NOTICE OF FILING REVISED EXHIBIT PACKAGES

Case Nos. 24651 - 24654

The revised exhibit packages contain the following changes:

Replacement Exhibit 5, the affidavit of publication.

James Bruce
Attorney for Mewbourne Oil Company

(c) Each quarter-quarter section in each well unit will contribute more or less equally to production from a well.

(d) There is no faulting or other geologic impediment in the area which will affect the drilling of the subject wells.

6. Exhibit 3-A shows that Second Bone Spring Sand wells in the area are predominantly laydown wells. Mewbourne believes laydown well units are reasonable.

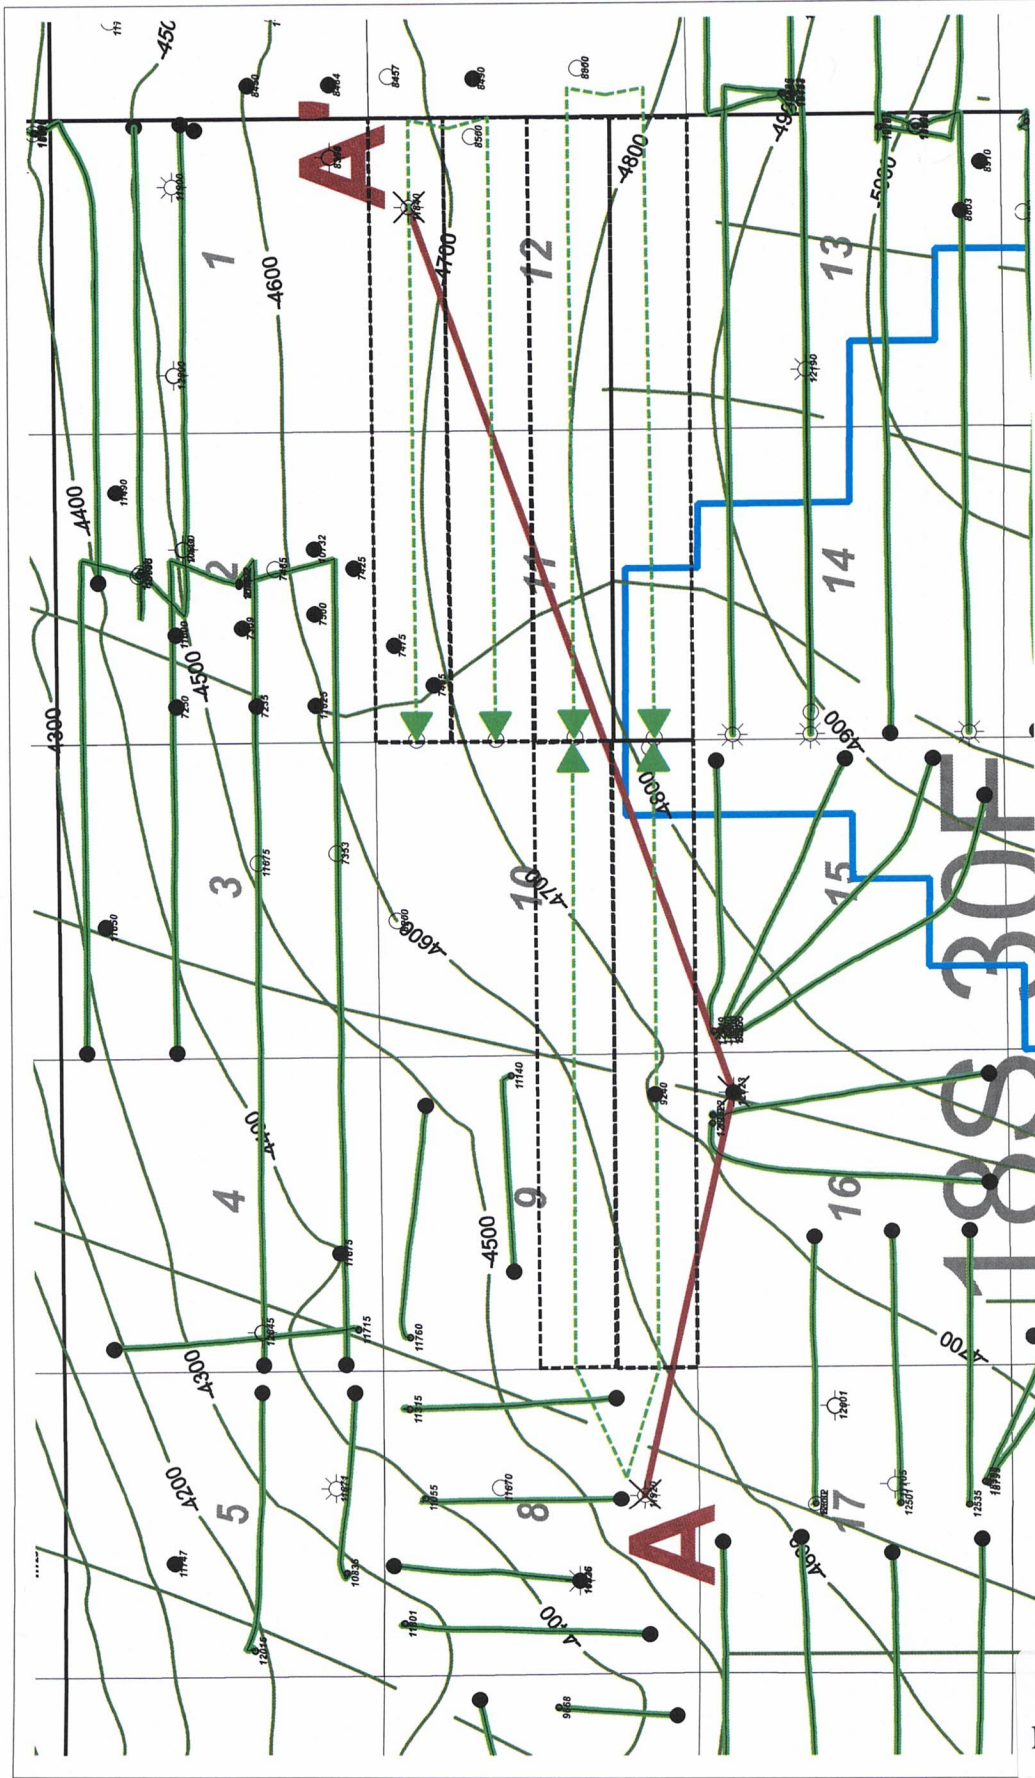

7. Exhibit 3-C contains horizontal drilling plans for the proposed wells. The producing intervals of the wells will be orthodox.

I understand that this Self-Affirmed Statement will be used as written testimony in this case. I affirm that my testimony in paragraphs 1 through 7 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.
