Case Nos. 23910-23911

**MOTION TO DISMISS CASE 23911, ORDER R-23022, AND CASE 23910,
ORDER R-23021, AFTER AND CONTINGENT UPON ISSUANCE OF
A REPLACEMENT POOLING ORDER IN CASE 24283**

Devon Energy Production Company, L.P. (“Devon”) submits this Motion in order to establish the procedural groundwork for providing Devon the opportunity to realize its intent for Case No. 24283. Order Nos. R-23021 and R-23022 were issued January 17, 2024, after which, Devon, with additional input from the Bureau of Land Management (“BLM”), further evaluated the best way to approach the development of the irregular Sections 1, 2 and 3, Township 21 South, Range 27 East, NMPM, Eddy County, New Mexico.

After additional review, Devon submitted to the Oil Conservation Division (“Division”) a subsequent pooling application in Case No. 24283 concurrently with an application for administrative approval of a non-standard unit in order to revise the pooled and spaced unit for the Subject Lands in these cases. The new application was heard on April 4, 2024, during which time, Devon expressed its intent to have former Case Nos. 23910 and 23911 dismissed and Order Nos. R-23021 and R-23022 terminated if and when the Division approves its pooling application in Case No. 24283 and issues a pooling order for the Subject Lands pursuant to said Case that can replace the previous orders.

WHEREFORE, should the Division approve Devon’s pooling application in Case No. 24283 and issue a pooling order that pools uncommitted mineral interests pursuant to its approval,

Devon moves the Division to dismiss Case Nos. 23910 and 23911 and terminate Order Nos. R-23021 and R-23022 upon such approval and after the Division issues an order pursuant to Case No. 24283 that can serve to replace the previous orders once dismissed. However, if for whatever reason, the Division does not approve the application in Case No. 24283 and does not issue an order pursuant to said Case, then Devon respectfully requests that this Motion be withdrawn.

Respectfully submitted,
