IN THE MATTER OF THE HEARING CALLED
BY THE OIL CONSERVATION DIVISION FOR
THE PURPOSE OF CONSIDERING:

APPLICATION OF MEWBOURNE OIL COMPANY
FOR COMPULSORY POOLING, EDDY COUNTY,
NEW MEXICO.

Case No. 24346

VERIFIED STATEMENT OF MITCH ROBB

Mitch Robb, being duly sworn upon his oath, deposes and states:

1. I am a landman for Mewbourne Oil Company ("Mewbourne") and have personal knowledge of the matters stated herein. I have been qualified by the Division as an expert petroleum landman.

2. Pursuant to NMAC 19.15.4.12.A(1), the following information is submitted in support of the compulsory pooling application filed herein:

(a) The purpose of this application is to force pool working interest owners into the Bone Spring horizontal spacing unit described below, and in wells to be drilled in the unit.

(b) No opposition is expected because the interest owners being pooled have been contacted regarding the proposed well but have failed or refused to voluntarily commit their interests to the well. Some interest owners may be unlocatable.

EX. 2.A

(c) A plat outlining the unit being pooled is attached hereto as ~~Attachment A~~. Mewbourne seeks an order pooling all mineral interests in the Bone Spring formation underlying the E/2W/2 of Section 26, Township 23 South, Range 28 East, NMPM. The unit will be dedicated to:

(i) the Layla 26 Fee #524H, a horizontal well with a first take point in the NE/4NW/4 of 26 and a final take point in the SE/4SW/4 of Section 26;

EX. 2.B

(d) The parties being pooled and their interests are set forth in ~~Attachment B~~. Their current and correct addresses, or last known addresses, are also set forth.

EXHIBIT 2

(e) In order to locate the interest owners Mewbourne examined the county records, performed internet searches, checked telephone records, made calls to family members, and searched Accurint and Whitepages.

Ex. 2.C

(f) **Attachment C** contains a summary of contacts or attempted contacts with the interest owners, together with copies of the proposal letters sent to the interest owners.

(g) Mewbourne has made a good faith effort to obtain the voluntary joinder of the working interest owners in the proposed wells, or to locate the owners.

(h) Mewbourne has the right to pool the overriding royalty owners in the well unit.

(i) Mewbourne requests overhead and administrative rates of \$8000/month for a drilling well and \$800/month for a producing well. These rates are fair, and comparable to the rates charged by other operators for wells of this type in this portion of Eddy County. They are also the rates set forth in the Joint Operating Agreement for the well unit. Mewbourne requests that these rates be adjusted periodically as provided in the COPAS Accounting Procedure.

(j) Mewbourne requests that the maximum cost plus 200% risk charge be assessed against non-consenting working interest owners.

(k) Mewbourne requests that it be designated operator of the wells.

(l) The attachments to this affidavit were prepared by me or compiled from Company business records.

(m) The granting of this application is in the interests of conservation and the prevention of waste.
