GOODNIGHT'S REQUEST TO ISSUE SUBPOENAS FOR (1) DEPOSITION OF DR. ROBERT LINDSAY AND (2) PRODUCTION OF DOCUMENTS

Pursuant to NMSA 1978, §70-2-8 and 19.15.4.16.A NMAC, Rules 1-026 and 1-030(B) NMRA, Goodnight Midstream Permian, LLC ("Goodnight"), by and through undersigned counsel, hereby files this request that the New Mexico Oil Conservation Commission issue the attached subpoenas for (1) the deposition of Dr. Robert Lindsay and (2) production of documents.

INTRODUCTION

Commission Rule 19.15.4.16(A) NMAC directs the Commission to issue subpoenas for pre-hearing witness depositions “in extraordinary circumstances for good cause shown.” It provides, in relevant part, that “[t]he commission and director or the director’s authorized representative *shall* issue subpoenas for witness depositions in advance of the hearing only in extraordinary circumstances for good cause shown.” 19.15.4.16(A) NMAC (emphasis added). Thus, if the Commission determines that there are extraordinary circumstances and that Goodnight has shown good cause to depose Empire’s expert Dr. Lindsay, then the Commission should issue the deposition subpoena attached hereto as **Exhibit A**. As explained further below, good cause exists to issue the subpoena for deposition of Dr. Lindsay.

In addition, the Commission or its authorized representative “*shall*, upon a party’s request, issue a subpoena for production of books, papers, records, other tangible things or electronic data in advance of the hearing.” *Id.* (emphasis added). By this Motion, Goodnight requests that the Commission issue the subpoena attached hereto as **Exhibit B**.

ARGUMENT

This case involves unusually complex technical and geological issues that require substantial pre-hearing discovery. These issues include: (1) whether an economically viable residual oil zone exists in the portion of the San Andres formation that lies within the Eunice Monument South Unit (“EMSU”); and (2) whether injection of produced water into that formation will cause waste, impair correlative rights, or otherwise interfere with the operations in the EMSU.

Dr. Lindsay’s testimony and conclusions are the sole basis of certain assumptions made by Empire’s other witnesses who are testifying about these key issues. Specifically, Empire’s witnesses—William West, Dr. Buchwalter, Dr. Trentham, and Galen Dillewyn—all testified in

their depositions that they relied on information provided by Empire's witness, Dr. Lindsay, including among other things his determination of the oil-water-contact in the Eunice Monument South Unit, his fracture analysis purportedly establishing communication pathways between the San Andres and Grayburg formations, chemistry data, and other information. Until their depositions, it was impossible to determine from Empire's witness statements or the documents Empire produced under the prehearing order that these witnesses were relying on Dr. Lindsay for this information. For example, despite his extensive testimony, Mr. West produced only two documents that he reviewed or relied on to prepare his testimony, neither of which relate to Dr. Lindsay. Mr. West also never referenced Dr. Lindsay in his written testimony.

To prepare its rebuttal witnesses and exhibits, due February 6, 2025, and prepare for the evidentiary hearing, beginning with opening statements on February 20, 2025, Goodnight requests that the Commission promptly issue a subpoena for deposition of Dr. Lindsay, in the form attached hereto as **Exhibit A**, along with the subpoena for documents attached as **Exhibit B**.

CONCLUSION

For the reasons stated, Goodnight respectfully requests that the Commission issue the deposition subpoena attached as **Exhibit A** along with the subpoena for documents attached as **Exhibit B**.
