Case Nos. 25661 & 25662

VERIFIED STATEMENT OF CHARLES CROSBY

Charles Crosby, being duly sworn upon his oath, deposes and states:

1. I am a geologist for Mewbourne Oil Company ("Mewbourne"), and have personal knowledge of the matters stated herein. I have previously been qualified by the Division as an expert geologist.

2. Mewbourne filed this application with the Oil Conservation Division for orders pooling all uncommitted mineral interest owners in the Bone Spring formation underlying proximity tract horizontal spacing units comprised of the N/2 of Sections 5 and 6, and separately the S/2 of Sections 5 and 6, Township 18 South, Range 31 East, NMPM, Eddy County, New Mexico. Applicant proposes to drill several wells to test the First and Second Bone Spring zones:

3. Attached as Exhibit 3-A is a Horizontal Activity Map showing the proposed First Bone Spring development. Structure dips to the south. There are no immediately offsetting First Bone Spring wells.

4. Attached as Exhibit 3-B is a Horizontal Activity Map showing all existing and proposed Second Bone Spring development in the area. Structure dips to the south. There are a number of offsetting Second Bone Spring tests, which are all oriented as laydown wells.

5. Attached as Exhibits 3-C and 3-D are cross-sections of the First and Second Bone Spring zones, respectively. The logs on the cross-sections give a representative sample of the First and Second Bone Spring zones. Both target zones are continuous and uniformly thick in the well units.

6. From the maps I conclude that:

- (a) The horizontal spacing units are justified from a geologic standpoint;
- (b) The target zones in this case are continuous and uniformly thick in the well units.

EXHIBIT

3

- (c) The quarter-quarter sections in the well units will contribute more or less equally to production from each well.
- (d) There is no faulting or other Impediment affecting the drilling of the wells.
- 7. Bone Spring wells drilled in the area show a preference for laydown well units.
- 8. The attachments to this affidavit were prepared by me or under my supervision.
- 9. The granting of these applications is in the interests of conservation and the prevention of waste.

I understand that this Self-Affirmed Statement will be used as written testimony in these cases. I affirm that my testimony in paragraphs 1 through 9 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.
