the proposed well, but have failed or refused to voluntarily commit their interests to the well. Some interest owners may be unlocatable.

(c) A plat outlining the unit being pooled is attached hereto as Attachment A. Mewbourne seeks an order pooling all mineral interests in the Wolfcamp formation underlying the N/2N/2 of Section 7, N/2N/2 of Section 8 and N/2NW/4 of Section 9, Township 21 South, Range 27 East, NMPM. The unit will be dedicated to:

(i) the Screaming Eagles 9/7 Fed Com #711H, a horizontal well with a first take point in the NE/4 NW/4 of 9 and a final take point in the NW/4 NW/4 of Section 7;

(d) The parties being pooled and their interests are set forth in Attachment B. Their current and correct addresses, or last known addresses, are also set forth.

EXHIBIT **2**

- (e) In order to locate the interest owners Mewbourne examined the county records, performed internet searches, checked telephone records, made calls to family members, and searched Accurint and Whitepages.
- (f) Attachment C contains a summary of contacts or attempted contacts with the interest owners, together with copies of the proposal letters sent to the interest owners.
- (g) Mewbourne has made a good faith effort to obtain the voluntary joinder of the working interest owners in the proposed well, or to locate the owners.
- (h) Mewbourne has the right to pool the overriding royalty owners in the well unit.
- (i) Attachment D contains the Authorizations for Expenditure for the proposed wells. The estimated costs of the wells set forth therein are fair and reasonable, and comparable to the costs of other wells of similar depth and length drilled in this area of Eddy County.
- (j) Mewbourne requests overhead and administrative rates of \$8000/month for a drilling well and \$800/month for a producing well. These rates are fair, and comparable to the rates charged by other operators for wells of this type in this portion of Eddy County. They are also the rates set forth in the Joint Operating Agreement for the well unit. Mewbourne requests that these rates be adjusted periodically as provided in the COPAS Accounting Procedure.
- (k) Mewbourne requests that the maximum cost plus 200% risk charge be assessed against non-consenting working interest owners.
- (l) Mewbourne requests that it be designated operator of the wells.
- (m) The attachments to this affidavit were prepared by me, or compiled from Company business records.
- (n) The granting of this application is in the interests of conservation and the prevention of waste.

APPLICATIONS OF MEWBOURNE OIL COMPANY
FOR COMPULSORY POOLING, EDDY COUNTY,
NEW MEXICO.

Case Nos. 23889 - 23890

SELF-AFFIRMED STATEMENT OF CHARLES CROSBY

COUNTY OF MIDLAND)
) ss.
STATE OF TEXAS)

Charles Crosby deposes and states:

1. I am over the age of 18, and have personal knowledge of the matters stated herein.
2. I am a geologist for Mewbourne Oil Company ("Mewbourne"), and I am familiar with the geological matters involved in these cases. I have been qualified by the Division as an expert petroleum geologist.
3. The following geological plats pertain to the Wolfcamp formation in the area around the NW/4 of Section 9, the N/2 of Section 8, and the N/2 of Section 7, Township 21 South, Range 27 East, N.M.P.M.:
 - (a) Exhibit 3-A is a structure map on the top of the Wolfcamp formation. It shows that structure dips to the east. It also shows existing Wolfcamp wells in the area, and a line of cross-section used on Exhibit 3-B.
 - (c) Exhibit 3-B is a cross section showing the top of the Wolfcamp, the target zone for the proposed Screaming Eagle wells. The well logs on the cross-section give a representative sample of the Wolfcamp formation in this area. The Wolfcamp is continuous and uniformly thick across the well units.
4. I conclude from the maps that:
 - (a) The horizontal spacing units are justified from a geologic standpoint.
 - (b) The target zone is continuous and of uniform thickness across the well units.
 - (c) Each quarter-quarter section in the well units will contribute more or less equally to production.

EXHIBIT 3

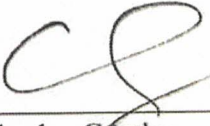

(d) There is no faulting or other geologic impediment in the area which will affect the drilling of the subject wells.

5. Referring to Exhibit 3-A, there are only two nearby Wolfcamp wells drilled in this area, and they are laydown wells. A review of the geology, and production from the offsets, indicates that laydown wells are a reasonable way to develop the reservoir in this area.

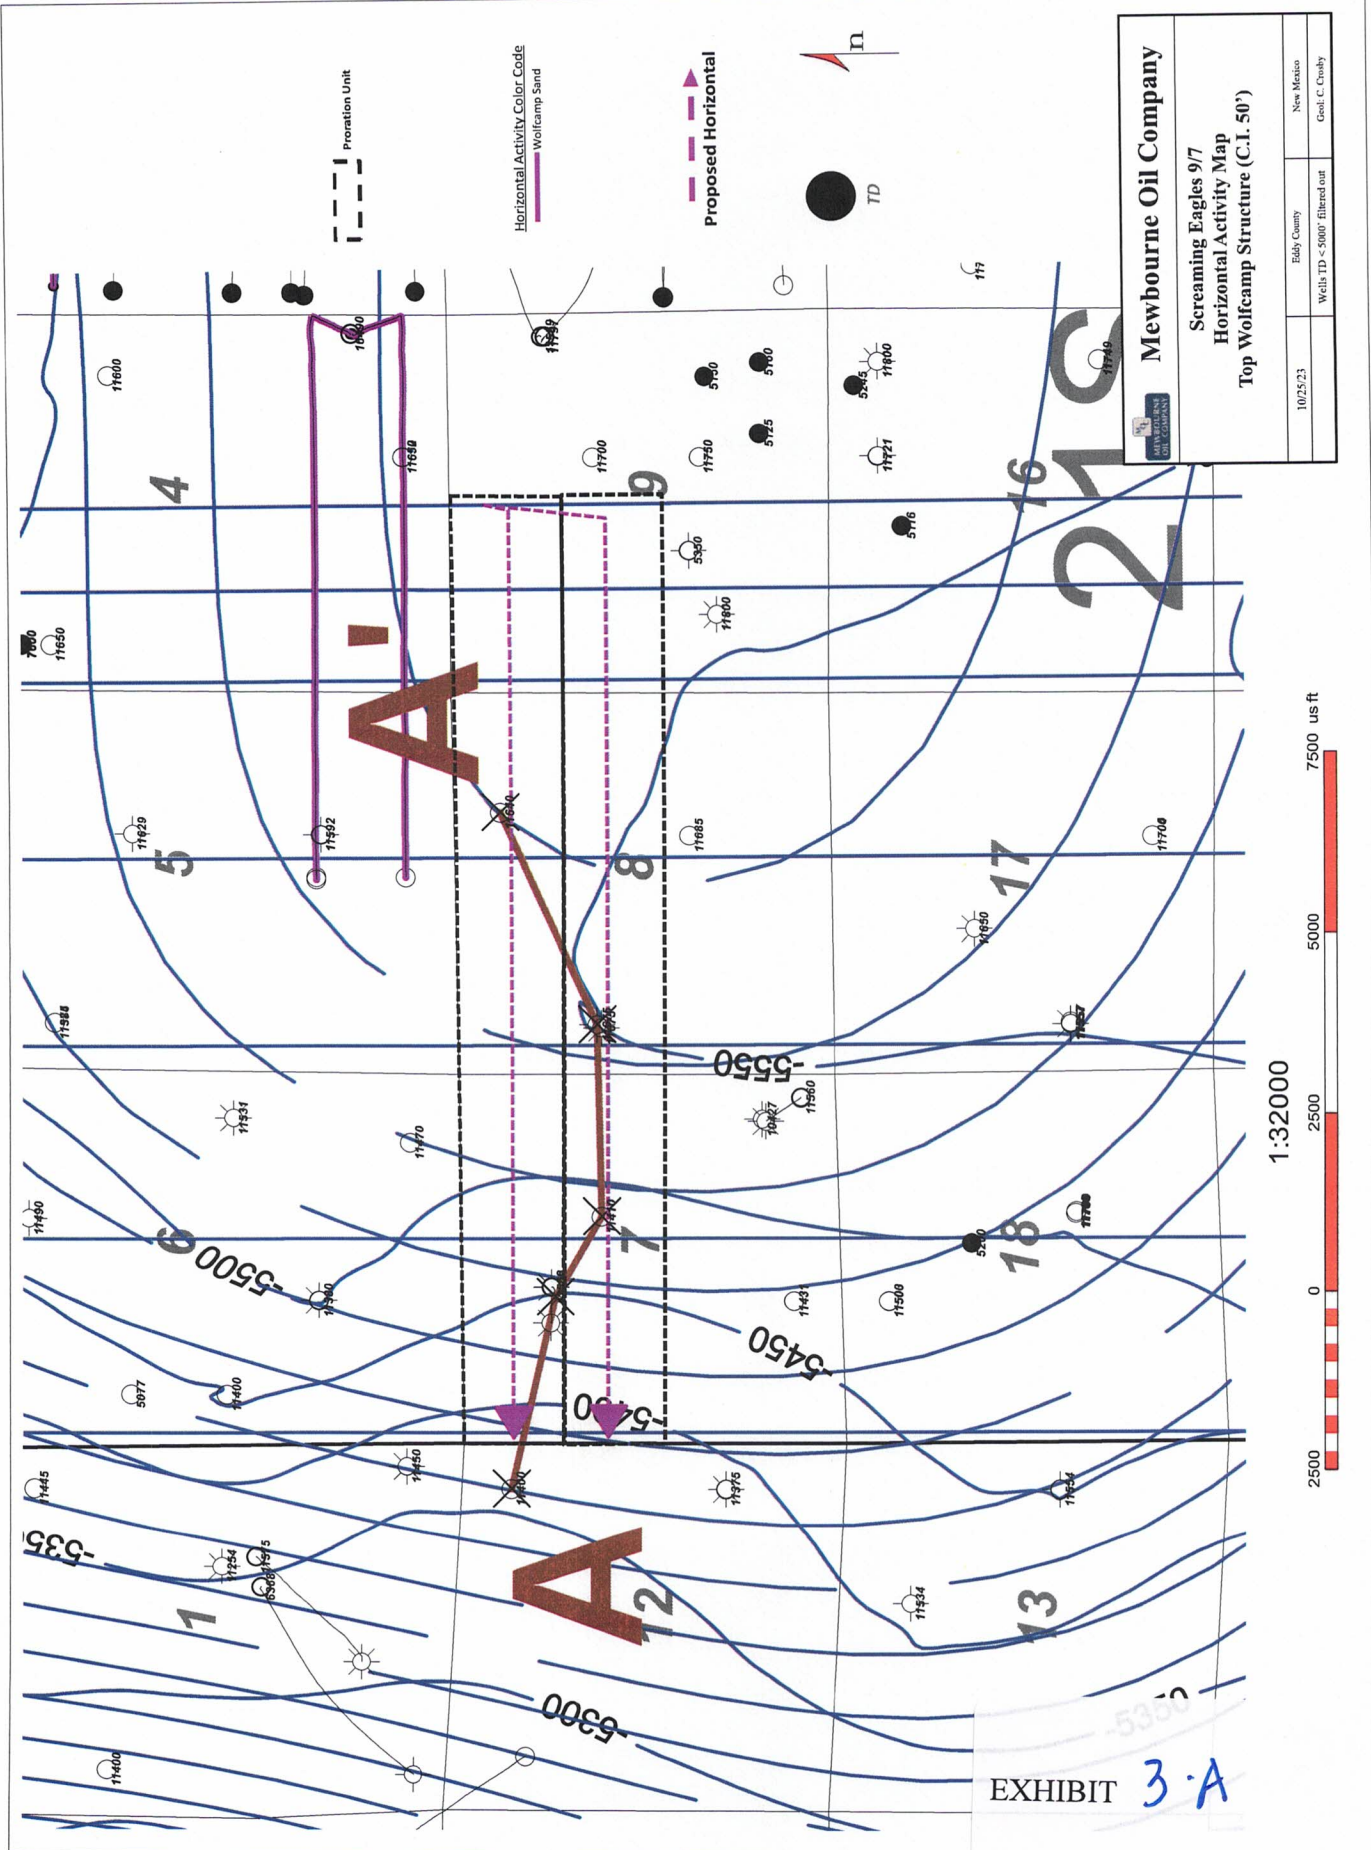

6. Exhibit 3-C contains Horizontal Drilling Plans for the two proposed wells. The producing intervals of the wells will be orthodox.

I understand that this Self-Affirmed Statement will be used as written testimony in these cases. I affirm that my testimony in paragraphs 1 through 6 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.

**APPLICATION OF MEWBOURNE OIL COMPANY
FOR COMPULSORY POOLING, EDDY COUNTY,
NEW MEXICO.**

Case No. 23889

APPLICATION

Mewbourne Oil Company applies for an order pooling all uncommitted mineral interest owners in the Wolfcamp formation underlying a horizontal spacing unit comprised of the N/2NW/4 of Section 9, the N/2N/2 of Section 8, and the N/2N/2 of Section 7, Township 21 South, Range 27 East, N.M.P.M., Eddy County, New Mexico, and in support thereof, states:

1. Applicant is an interest owner in the N/2NW/4 of Section 9, the N/2N/2 of Section 8, and the N/2N/2 of Section 7 (containing 400 acres), and has the right to drill a well thereon.

2. Applicant proposes to drill the Screaming Eagles 9/7 Fed. Com. Well No. 711H, with a first take point in the NE/4NW/4 of Section 9 and a last take point in the NW/4NW/4 of Section 7, to a depth sufficient to test the Wolfcamp formation. The N/2NW/4 of Section 9, the N/2N/2 of Section 8, and the N/2N/2 of Section 7 will be dedicated to the well.

3. Applicant has in good faith sought to obtain the voluntary joinder of all other mineral interest owners in the N/2NW/4 of Section 9, the N/2N/2 of Section 8, and the N/2N/2 of Section 7 for the purposes set forth herein.

4. Although applicant attempted to obtain voluntary agreements from all mineral interest owners to participate in the drilling of the well or to otherwise commit their interests to the well, certain interest owners have failed or refused to join in dedicating their interests. Therefore, applicant seeks an order pooling all uncommitted mineral interest owners in the

EXHIBIT 7

5. The pooling of all uncommitted mineral interest owners in the Wolfcamp formation underlying the N/2NW/4 of Section 9, the N/2N/2 of Section 8, and the N/2N/2 of Section 7 will prevent the drilling of unnecessary wells, prevent waste, and protect correlative rights.

WHEREFORE, applicant requests that, after notice and hearing, the Division enter its order:

- A. Pooling all uncommitted mineral interest owners in the Wolfcamp formation (Alacran Hills; Upper Wolfcamp Pool/Pool Code 98314) underlying the N/2NW/4 of Section 9, the N/2N/2 of Section 8, and the N/2N/2 of Section 7;
- B. Designating applicant as operator of the well;
- C. Considering the cost of drilling, completing, testing, and equipping the well, and allocating the cost among the well's working interest owners;
