COMPULSORY POOLING APPLICATION CHECKLIST

ALL INFORMATION IN THE APPLICATION MUST BE SUPPORTED BY SIGNED AFFIDAVITS

Case: 24539	APPLICANT'S RESPONSE
Date	June 13, 2024
Applicant	EOG Resources, Inc.
Designated Operator & OGRID (affiliation if applicable)	EOG Resources, Inc. (OGRID No. 7377)
Applicant's Counsel:	Holland & Hart LLP
Case Title:	APPLICATION OF EOG RESOURCES, INC. FOR COMPULSORY POOLING, LEA COUNTY, NEW MEXICO.
Entries of Appearance/Intervenors:	N/A
Well Family	Pretty Good
Formation/Pool	
Formation Name(s) or Vertical Extent:	Bone Spring
Primary Product (Oil or Gas):	Oil
Pooling this vertical extent:	N/A
Pool Name and Pool Code (Only if NSP is requested):	N/A
Well Location Setback Rules (Only if NSP is Requested):	N/A
Spacing Unit	
Type (Horizontal/Vertical)	Horizontal
Size (Acres)	1,920 acres
Building Blocks:	40 acre
Orientation:	Standup
Description: TRS/County	Sections 20, 29, and 32, Township 22 South, Range 32 East, NMPM, Lea County, New Mexico
Standard Horizontal Well Spacing Unit (Y/N), If No, describe and is approval of non-standard unit requested in this application?	No; NSP being applied for by administrative application.
Other Situations	
Depth Severance: Y/N. If yes, description	No
Proximity Tracts: If yes, description	No
Proximity Defining Well: if yes, description	N/A
Applicant's Ownership in Each Tract	Exhibit A-3
Well(s)	
Name & API (if assigned), surface and bottom hole location, footages, completion target, orientation, completion status (standard or non-standard)	Add wells as needed

OIL CONSERVATION DIVISION**

**APPLICATION OF EOG RESOURCES, INC.
FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.**

CASE NO. 24539

APPLICATION

EOG Resources, Inc. (“EOG” or “Applicant”) (OGRID No. 7377) through its undersigned attorneys, files this application with the Oil Conservation Division for an order pooling a non-standard 1,920-acre, more or less, horizontal well spacing unit in the Bone Spring formation comprised of the Sections 20, 29, and 32, Township 22 South, Range 32 East, NMPM, Lea County, New Mexico pooling all uncommitted mineral owners in this acreage. In support of this application, EOG states:

1. EOG is a working interest owner in the subject acreage and has the right to drill thereon.
2. Applicant seeks to initially dedicate the above-referenced non-standard horizontal well spacing unit to the proposed **Pretty Good 20 Fed Com #201H, Pretty Good 20 Fed Com #202H, Pretty Good 20 Fed Com #501H, Pretty Good 20 Fed Com #502H, Pretty Good 20 Fed Com #581H, and Pretty Good 20 Fed Com #601H** wells, all to be horizontally drilled from a surface location in the NW/4 NE/4 (Unit B) of Section 20, with a first take point in the NE/4 NE/4 (Unit A) of Section 20, and the last take point in the SE/4 SE/4 (Unit P) of Section 32; **Pretty Good 20 Fed Com #203H, Pretty Good 20 Fed Com #204H, Pretty Good 20 Fed Com #503H, Pretty Good 20 Fed Com #504H, Pretty Good 20 Fed Com #582H, Pretty Good 20 Fed Com #602H, and Pretty Good 20 Fed Com #603H** wells, all to be horizontally drilled from a surface

Case No. 24539

location in the NW/4 NE/4 (Unit B) of Section 20, with a first take point in the NW/4 NE/4 (Unit B) of Section 20, and the last take point in the SW/4 SE/4 (Unit O) of Section 32; **Pretty Good 20 Fed Com #205H, Pretty Good 20 Fed Com #206H, Pretty Good 20 Fed Com #505H, Pretty Good 20 Fed Com #506H, Pretty Good 20 Fed Com #583H, and Pretty Good 20 Fed Com #608H** wells, to be horizontally drilled from a surface location in the NE/4 NW/4 (Unit C) of Section 20, with a first take point in the NE/4 NW/4 (Unit C) of Section 20, and the last take point in the SE/4 SW/4 (Unit N) of Section 32; and **Pretty Good 20 Fed Com #207H, Pretty Good 20 Fed Com #208H, Pretty Good 20 Fed Com #507H, Pretty Good 20 Fed Com #508H, Pretty Good 20 Fed Com #584H, and Pretty Good 20 Fed Com #609H** wells, to be horizontally drilled from a surface location in the NE/4 NW/4 (Unit C) of Section 20, with a first take point in the NW/4 NW/4 (Unit D) of Section 20, and the last take point in the SW/4 SW/4 (Unit M) of Section 32.

3. EOG proposes to drill certain initial wells within one year of the issuance of a pooling order and drill the remaining initial wells within two years of the issuance of a pooling order.

4. Applicant filed a separate administrative application for approval of the non-standard spacing unit.

5. Applicant has sought and been unable to obtain voluntary agreement for the development of these lands from all mineral interest owners in the subject spacing unit.

6. The pooling of interests and approval of this spacing unit will allow Applicant to obtain a just and fair share of the oil and gas underlying the subject lands, avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.

WHEREFORE, Applicant requests that this matter be set for hearing on June 13, 2024, before an Examiner of the Oil Conservation Division, and, after notice and hearing as required by law, the Division enter an order:

- A. Pooling all uncommitted interest owners in the proposed horizontal well spacing unit;
- B. Designating Applicant as operator of this horizontal spacing unit and the horizontal wells to be drilled thereon;
- C. Authorizing Applicant to recover its costs of drilling, equipping, and completing the wells;
- D. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- E. Imposing a 200% charge for the risk assumed by Applicant in drilling and completing the wells against any working interest owner who does not voluntarily participate in the drilling of the wells.

Respectfully submitted,

HOLLAND & HART LLP

**APPLICATION OF EOG RESOURCES, INC.
FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.**

CASE NO. 24539

SELF-AFFIRMED STATEMENT OF LACI STRETCHER

1. My name is Laci Stretcher, and I am employed by EOG Resources, Inc. (“EOG”) as a Landman. My responsibilities include the Permian Basin of New Mexico. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum land matters and my credentials have been accepted by the Division and made a matter of record.

2. I am familiar with the application filed by EOG in this matter and the status of the lands in the subject area.

3. EOG seeks an order pooling all uncommitted interests in the Bone Spring formation (Bilbrey Basin; Bone Spring, South [97366]) underlying a non-standard 1,920-acre, more or less, horizontal well spacing unit comprised of Sections 20, 29, and 32, Township 22 South, Range 32 East, NMPM, Lea County, New Mexico. This spacing unit will be initially dedicated to the **Pretty Good 20 Fed Com #201H, Pretty Good 20 Fed Com #202H, Pretty Good 20 Fed Com #501H, Pretty Good 20 Fed Com #502H, Pretty Good 20 Fed Com #581H, and Pretty Good 20 Fed Com #601H** wells, all to be horizontally drilled from a surface location in the NW/4 NE/4 (Unit B) of Section 20, with a first take point in the NE/4 NE/4 (Unit A) of Section 20, and the last take point in the SE/4 SE/4 (Unit P) of Section 32; **Pretty Good 20 Fed Com #203H, Pretty Good 20 Fed Com #204H, Pretty Good 20 Fed Com #503H, Pretty Good 20 Fed Com #504H, Pretty Good 20 Fed Com #582H, Pretty Good 20 Fed Com #602H, and Pretty Good 20 Fed Com**

#603H wells, all to be horizontally drilled from a surface location in the NW/4 NE/4 (Unit B) of Section 20, with a first take point in the NW/4 NE/4 (Unit B) of Section 20, and the last take point in the SW/4 SE/4 (Unit O) of Section 32; **Pretty Good 20 Fed Com #205H, Pretty Good 20 Fed Com #206H, Pretty Good 20 Fed Com #505H, Pretty Good 20 Fed Com #506H, Pretty Good 20 Fed Com #583H, and Pretty Good 20 Fed Com #608H** wells, to be horizontally drilled from a surface location in the NE/4 NW/4 (Unit C) of Section 20, with a first take point in the NE/4 NW/4 (Unit C) of Section 20, and the last take point in the SE/4 SW/4 (Unit N) of Section 32; and **Pretty Good 20 Fed Com #207H, Pretty Good 20 Fed Com #208H, Pretty Good 20 Fed Com #507H, Pretty Good 20 Fed Com #508H, Pretty Good 20 Fed Com #584H, and Pretty Good 20 Fed Com #609H** wells, to be horizontally drilled from a surface location in the NE/4 NW/4 (Unit C) of Section 20, with a first take point in the NW/4 NW/4 (Unit D) of Section 20, and the last take point in the SW/4 SW/4 (Unit M) of Section 32.

4. EOG proposes to drill certain initial wells within one year of the issuance of a pooling order and drill the remaining initial wells within two years of the issuance of a pooling order. See **EOG Exhibit A-6**.

5. Applicant filed a separate administrative application for approval of the non-standard spacing unit.

6. **EOG Exhibit A-1** contains the Form C-102s for the proposed initial wells. They reflect that the wells will be assigned to the Bilbrey Basin; Bone Spring, South [97366] pool.

7. **EOG Exhibit A-2** identifies the tracts of land comprising the proposed spacing unit and associated lease numbers, which consists of federal and state acreage.

8. **EOG Exhibit A-3** provides a working interest ownership breakdown by tract and on a unit basis. EOG is seeking to pool the mineral owners highlighted in yellow. This exhibit also contains a list of overriding royalty interest owners and record title owners that EOG seeks to pool.

9. EOG has been able to locate a mailing address for all the interest owners that it seeks to pool.

10. **EOG Exhibit A-4** contains a sample of the well proposal letter and AFEs for the proposed wells submitted to the uncommitted working interest owner. The costs reflected in these AFEs are consistent with what EOG and other operators have incurred for drilling similar horizontal wells in the area in this formation.

11. **EOG Exhibit A-5** contains a chronology of the contacts with the uncommitted working interest owner. It reflects that EOG has undertaken good faith effort to obtain voluntary joinder of this owner in the proposed spacing unit and initial wells.

12. EOG requests overhead and administrative rates of \$10,000 per month for drilling and \$1,000 per month for a producing well. These rates are consistent with the rates charged by EOG and other operators for similar wells in this area.

13. I have provided the law firm of Holland and Hart LLP with the names and addresses of the interest owners to be pooled and instructed that they be notified of this hearing. EOG has conducted a diligent search of all public records in the county where the property is located, reviewed telephone directories, and conducted computer searches to locate contact information for each interest owner.

14. **EOG Exhibits A-1 through A-6** were prepared by me or compiled under my direction from company business records.

15. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

WELL LOCATION AND ACREAGE DEDICATION PLAT

Table with 3 columns: API Number, Pool Code, Pool Name; Property Code, Property Name, Well Number; OGRID No., Operator Name, Elevation.

Table with 10 columns: UL or lot no., Section, Township, Range, Lot Idn, Feet from the, North/South line, Feet from the, East/West line, County.

Table with 10 columns: UL or lot no., Section, Township, Range, Lot Idn, Feet from the, North/South line, Feet from the, East/West line, County.

Table with 4 columns: Dedicated Acres, Joint or Infill, Consolidated Code, Order No.

No allowable will be assigned to this completion until all interests have been consolidated or a non-standard unit has been approved by the division.

Main plat diagram showing well location, surface location, KOP location, first take point, and bottom hole location. Includes coordinate data, bearings, distances, and various well identifiers like USA NMNM-078968-C and USA NMNM-0090.

OPERATOR CERTIFICATION

I hereby certify that the information contained herein is true and complete to the best of my knowledge and belief, and that this organization either owns a working interest or unleased mineral interest in the land including the proposed bottom hole location or has a right to drill this well at this location pursuant to a contract with an owner of such a mineral or working interest, or to voluntary pooling agreement or a compulsory pooling order heretofore entered by the division.

WELL LOCATION AND ACREAGE DEDICATION PLAT

Table with 3 columns: API Number (30-025-), Pool Code, Pool Name, Property Name (PRETTY GOOD 20 FED COM), Well Number (603H), OGRID No. (7377), Operator Name (EOG RESOURCES, INC.), Elevation (3646')

Surface Location table with columns: UL or lot no., Section, Township, Range, Lot Idn, Feet from the, North/South line, Feet from the, East/West line, County. Values: B, 20, 22 S, 32 E, 1211, NORTH, 1440, EAST, LEA

Bottom Hole Location If Different From Surface table with columns: UL or lot no., Section, Township, Range, Lot Idn, Feet from the, North/South line, Feet from the, East/West line, County. Values: O, 32, 22 S, 32 E, 100, SOUTH, 2580, EAST, LEA

Dedicated Acres (1920), Joint or Infill, Consolidated Code, Order No., PENDING COM AGREEMENT

No allowable will be assigned to this completion until all interests have been consolidated or a non-standard unit has been approved by the division.

Main plat diagram showing well location, acreage dedication, and various points (SURFACE LOCATION, KOP LOCATION, FIRST TAKE POINT, FED PERF. POINT, LOWER MOST PERF./BOTTOM HOLE). Includes coordinate data, bearings, distances, and well identifiers (USA NMNM-078968-A, USA NMNM-96856, USA NMNM-00090, ST NM VO-2443-1). Includes Operator and Surveyors Certification sections.

All of Sections 20, 29, and 32, 22S-32E
Lea County, New Mexico

Dear Working Interest Owner:

EOG Resources, Inc. (“EOG”) proposed the drilling of multiple horizontal wells located in the Sections 20, 29, and 32, 22S-32E, Lea County, New Mexico in March 2024. EOG plans on spudding the first round of the program in the next month, and several changes have been made. **Wells with changes include a “*” next to their name. Please also review TVDs/TMDs as our geologist updated a few numbers with the latest data.**

Please review the revised, updated well names and information below for the Pretty Good 20 Fed Com Prospect. We would appreciate executed proposals and AFEs should you choose to participate.

EOG is proposing to drill these wells under the modified terms of the 1989 AAPL Operating Agreement with a contract area limited to the Bone Spring and Wolfcamp Formations and covering all of Sections 20, 29, and 32-22S-32E, Lea County, New Mexico. A form of said Operating Agreement will be forwarded to you following your receipt of this proposal.

Please note the attached AFEs are estimates only and actual costs may be more or less than the amount provided on the AFEs. Further, an election to participate in a well is also an election to participate in such well's artificial lift and facility.

Within 30 days of the date of this letter, if we do not reach a mutual agreement, EOG will apply to the New Mexico Oil Conservation Division for compulsory pooling of your interest for the proposed wells.

Please indicate your election to participate in the drilling and completion of the proposed wells in the space provided below. Please sign and return one copy of this letter, a signed copy of the enclosed AFEs, and your geologic well requirements.

EOG appreciates your cooperation in the development of this acreage and thank you in advance for your early consideration of this proposal. If you have any questions, please email to laci_stretcher@eogresources.com.

Sincerely,

EOG Resources, Inc.

Laci Stretcher
Land Specialist

Please indicate your election in the space provided below:

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit A-6
Submitted by: EOG Resources, Inc.
Hearing Date: June 13, 2024
Case No. 24539

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**APPLICATION OF EOG RESOURCES, INC.
FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.**

CASE NO. 24539

SELF-AFFIRMED STATEMENT OF JAKE SLEIGHT

1. My name is Jake Sleight, and I am employed by EOG Resources, Inc. (“EOG”) as a petroleum geologist. My responsibilities include the Permian Basin of New Mexico.

2. I have not previously testified before the New Mexico Oil Conservation Division (“Division”) as an expert witness in petroleum land matters. I have included a copy of my resume as **EOG Exhibit B-1** for the Division to review and respectfully request that my credentials be accepted as a matter of record, and I be tendered as an expert in geology matters.

3. I am familiar with the application filed by EOG in this matter and I have conducted a geologic study of the lands in the subject area.

4. The targets for the proposed initial Pretty Good wells are the Bone Spring formation.

5. **EOG Exhibit B-2** is a project locator map. EOG’s Pretty Good development is outlined in red.

6. **EOG Exhibit B-3** is a subsea structure map that I prepared on the top of the Bone Spring around the subject spacing area. It is representative of the structural orientation of the greater Bone Spring interval. The contour intervals are 100 feet. The area comprising the proposed spacing unit is outlined in red, with the approximate location and orientation of the initial wells noted with blue dashed lines. The structure map shows the Bone Spring formation dipping to the

**BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit B
Submitted by: EOG Resources, Inc.
Hearing Date: June 13, 2024
Case No. 24539**

southeast. The structure appears consistent across the proposed spacing unit, and I do not observe any faulting, pinch outs, or other geologic impediments to drilling horizontal wells, in the target formation.

7. **EOG Exhibit B-3** also shows the existing Bone Spring wells in the subject area and contains a line of cross section through the proposed horizontal spacing unit from A to A'. I chose the logs from these wells to create the cross section because they penetrate the targeted interval, are of good quality, and have been subjected to petrophysical analysis of the targeted interval. In my opinion, these well logs are representative of the geology in the subject area.

8. **EOG Exhibit B-4** is a stratigraphic cross-section that I prepared using the logs from the representative wells shown on Exhibit B-3. The wells on the cross-section contain a combination of gamma ray, resistivity, and porosity logs. The target intervals for the initial wells are marked on the cross section with red arrows. The cross-section demonstrates that the targeted intervals are continuous across the proposed spacing unit.

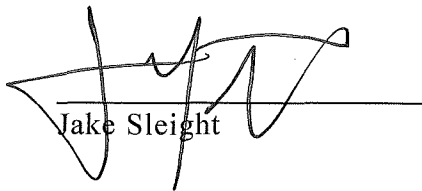

9. My geologic study indicates the targets within the Bone Spring formation underlying the subject area is suitable for development by horizontal wells and the acreage comprising the proposed horizontal spacing unit will be productive and contribute proportionately to the production from the wells.

10. As reflected on Exhibit B-3, the predominant orientation for the existing Bone Spring development in this area is a standup orientation. In my opinion, the standup orientation of the proposed wells is appropriate given the geologic stress in this area.

11. In my opinion, approval of this application is in the best interest of conservation, the prevention of waste, and protection of correlative rights.

12. **EOG Exhibits B-1 through B-4** were either prepared by me or compiled under my direction and supervision.

13. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

Jake Sleight

Date

Jake K. Sleight

jakesleight2@gmail.com – (541) 761-5789 – 1208 Burgandy Dr., Midland, Tx 79705

EDUCATION

- Texas A&M University - College Station, Tx GPA: 4.00 July 2018 – Dec. 2020
Master of Science in Geology
Thesis: Reservoir Characterization and Architecture of the Uppermost Pennsylvanian (Wolfcamp D) in the Wolf Camp Hills, Brewster County, Texas
- Texas A&M University - College Station, Tx GPA: 4.00 Aug. 2016 – Aug. 2018
Bachelor of Science in Geology – *Summa Cum Laude*

PROFESSIONAL EXPERIENCE

- **Development Geologist – EOG Resources** Mar. 2021 – Present
 - Geologist over various EOG Permian Basin assets in Reeves and Loving County, Texas as well as Lea County, New Mexico.
 - Responsible for managing the development of EOG assets and working with operational teams to execute drilling, completions, and production objectives.
 - Managed geomechanical core study to understand high-clay production and frac barriers in the Permian Basin.
 - Assist with non-op well proposals and evaluate their business case for EOG.
- **Geoscience Internship – EOG Resources** May 2020 – Aug. 2020
 - Evaluated the prospectivity of conventional Devonian-aged carbonate reservoirs in the Michigan Basin for regional play concept.
 - Purchased core analyses data and core photography from the Michigan Geological Survey to calibrate petrophysical models and resolve regional rock property distribution in an ancient tidal flat depositional environment.
 - Leveraged hydrocarbon show indicators and detailed sub-regional-mapping to highlight risks associated with regional stratigraphic-traps, while identifying challenges and limitations for future exploitation.
 - Identified undeveloped prospect, with 10,000 net acres of four-way structural closure, along a northwest trending structure.
- **Geoscience Internship – Apache Corporation** May 2019 – Aug. 2019
 - Assessed conventional clastic reservoirs in the Delaware Basin, NM as analogs for future Apache development.
 - Mapped sedimentation trends in a Permian-aged deep-sea fan complex, while leveraging petrophysical data to constrain a predictive facies model, resulting in the identification of potential risks for horizontal wells near Apache acreage.
 - Conducted landing zone analysis of approximately 500 lateral and 2,000 vertical wells across the Delaware Basin, NM, highlighting primary pay zones and sub-regional plays among operators.
- **Exploration Geologist Internship – Newmont Mining** May 2017 – Aug. 2017
 - Supervised 2 drill rigs during brownfield exploration operations at the Long Canyon Mine, NV resulting in zero recordable injuries and the successful recovery of approx. 7,500 feet of core.
 - Interpreted, logged and sampled approx. 10,000 of core from multiple mine sites and generative projects across NV.
 - Assisted in the survey of acquired acreage in NE Elko Co., by conducting 3-weeks of field work, resulting in detailed maps and high-density sampling, for prospect evaluation.
- **U.S. Secret Service (USSS) Program Manager – USN** Oct. 2014 – Aug. 2015
 - Liaison between USSS and United States Navy.
 - Managed and supervised command personnel in support of approximately 30 successful missions across the globe.
- **Senior Explosive Ordnance Disposal Technician (EOD) – USN** Nov. 2009 – Aug. 2015
 - Mitigated explosive hazards (nuclear, chemical, biological, conventional, and underwater ordnance) while maintaining versatility to support Special Forces and Special Operations teams.
 - Two tours expanding foreign relations & strengthening partnerships with over 10 countries across 4 continents.
 - Managed Top Secret and Secret materials with in zero losses, incidents and coordinated the legal destruction of nonessential data, ultimately limiting the liability of on-hand classified materials within the command.
 - Two-time awardee of the Navy and Marine Corps Achievement Medal.

**APPLICATION OF EOG RESOURCES, INC.
FOR COMPULSORY POOLING,
LEA COUNTY, NEW MEXICO.**

CASE NO. 24539

**SELF-AFFIRMED STATEMENT OF
PAULA M. VANCE**

1. I am attorney in fact and authorized representative of EOG Resources, Inc. (“EOG”), the Applicant herein. I have personal knowledge of the matter addressed herein and am competent to provide this self-affirmed statement.

2. The above-referenced application and notice of the hearing on this application was sent by certified mail to the locatable affected party on the date set forth in the letter attached hereto. *See EOG Exhibit C-1.*

3. The spreadsheet attached hereto contains the name of the party to whom notice was provided. *See EOG Exhibit C-2.*

4. **EOG Exhibit C-2** contains the information provided by the United States Postal Service on the status of the delivery of this notice as of June 5, 2024.

5. I caused a notice to be published to the party subject to this compulsory pooling proceeding. The affidavit of publication from the publication’s legal clerk with a copy of the notices of publication is attached herein. *See EOG Exhibit D.*

6. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

Ladies & Gentlemen:

This letter is to advise you that EOG Resources, Inc. has filed the enclosed application with the New Mexico Oil Conservation Division. A hearing has been requested before a Division Examiner on June 13, 2024, and the status of the hearing can be monitored through the Division’s website at <http://www.emnrd.state.nm.us/ocd/>.

It is anticipated that hearings will be held in a hybrid format with both in-person and virtual participation options. The meeting will be held in the Pecos Hall Hearing Room at the Wendall Chino Building, 1st Floor, 1220 South St. Francis Dr., Santa Fe, New Mexico. To participate virtually in the hearing, see the instructions posted on the OCD Hearings website: <https://www.emnrd.nm.gov/ocd/hearing-info/>.

You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date. Parties appearing in cases are required to file a Pre-hearing Statement four business days in advance of a scheduled hearing that complies with the provisions of NMAC 19.15.4.13.B.

If you have any questions about this matter, please contact Laci Stretcher at (432) 227-3769 or laci_stretcher@eogresources.com.

Sincerely,

Paula M. Vance

STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION
SANTA FE, NEW MEXICO

The State of New Mexico, Energy Minerals and Natural Resources Department, Oil Conservation Division ("Division") hereby gives notice that the Division will hold public hearings before a hearing examiner for the below listed cases. The hearings will be conducted in a hybrid fashion, both in-person at the Energy, Minerals, Natural Resources Department, Wendell Chino Building, Pecos Hall, 1220 South St. Francis Drive, 1st Floor, Santa Fe, NM 87505 and via the MS Teams virtual meeting platform (sign-in information below) on Thursday, June 13, 2024, at 8:30 a.m.

To participate in the hearings, see the instructions posted below. The docket may be viewed electronically on the Division's website, <http://www.emnrd.state.nm.us/OCD/hearings.html> or obtained from the OCD law clerk, at (505) 469-5527 or freya.tschantz@emnrd.nm.gov.

Documents filed in these cases may be viewed at <http://ocdimage.emnrd.state.nm.us/imaging/CaseFileCriteria.aspx>.

If you are an individual with a disability who needs a reader, amplifier, qualified sign language interpreter, or other form of auxiliary aid or service to attend or participate in a hearing, contact the OCD law clerk using the contact information above, or at the New Mexico Relay Network, 1-800-659-1779, no later than Monday, June 3, 2024.

Persons may view and participate in the hearings through the following link: www.microsoft.com/en-us/microsoft-teams/join-a-meeting
Meeting ID: 267 851 609 747
Passcode: zjuWpG
