CASE NO. <u>25333</u> ORDER NO. R-23223

APPLICATION

Marathon Oil Permian, LLC ("Marathon" or "Applicant"), through its undersigned attorneys, hereby files this application with the Oil Conservation Division to extend the drilling deadline under compulsory pooling Order No. R-23223 ("Order") and to add additional mineral interest owners to the pooling order. In support of its application, Marathon states:

1. Division Order No. R-23223, entered on May 22, 2024, in Case No. 24150, created a standard 640-acre, more or less, horizontal spacing unit comprised of the S/2 of Sections 28 and 29, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico (the "Unit"), and designated Marathon as operator of the Unit.

2. Order No. R-23223 further pooled the uncommitted mineral owners in the Bone Spring formation (Cass Draw; Bone Spring [10380]) in the Unit and dedicated the Unit to the proposed initial Magellan BS Fee #501H (API No. 30-015-PENDING) and Magellan BS Fee #502H (API No. 30-015-PENDING).

3. Applicant requests that Order No. R-23223 be re-opened and amended to allow Applicant additional time to commence drilling the wells under the Order.

4. There is good cause for Applicant's request for an extension of time to drill.

Marathon was recently acquired by ConocoPhillips and necessarily paused its drilling program

pending closing of the acquisition. Now that the acquisition has closed, Marathon requires additional time to drill the wells.

- 5. Under the Order, Applicant would be required to commence drilling the wells by May 23, 2025, and therefore, asks for the deadline to commence drilling the wells be extended for a year, to May 23, 2026.
- 6. Applicant has also discovered additional mineral interest owners in the pooled acreage that were not subject to the pooling proceedings giving rise to Order R-23223.
- 7. Applicant has sought and been unable to obtain voluntary agreement for the development of these lands from these additional mineral interest owners.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on May 8, 2025, and, after notice and hearing as required by law, the Division enter an order extending the time for Marathon to commence drilling the proposed initial wells and add additional pooled parties under the Order.

IN THE MATTER OF APPLICATION FOR COMPULSORY POOLING SUBMITTED BY MARATHON OIL PERMIAN, LLC

CASE NO. 24150 ORDER NO. R-23223

ORDER

The Director of the New Mexico Oil Conservation Division ("OCD"), having heard this matter through a Hearing Examiner on May 2, 2024, and after considering the testimony, evidence, and recommendation of the Hearing Examiner, issues the following Order.

FINDINGS OF FACT

- 1. Marathon Oil Permian, LLC ("Operator") submitted an application ("Application") to compulsory pool the uncommitted oil and gas interests within the spacing unit ("Unit") described in Exhibit A. Operator seeks to be designated the operator of the Unit.
- 2. Operator will dedicate the well(s) described in Exhibit A ("Well(s)") to the Unit.
- 3. Operator proposes the supervision and risk charges for the Well(s) described in Exhibit A.
- 4. Operator identified the owners of uncommitted interests in oil and gas minerals in the Unit and provided evidence that notice was given.
- 5. The Application was heard by the Hearing Examiner on the date specified above, during which Operator presented evidence through affidavits in support of the Application. No other party presented evidence at the hearing.

CONCLUSIONS OF LAW

- 6. OCD has jurisdiction to issue this Order pursuant to NMSA 1978, Section 70-2-17.
- 7. Operator is the owner of an oil and gas working interest within the Unit.
- 8. Operator satisfied the notice requirements for the Application and the hearing as required by 19.15.4.12 NMAC.
- 9. OCD satisfied the notice requirements for the hearing as required by 19.15.4.9 NMAC.
- 10. Operator has the right to drill the Well(s) to a common source of supply at the depth(s) and location(s) in the Unit described in Exhibit A.

- 11. The Unit contains separately owned uncommitted interests in oil and gas minerals.
- 12. Some of the owners of the uncommitted interests have not agreed to commit their interests to the Unit.
- 13. The pooling of uncommitted interests in the Unit will prevent waste and protect correlative rights, including the drilling of unnecessary wells.
- 14. This Order affords to the owner of an uncommitted interest the opportunity to produce his just and equitable share of the oil or gas in the pool.

ORDER

- 15. The uncommitted interests in the Unit are pooled as set forth in Exhibit A.
- 16. The Unit shall be dedicated to the Well(s) set forth in Exhibit A.
- 17. Operator is designated as operator of the Unit and the Well(s).
- 18. If the location of a well will be unorthodox under the spacing rules in effect at the time of completion, Operator shall obtain the OCD's approval for a non-standard location in accordance with 19.15.16.15(C) NMAC.
- 19. If the Unit is a non-standard horizontal spacing unit which has not been approved under this Order, Operator shall obtain the OCD's approval for a non-standard horizontal spacing unit in accordance with 19.15.16.15(B)(5) NMAC.
- 20. The Operator shall commence drilling the Well(s) within one year after the date of this Order, and complete each Well no later than one (1) year after the commencement of drilling the Well.
- 21. This Order shall terminate automatically if Operator fails to comply with Paragraph 20 unless Operator obtains an extension by amending this Order for good cause shown.
- 22. The infill well requirements in 19.15.13.9 NMAC through 19.15.13.12 NMAC shall be applicable.
- 23. Operator shall submit each owner of an uncommitted working interest in the pool ("Pooled Working Interest") an itemized schedule of estimated costs to drill, complete, and equip the well ("Estimated Well Costs").
- 24. No later than thirty (30) days after Operator submits the Estimated Well Costs, the owner of a Pooled Working Interest shall elect whether to pay its share of the Estimated Well Costs or its share of the actual costs to drill, complete and equip the well ("Actual Well Costs") out of production from the well. An owner of a Pooled

Working Interest who elects to pay its share of the Estimated Well Costs shall render payment to Operator no later than thirty (30) days after the expiration of the election period, and shall be liable for operating costs, but not risk charges, for the well. An owner of a Pooled Working Interest who fails to pay its share of the Estimated Well Costs or who elects to pay its share of the Actual Well Costs out of production from the well shall be considered to be a "Non-Consenting Pooled Working Interest."

- 25. No later than one hundred eighty (180) days after Operator submits a Form C-105 for a well, Operator shall submit to each owner of a Pooled Working Interest an itemized schedule of the Actual Well Costs. The Actual Well Costs shall be considered to be the Reasonable Well Costs unless an owner of a Pooled Working Interest files a written objection no later than forty-five (45) days after receipt of the schedule. If an owner of a Pooled Working Interest files a timely written objection, OCD shall determine the Reasonable Well Costs after public notice and hearing.
- 26. No later than sixty (60) days after the expiration of the period to file a written objection to the Actual Well Costs or OCD's order determining the Reasonable Well Costs, whichever is later, each owner of a Pooled Working Interest who paid its share of the Estimated Well Costs shall pay to Operator its share of the Reasonable Well Costs that exceed the Estimated Well Costs, or Operator shall pay to each owner of a Pooled Working Interest who paid its share of the Estimated Well Costs its share of the Estimated Well Costs that exceed the Reasonable Well Costs.
- 27. The reasonable charges for supervision to drill and produce a well ("Supervision Charges") shall not exceed the rates specified in Exhibit A, provided however that the rates shall be adjusted annually pursuant to the COPAS form entitled "Accounting Procedure-Joint Operations."
- 28. No later than within ninety (90) days after Operator submits a Form C-105 for a well, Operator shall submit to each owner of a Pooled Working Interest an itemized schedule of the reasonable charges for operating and maintaining the well ("Operating Charges"), provided however that Operating Charges shall not include the Reasonable Well Costs or Supervision Charges. The Operating Charges shall be considered final unless an owner of a Pooled Working Interest files a written objection no later than forty-five (45) days after receipt of the schedule. If an owner of a Pooled Working Interest files a timely written objection, OCD shall determine the Operating Charges after public notice and hearing.
- 29. Operator may withhold the following costs and charges from the share of production due to each owner of a Pooled Working Interest who paid its share of the Estimated Well Costs: (a) the proportionate share of the Supervision Charges; and (b) the proportionate share of the Operating Charges.

- 30. Operator may withhold the following costs and charges from the share of production due to each owner of a Non-Consenting Pooled Working Interest: (a) the proportionate share of the Reasonable Well Costs; (b) the proportionate share of the Supervision and Operating Charges; and (c) the percentage of the Reasonable Well Costs specified as the charge for risk described in Exhibit A.
- 31. Operator shall distribute a proportionate share of the costs and charges withheld pursuant to paragraph 30 to each Pooled Working Interest that paid its share of the Estimated Well Costs.
- 32. Each year on the anniversary of this Order, and no later than ninety (90) days after each payout, Operator shall provide to each owner of a Non-Consenting Pooled Working Interest a schedule of the revenue attributable to a well and the Supervision and Operating Costs charged against that revenue.
- 33. Any cost or charge that is paid out of production shall be withheld only from the share due to an owner of a Pooled Working Interest. No cost or charge shall be withheld from the share due to an owner of a royalty interests. For the purpose of this Order, an unleased mineral interest shall consist of a seven-eighths (7/8) working interest and a one-eighth (1/8) royalty interest.
- 34. Except as provided above, Operator shall hold the revenue attributable to a well that is not disbursed for any reason for the account of the person(s) entitled to the revenue as provided in the Oil and Gas Proceeds Payment Act, NMSA 1978, Sections 70-10-1 *et seq.*, and relinquish such revenue as provided in the Uniform Unclaimed Property Act, NMSA 1978, Sections 7-8A-1 *et seq.*

STATE OF NEW MEXICO ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT OIL CONSERVATION DIVISION

APPLICATION OF MARATHON OIL PERMIAN, LLC TO EXTEND THE DRILLING DEADLINE UNDER ORDER NO. R-23223 AND ADD ADDITIONAL POOLED PARTIES, EDDY COUNTY, NEW MEXICO.

CASE NO. 25333 ORDER NO. R-23223

SELF-AFFIRMED STATEMENT OF BENJAMIN STECKER

- 1. My name is Benjamin Stecker. I work for Marathon Oil Permian, LLC ("Marathon") as a Landman. I have not previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum land matters; therefore I have attached my resume as **Marathon Exhibit C-1**, which summarizes my education and work experience as a petroleum landman. I ask that my credentials as an expert in petroleum land matters be accepted by the Division and made a matter of record.
- 2. I am familiar with the application filed by Marathon in this case, and I am familiar with the status of the lands in the subject area.
- 3. None of the uncommitted parties in this case have indicated opposition to proceeding by self-affirmed statement and, therefore, I do not expect any opposition at the hearing.
- 4. Under Case No. 25333, Marathon seeks to amend Division Order R-23223 to allow for an extension of time to drill the initial proposed wells and to pool additional uncommitted interests under the Pooling Order. Division Order R-23223 was issued on May 22, 2024 in Case No. 24150 and pooled the uncommitted interests in the Bone Spring formation underlying a standard 640-acre, more or less, horizontal spacing unit comprised of the S/2 of Sections 28 and 29, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico, and initially

dedicated the unit to the proposed initial **Magellan BS Fee #501H** (API No. 30-015-PENDING) and **Magellan BS Fee #502H** (API No. 30-015-PENDING).

- 5. Good cause exists to extend the deadline to commence drilling under the order for a year. Marathon was recently acquired by ConocoPhillips and necessarily paused its drilling program pending closing of the acquisition. Now that the acquisition has closed, Marathon requires additional time to drill the wells.
- 6. None of the working interest owners that remain subject to these pooling orders have been asked at this time to make an election on the applicable wells, or to pay their estimated share of the costs to drill, complete and equip the applicable wells. And no other operator has proposed to drill or develop the subject acreage. In addition, Marathon is in good standing with the Division's compliance requirements and regulations.
- 7. Approval will allow Applicant to obtain a just and fair share of the oil and gas underlying the subject lands, avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.
 - 8. In my opinion, an extension is justified under these circumstances.
- 9. **Marathon Exhibit C-2** is an update to the pooling exhibit from Case No. 24150, showing that several pooled parties have conveyed their interest since the original order. Subsequent purchasers subject to Order No. R-23223 are indicated in yellow. Additional parties that Marathon seeks to pool are denoted with an asterisk.
- 10. **Marathon Exhibit C-3** contains a sample of the well proposal letter and AFEs sent to the additional parties to be pooled with a working interest. The costs reflected in the AFEs are consistent with what Marathon and other operators have incurred for drilling similar horizontal wells in the area in this formation.

- 11. **Marathon Exhibit C-4** contains a general summary of the contacts with the additional parties to be pooled. As indicated in the exhibit, Marathon has made a good faith effort to locate and has had communications with the additional parties in an effort to reach voluntary joinder. In my opinion, Marathon has undertaken good faith efforts to reach an agreement with the uncommitted interest owners.
 - 12. The granting of this application will prevent waste and protect correlative rights.
- 13. **Marathon Exhibits C-1 though C-4** were either prepared by me or compiled under my direction and supervision.
- 14. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

Ladies & Gentlemen:

This letter is to advise you that Marathon Oil Permian, LLC has filed the enclosed application with the New Mexico Oil Conservation Division. A hearing has been requested before a Division Examiner on May 8, 2025, and the status of the hearing can be monitored through the Division's website at http://www.emnrd.state.nm.us/ocd/.

It is anticipated that hearings will be held in a hybrid format with both in-person and virtual participation options. To participate virtually in the hearing, see the instructions posted on the OCD Hearings website: https://www.emnrd.nm.gov/ocd/hearing-info/.

You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony.
