

## NOTICE OF PUBLIC HEARING FOR PROPOSED RULEMAKING

The New Mexico Oil Conservation Commission (Commission) hereby gives notice that the Commission will hold a public hearing to consider proposed amendments to Commission rules at 19.15.2, 19.15.5, 19.15.8, 19.15.9, and 19.15.25 NMAC. Western Environmental Law Center, Citizens Concerned for the Future, Conservation Voters New Mexico Education Fund, Diné C.A.R.E., Earthworks, Naeva, New Mexico Interfaith Power and Light, San Juan Citizens Alliance, and Sierra Club propose the amendments. The public hearing will be held in-person, online, and by telephone commencing October 20, 2025 at 9:00 am and continuing each weekday thereafter as necessary.

**Purpose of Proposed Amendments.** The purpose of the proposed amendments is to require financial assurance from oil and gas operators that better reflects the actual costs to plug and abandon oil and gas wells in the state to better protect the State of New Mexico against the risks of wells becoming orphaned; to require that wells placed in temporary abandonment will be returned to beneficial use within a reasonable period or will be plugged and abandoned; and to set forth requirements for transfer of wells to better protect the state against transfer of wells that could become orphaned.

**Summary of Proposed Amendments.** The proposed amendments would add meeting the waste prevention requirements at Subsection A of 19.15.27.8 NMAC as a requirement for an operator to be in compliance at Subsection A of 19.15.5.9 NMAC and to eliminate the allowance that a certain number of wells may be out of compliance with 19.15.25.8 NMAC to be considered in compliance for purposes of Subsection A of 19.15.5.9 NMAC; modify financial assurance requirements for wells at 19.15.8 NMAC to better reflect actual well plugging and abandonment costs and risks to the state and add a new category of marginal wells for financial assurance based on their risk; modify well transfer requirements at 19.15.9 NMAC to better protect against risks to the state against wells becoming orphaned; modify requirements at 19.15.25 NMAC for presumptively determining whether wells are being used for beneficial purposes and placing wells in approved temporary abandonment status, maintaining wells in that status, and renewing that status; and modify certain definitions at 19.15.2 NMAC to reflect the other proposed amendments.

**Legal Authority.** The proposed rule is authorized by the Oil and Gas Act, NMSA 1978, Sections 70-2-1 through 70-2-38, including Section 70-2-6 (authorizing Commission to exercise jurisdiction, authority, and control over all persons, matters, and things necessary or proper to enforce the statute), Section 70-2-11 (authorizing Commission to make rules to prevent waste, protect correlative rights, and to do whatever may be reasonably necessary to implement the statute), Section 70-2-12 (enumerating powers of Commission and Oil Conservation Division (OCD)), and Section 70-2-14 (authorizing Commission to establish categories of financial assurance). The public hearing is governed by the Commission's rule on rulemaking proceedings at 19.15.3 NMAC.
