## STATE OF NEW MEXICO ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT OIL CONSERVATION DIVISION

## APPLICATION OF AMEREDEV OPERATING, LLC FOR COMPULSORY POOLING, LEA COUNTY, NEW MEXICO.

CASE NO. 24603

### **APPLICATION**

Ameredev Operating, LLC ("Ameredev" or "Applicant") (OGRID No. 372224), through its undersigned attorneys, hereby files this application with the Oil Conservation Division pursuant to the provisions of NMSA 1978, § 70-2-17, for an order pooling all uncommitted minerals owners in a standard 320-acre, more or less, horizontal well spacing unit in the Wolfcamp formation underlying the E/2 W/2 of Sections 3 and 10, Township 26 South, Range 36 East, NMPM, Lea County, New Mexico. In support of its application, Ameredev states:

1. Ameredev is a working interest owner in the proposed horizontal spacing unit and has the right to drill thereon.

2. Ameredev seeks to initially dedicate the above-referenced spacing unit to the proposed **Pimento Fed Com 26-36-03 113H**, to be horizontally drilled from a surface location in the NE/4 NW/4 (Unit C) of Section 3, a first take point from the NE/4 NW/4 (Unit C) of Section 3, to a bottom hole location in the SE/4 SW/4 (Unit N) of Section 10.

3. Ameredev has sought and been unable to obtain voluntary agreement for the development of these lands from all working interest owners and unleased mineral interest owners in the subject spacing unit.

1

4. The pooling of interests will allow Applicant to obtain a just and fair share of the oil and gas underlying the subject lands, avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on July 11, 2024, and, after notice and hearing as required by law, the Division enter an order:

- A. Pooling all uncommitted mineral owners in the horizontal spacing unit;
- B. Designating Ameredev Operating, LLC operator of this spacing unit and the horizontal well to be drilled thereon;
- C. Authorizing Ameredev to recover its costs of drilling, completing, and equipping the well;
- D. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- E. Imposing a 200% charge for the risk assumed by Ameredev in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well.

Respectfully submitted,

## HOLLAND & HART LLP

## ATTORNEYS FOR AMEREDEV OPERATING, LLC

Application of Ameredev Operating, LLC for Compulsory Pooling, CASE : Lea County, New Mexico. Applicant in the above-styled cause seeks an order pooling all uncommitted mineral owners in a standard 320-acre, more or less, horizontal well spacing unit in the Wolfcamp formation underlying the E/2 W/2 of Sections 3 and 10, Township 26 South, Range 36 East, NMPM, Lea County, New Mexico. Ameredev seeks to initially dedicate the above-referenced spacing unit to the proposed Pimento Fed Com 26-36-03 113H, to be horizontally drilled from a surface location in the NE/4 NW/4 (Unit C) of Section 3, a first take point from the NE/4 NW/4 (Unit C) of Section 3, to a bottom hole location in the SE/4 SW/4 (Unit N) of Section 10. Also, to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of Ameredev Operating, LLC as operator of the well, and a 200% charge for risk involved in drilling said well. Said area is located approximately 4 miles southwest of Jal, New Mexico.

## STATE OF NEW MEXICO ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT OIL CONSERVATION DIVISION

## APPLICATIONS OF AMEREDEV OPERATING, LLC FOR COMPULSORY POOLING, LEA COUNTY, NEW MEXICO.

CASE NO. 24603

### **SELF-AFFIRMED STATEMENT OF BRANDON FORTEZA**

1. My name is Brandon Forteza. I work for Ameredev Operating, LLC ("Ameredev") as a Senior Landman.

2. I have previously testified before the New Mexico Oil Conservation Division ("Division") as an expert witness in petroleum land matters. My credentials as a petroleum landman have been accepted by the Division and made a matter of record.

3. I am familiar with the application filed by Ameredev in this case, and I am familiar with the status of the lands in the subject area.

4. None of the uncommitted parties in this case have indicated opposition to proceeding by self-affirmed statement and, therefore, I do not expect any opposition at the hearing.

5. In this case, Ameredev seeks an order pooling all uncommitted minerals owners in a standard 320-acre, more or less, horizontal well spacing unit in the Wolfcamp formation underlying the E/2 W/2 of Sections 3 and 10, Township 26 South, Range 36 East, NMPM, Lea County, New Mexico. Ameredev seeks to initially dedicate the above-referenced spacing unit to the proposed **Pimento Fed Com 26-36-03 113H** (API: 30-025-52800), to be horizontally drilled from a surface location in the NE/4 NW/4 (Unit C) of Section 3, a first take point from the NE/4 NW/4 (Unit C) of Section 3, to a bottom hole location in the SE/4 SW/4 (Unit N) of Section 10.

1

6. **Ameredev Exhibit C-1** contains the C-102 for the proposed well. The exhibit shows that the wells will be assigned to the WC-025 G-09 S263619C, Wolfcamp [98234].

7. Ameredev Exhibit C-2 is an exhibit prepared by me that identifies the tracts of land comprising the proposed horizontal spacing unit in this case. The proposed spacing unit includes federal and fee land.

8. Ameredev Exhibit C-3 shows the interest owners and the percentage of their interest by tract. A unit recapitulation, showing the percentage of ownership interests in the proposed spacing unit, is also included in the exhibit. Ameredev is seeking to pool the uncommitted interest owners with an asterisk next to their name.

9. There are no depth severances in the Wolfcamp formation.

10. Ameredev Exhibit C-4 is a sample of the well proposal letter and AFEs sent to all working interest owners, along with sample lease offer sent to the unleased mineral interest owners. The costs reflected in the AFEs are consistent with what Ameredev and other operators have incurred for drilling similar horizontal wells in the area. Additionally, Ameredev requests overhead and administrative rates of \$7,000 per month for drilling and \$700 per month for a producing well. These rates are consistent with the rates charged by Ameredev and other operators for wells of this type in this area.

11. Ameredev Exhibit C-5 contains a general summary of the contacts with the uncommitted interest owners. As indicated in the exhibit, Ameredev has made a good faith effort to locate and has had communications with most of the parties that it seeks to pool in this case in an effort to reach voluntary joinder. Ameredev was unable to locate two of the parties; Ameredev tried multiple addresses for these unlocatable parties and was unable to make contact but has

continued efforts to try and reach them. In my opinion, Ameredev has undertaken good faith efforts to reach an agreement with the uncommitted interest owners.

12. Ameredev has provided the law firm of Holland & Hart LLP with the names and addresses of the parties that Ameredev seeks to pool and instructed that they be notified of this hearing. Ameredev has conducted a diligent search of all public records in the county where the property is located, reviewed telephone directories, and conducted computer searches to locate contact information for each interest owner.

13. Ameredev Exhibits C-1 through C-5 were either prepared by me or compiled under my direction and supervision.

14. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

Brandon Forteza

RE: Pimento Fed Com 26-36-03 #106H and #113H Well Proposal Sections 3 and 10 Township 26 South, Range 36 East, N.M.P.M., Lea County, New Mexico

Dear Owner:

Ameredev Operating, LLC ("Ameredev"), as Operator, hereby proposes to commence to drill and complete the following horizontal wells, testing the Wolfcamp formation at applicable lease surface locations in Section 3, T26S-36E with bottom hole locations in Section 10, T26S-R36E, Lea County, New Mexico (collectively, the "Operation"). The proposed wells will fall within two 320.00-acre spacing units all located in Sections 3 and 10 of Township 26S, Range 36E, Lea County, NM:

- E2W2 (Pimento Fed Com 26-36-03 #113H)
- W2E2 (Pimento Fed Com 26-36-03 #106H)

#### Proposed Wells:

- Pimento Fed Com 26-36-03 #113H to be drilled to a depth sufficient to test the Wolfcamp formation at an approximate total vertical depth of 11,379 feet and a measured depth of 22,137 feet. The surface location for this well is proposed at a legal location in unit letter C of Section 3, T26S, R36-E and a bottom hole location at a legal location in unit letter N of Section 10, T26S-36E. The estimated cost to drill and complete said well is \$13,158,833.85, as shown on the attached authority for expenditure ("AFE").
- 2) Pimento Fed Com 26-36-03 #106H to be drilled to a depth sufficient to test the Wolfcamp formation at an approximate total vertical depth of 11,150' feet and a measured depth of 22,015' feet. The surface location for this well is proposed at a legal location in Lot B (UL B) of Section 3, T26S, R36-E and a bottom hole location at a legal location in unit letter O of Section 10, T26S-36E. The estimated cost to drill and complete said well is \$13,158,833.85 as shown on the attached authority for expenditure ("AFE").

Our records indicate that you own a 0.01227679 unleased mineral interest within the E2SW4, SW4SE4, NW4SE4 of Section 10, T26S-R36E, which falls within the spacing unit of the Operation. As a mineral interest owner, you have the following options:

- Lease your mineral interest to Ameredev and receive revenues from the Operations as a royalty interest owner. Royalty interest owners are subject to their proportionate share of revenues pursuant to the lease's royalty rate and are not responsible for any of the costs associated with the drilling and completing of the Operation; or
- 2) Participate in the Operations as a working interest owner. Working interest owners are responsible to pay their proportionate share of expenses with the drilling and completing of the Operation.

CONFIDENTIAL

BEFORE THE OIL CONSERVATION DIVISION Santa Fe, New Mexico Exhibit No. C-4 Submitted by: Ameredev Operating, LLC Hearing Date: July 11, 2024 Case No. 24603

## Received by OCD: 7/5/2024 1:22:46 PM

In the event you wish to lease your mineral interest, Ameredev hereby offers the following lease terms:

Legal Description:	E2SW4, SW4SE4,NW4SE4 of Section 10, T26S-R36E, N.M.P.M Lea County, NM
<b>Mineral Interest:</b>	0.01227679 (1.96428571 net acres)
Bonus:	\$2,000/net acres
Term:	3 years
<b>Royalty Rate:</b>	25%
Lease Form:	Enclosed

Upon acceptance of this lease offer please execute the enclosed Oil, Gas & Mineral Lease in front of a notary public. The following documents are to be returned to the attention of the undersigned:

- 1.) Signed letter indicated acceptance of the aforementioned lease offer
- 2.) Fully executed and notarized Oil, Gas & Mineral Lease Form
- 3.) Fully executed W-9 form

The terms of this lease offer are subject to confirmation of record title ownership and may be rescinded at any time. The lease offer shall expire on **Sunday, May 12th ,2024**.

In the event you choose to participate in the Operation as a working interest owner, Ameredev proposes the Operation to be governed by the 2015 Horizontal AAPL Form 610 Operating Agreement ("OA") with the following terms:

- Contract Area consisting of the following all in Sections 3 and 10 of Township 26 South, Range 36 East, N.M.P.M., Lea County, New Mexico, with Ameredev listed as the Operator ("Contract Area"):
  - o E2W2
  - o W2E2
- 100%/300%/300% non-consent risk penalties
- \$7,000/\$700 drilling and producing overhead rates

Please indicate your election on the following page and return the executed letter to the attention of the undersigned. In the interest of time, if we do not reach an agreement within thirty (30) days of the date of this letter, Ameredev will apply to the New Mexico Oil Conservation Division for compulsory pooling of your interest into a horizontal spacing unit for the proposed Operation.

Thank you for your consideration of our proposal. If you have any questions, please contact me at 737-300-4721 or <u>bforteza@ameredev.com</u>. Ameredev looks forward to working with you on this matter.

Sincerely,

14

Brandon Forteza

#### **Total Cost**

#### \$13,158,833.85

#### **Comments on Associated Costs**

Included costs for satellite pad if well goes through a satellite. This is split respectively on the number of wells that are going through the satellite.

#### **Comments on AFE**

The above costs are estimates only and anticipate trouble free operations without any foreseeable change in plans. The actual costs may exceed the estimated costs without affecting the authorization for expenditure herein granted. By approval of this AFE, the working interest owner agrees to pay its proportionate share of actual legal, curative, regulatory, and well costs under term of the joint operating agreement, regulatory order, or other applicable agreement covering this well.

#### Well Control Insurance

Unless otherwise indicated below, you, as a non-operating working interest owner, agree to be covered by Operator's well control insurance procured by Operator so long as Operator conducts operations hereunder and to pay your prorated share of the premiums therefore. If you elect to purchase your own well control insurance, you must provide a certificate of such insurance acceptable to Operator, as to form and limits, at the time this AFE is returned, if available, but in no event later than commencement of drilling operations. You agree that failure to provide the certificate of insurance, as provided herein, will result in your being covered by insurance procured by Operator.

I elect to purchase my own well control insurance policy.

Well control insurance procured by Operator, provides, among other terms, for \$20,000,000 (100% W.I.) of Combined Single Limit coverage for well control and related redrilling and clean-up/pollution expense covering drilling (through completion) with a \$250,000 (100% W.I.) retention.

#### **Marketing Election**

Ameredev sells its gas under arm's-length contracts with third party purchasers. Such contracts may include fees. In addition, penalties may be incurred for insufficient volumes delivered over time. Should you choose to market your share of gas with Ameredev, you will be subject to all of the terms of such contracts. Upon written request to Ameredev, we will share with you the terms and conditions pursuant to which gas will be sold.

I elect to take my gas in kind.

I elect to market my gas with Ameredev pursuant to the terms and conditions of its contracts.

#### Joint Interest Approval

BEFORE THE OIL CONSERVATION DIVISION Santa Fe, New Mexico Exhibit No. C-5 Submitted by: Ameredev Operating, LLC Hearing Date: July 11, 2024 Case No. 24603

### STATE OF NEW MEXICO ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT OIL CONSERVATION DIVISION

## APPLICATIONS OF AMEREDEV OPERATING, LLC FOR COMPULSORY POOLING, LEA COUNTY, NEW MEXICO.

### CASE NO. 24603

### SELF-AFFIRMED STATEMENT OF PARKER FOY

 My name is Parker Foy. I work for Ameredev Operating, LLC ("Ameredev") as a Geologist.

2. I have previously testified before the New Mexico Oil Conservation Division ("Division") as an expert witness in petroleum geology matters. My credentials as a petroleum geologist have been accepted by the Division and made a matter of record.

3. I am familiar with the application filed by Ameredev in this case, and I have conducted a geologic study of the lands in the subject area.

4. **Ameredev Exhibit D-1** is a locator map that shows Ameredev's acreage in yellow and the path of the proposed wellbore. Nearby wells that are producing in the target formation are marked with green dots. This map also shows the location of the Capitan Reef Complex.

5. Ameredev Exhibit D-2 is a subsea structure map that I prepared for the targeted interval within the Wolfcamp formation, with a contour interval of 50 feet. The structure map shows the Wolfcamp gently dipping to the southwest. The Wolfcamp structure appears consistent across the proposed wellbore paths. I do not observe any faulting, pinchouts, or other geologic impediments to horizontally drilling the well proposed in this spacing unit.

BEFORE THE OIL CONSERVATION DIVISION Santa Fe, New Mexico Exhibit No. D Submitted by: Ameredev Operating, LLC Hearing Date: July 11, 2024 Case No. 24603 6. **Ameredev Exhibit D-3** shows a line of cross-section in red consisting of wells penetrating the Wolfcamp formation that I used to construct a stratigraphic cross-section from A to A'. I consider these wells to be representative of the geology in the area.

7. Ameredev Exhibit D-4 contains the stratigraphic cross-sections that I prepared displaying open-hole logs run over the target formations from three representative wells denoted from A to A'. For each well in the cross-sections, the exhibit shows the following logs: gamma ray, resistivity, and porosity. The targeted interval is labeled and marked on the left side of the cross-sections. The logs in the cross-sections demonstrate that the interval is continuous across the entire spacing unit.

8. In my opinion, standup orientation of the proposed wells is the appropriate orientation for horizontal well development in this area because it is near perpendicular to the maximum horizontal stress of the area.

9. Based on my geologic study, the Wolfcamp formation underlying the subject area is suitable for development by horizontal wells and the acreage comprising the proposed spacing units will contribute more-or-less equally to the production from the wellbore. I have not identified any geologic impediments to drilling horizontal wells in the area of the spacing unit proposed.

10. In my opinion, horizontal drilling will be the most efficient method to develop this acreage, to prevent the drilling of unnecessary wells, and to result in the greatest ultimate recovery, and that approving Ameredev's application will be in the best interest of conservation, the prevention of waste, and protection of correlative rights.

11. Ameredev's Exhibits D-1 through D-4 were either prepared by me or compiled under my direction and supervision.

2

12. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

## SELF-AFFIRMED STATEMENT OF PAULA M. VANCE

1. I am attorney in fact and authorized representative of Ameredev Operating. LLC ("Ameredev"), the Applicant herein. I have personal knowledge of the matter addressed herein and am competent to provide this self-affirmed statement.

2. The above-referenced application and notice of the hearing on this application was sent by certified mail to the locatable affected parties on the date set forth in the letter attached hereto.

3. The spreadsheet attached hereto contains the names of the parties to whom notice was provided.

4. The spreadsheet attached hereto contains the information provided by the United States Postal Service on the status of the delivery of this notice as of July 1, 2024.

5. I caused a notice to be published to the parties subject to this compulsory pooling proceeding. The affidavit of publication from the publication's legal clerk with a copy of the notices of publication is attached herein.

6. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

## VIA CERTIFIED MAIL CERTIFIED RECEIPT REQUESTED

## **TO: ALL INTEREST OWNERS SUBJECT TO POOLING PROCEEDINGS**

## Re: Application of Ameredev Operating, LLC for Compulsory Pooling, Lea County, New Mexico: *Pimento Fed Com 26 36 03 113H Well*

Ladies & Gentlemen:

This letter is to advise you that Ameredev Operating, LLC has filed the enclosed application with the New Mexico Oil Conservation Division. A hearing has been requested before a Division Examiner on July 11, 2024, and the status of the hearing can be monitored through the Division's website at <u>https://www.emnrd.nm.gov/ocd/</u>.

It is anticipated that hearings will be held in a hybrid format with both in-person and virtual participation options. The meeting will be held in the Pecos Hall Hearing Room at the Wendall Chino Building, 1st Floor, 1220 South St. Francis Dr., Santa Fe, New Mexico. To participate virtually in the hearing, see the instructions posted on the OCD Hearings website: https://www.emnrd.nm.gov/ocd/hearing-info/.

You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date. Parties appearing in cases are required to file a Pre-hearing Statement four business days in advance of a scheduled hearing that complies with the provisions of NMAC 19.15.4.13.B.

If you have any questions about this matter, please contact Brandon Forteza at (737) 300-4721 or bforteza@ameredev.com.

Sincerely,

Paula M. Vance ATTORNEY FOR AMEREDEV OPERATING, LLC

LEGAL NOTICE July 3, 2024

Page 36 of 36

# STATE OF NEW MEXICO ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT OIL CONSERVATION DIVISION SANTA FE, NEW MEXICO

NOTICE IS HEREBY GIVEN that on Thursday, July 11, 2024, beginning at 8:30 a.m., the Oil Conservation Division ("OCD") of the New Mexico Energy, Minerals and Natural Resources Department will hold public hearings, pursuant to 19.5.4 NMAC for the purpose of considering new applications listed in this notice. All interested persons are invited to appear. The hearings will be held before a hearing examiner and will be conducted in a hybrid fashion, both in-person and via MS Teams virtual meeting platform. To attend:

In-person: Energy, Minerals and Natural Resources Department Wendell Chino Building – Pecos Hall 1220 South St. Francis Drive, 1st Floor Santa Fe, NM 87505

Virtually:

MS Teams Link: Click here to be connected to the MS Teams meeting.

**Telephone:** Dial in by phone: (505) 312-4308 Phone conference ID: 729 232 854#

If you choose to attend remotely, please mute yourself upon entry.

The docket may be viewed at https://www.emnrd.nm.gov/ocd/hearing-info/ or obtained from Freya Tschantz, at Freya.Tschantz@emnrd.nm.gov.

Documents filed in these cases may be viewed at https://ocdimage.emnrd.nm.gov/Imaging/Default.aspx

Presenting parties are required to submit a pre-hearing statement no later than the Thursday before the hearing.

The pre-hearing statement shall include: 1) a list of disputed facts and issues; 2) identification of witnesses and their qualifications; and 3) all exhibits and written testimony a party intends to enter into evidence at the hearing and a full narrative for each.

If you are an individual with a disability who needs a reader, amplifier, qualified sign language interpreter, or other form of auxiliary aid or service to attend or participate in a hearing, contact Freya,Tschantz@emnrd.nm.gov, or the New Mexico Relay Network at 1-800-659-1779, no later than 10 days prior to the hearing.

STATE OF NEW MEXICO TO: All named parties and persons having any right, title, interest or claim in the following case and notice to the public.

(NOTE: All land descriptions herein refer to the New Mexico Principal Meridian whether or not so stated.)

To: All affected Interest owners, including: Carolyn Michelle Beckham, her heirs and devisees; Doornbos Mineral Partners, LLC; Issacs Family Limited Liability Limited Partnership; Joe N Gifford And Emily Gifford, their heirs and devisees; Oxy USA WTP, LP; Quail Creek Royalty, LLC; Realeza Del Spear, LP; and XTO Holdings, LLC.

Case No. 24603: Application of Ameredev Operating, LLC for Compulsory Pooling, Lea County, New Mexico. Applicant in the above-styled cause seeks an order pooling all uncommitted mineral owners in a standard 320-acre, more or less, horizontal well spacing unit in the Wolfcamp formation underlying the E/2 W/2 of Sections 3 and 10, Township 26 South, Range 36 East, NMPM, Lea County, New Mexico. Ameredev seeks to initially dedicate the above-referenced spacing unit to the proposed Pimento Fed Com 26-36-03 113H, to be horizontally drilled from a surface location in the NE/4 NW/4 (Unit C) of Section 3, a first take point from the NE/4 NW/4 (Unit C) of Section 3, to a bottom hole location in the SE/4 SW/4 (Unit N) of Section 10. Also, to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, designation of Ameredev Operating, LLC as operator of the well, and a 200% charge for risk involved in drilling said well. Said area is located approximately 4 miles southwest of Jal, New Mexico. #00291878 #00291878
