APPLICATION OF COTERRA ENERGY
OPERATING CO. FOR COMPULSORY

CASE NO. 25919
Order No. R-23749

AFFIDAVIT OF LANDMAN ADAM MORGAN

Adam Morgan hereby states and declares:

1. My name is Adam Morgan, and I am a landman in the Permian Business Unit for Coterra Energy Operating Co. (“Coterra”), successor in interest to Avant Operating, LLC (“Avant”). I have been a professional landman for Coterra for 16 years. Prior to joining the Permian Business Unit in 2025, I worked in the Marcellus Business Unit. I graduated from Harding University with a degree in Business Administration in Accounting and earned my Juris Doctorate from Duquesne University School of Law with a focus on Energy and Environmental Law. I believe my education and experience qualify me to testify before the Oil Conservation Division (“Division”) as an expert witness in petroleum land matters. A copy of my resume has been attached as Coterra **Exhibit A-2**.

2. I am submitting this affidavit in support of Coterra’s application in the above-referenced case pursuant to 19.15.14.12(A)(1) NMAC.

3. I am familiar with the application originally filed by Avant in this case, and I am familiar with the status of the lands that are subject to this application. Copies of Coterra’s Application and the Proposed Hearing Notice are attached as Coterra’s **Exhibit A-3**.

4. In this application, Coterra seeks an order amending Order No. R-23749 (the “Order”) to allow for an extension of time to commence drilling the wells authorized by the Order.

5. The Division issued Order No. R-23749 in Case No. 24872 on April 1, 2025.

6. The Order pooled all uncommitted interests in a 1262.72-acre, more or less, Wolfcamp horizontal spacing unit comprised of Sections 30 and 31, Township 18 South, Range 34 East, NMPM, Lea County, New Mexico, and approved a non-standard unit (the "Unit"). A copy of the Order is attached as **Exhibit A-4**.

7. The Order designated Avant as the operator of the Unit and the wells to be drilled within the Unit. Coterra is Avant's successor-in-interest under the Order. In January 2025, Coterra acquired Avant and its interests in the lands subject to the Order.

8. Paragraphs 28 and 29 of the Order require Coterra to commence drilling the initial well within one (1) year from the date of the Order unless Coterra obtains a time extension from the Division for good cause shown. Under the Order, the deadline to commence drilling the wells is April 1, 2026.

9. Coterra requests that the Order be re-opened and amended to allow Coterra additional time to commence drilling the wells under the Order.

10. Good cause exists for Coterra's request for an extension of time.

11. This is Coterra's first request for an extension of time for the Order. Coterra is in good standing under the Division rules and regulations with respect to the Order. Coterra has experienced delays in planned development due to the January 2025 acquisition of Avant, as well as the acquisition of Franklin Mountain Energy. Additionally, unanticipated changes in economic conditions, including volatile commodity price fluctuations and tariffs, have resulted in economic uncertainty creating unexpected delay.

12. Coterra requests an extension of time for one year from April 1, 2026 to April 1, 2027 to commence drilling the wells under the Order.

13. None of the working interest owners subject to the pooling order have been asked to make an election on the wells or to pay their estimated share of the costs to drill, complete, and equip the wells.

14. Coterra provided updated notice information, to the extent necessary, to Coterra's counsel to provide notice of this extension application. None of the parties pooled by the Order and noticed for this extension application have indicated opposition to this matter proceeding by affidavit, and therefore I do not expect any opposition at the hearing.

15. The exhibits to my self-affirmed statement were prepared by me, or compiled from company business records, or were prepared at my direction or supervision.

16. In my opinion, the granting of this application is in the best interest of conservation, the prevention of waste, and the protection of correlative rights.

17. I swear that to the best of my knowledge and belief, all of the matters set forth herein and in the exhibits are true, correct, and accurate.

[Remainder of the page intentionally left blank.]

Signature page of Self-Affirmed Statement of ADAM MORGAN:

I understand that this Self-Affirmed Statement will be used as written testimony before the Division in above-referenced Case Nos. and affirm that my testimony herein is true and correct, to the best of my knowledge and belief and made under penalty of perjury under the laws of the State of New Mexico.

SR. LANDMAN

- ❑ **Complex Negotiation & Conflict Resolution:** Steered a high-stakes lease negotiation with a landowner possessing approximately 500 open acres; successfully drafted and reworked an agreement through multiple iterations, securing capitulation during a crucial meeting and finalizing an acceptable counteroffer after a contentious initial rejection.
- ❑ **Contract Drafting & Interpretation:** Successfully amended and interpreted contractual language, notably arguing the impact of a comma placement in a clause during discussions with legal counterparts; this expertise was pivotal in crafting multiple documents and adjusting standard agreements to enhance clarity and enforceability.
- ❑ **Leadership & Mentorship:** Led a team overseeing the acquisition of 150,000 acres across four (4) contiguous counties, involving direct field engagement and mentorship of over 30 land agents; this leadership extended to drafting educational materials and mentoring interns, significantly improving operational and training outcomes.

PROFESSIONAL WORK HISTORY

COTERRA ENERGY

11/2009 to Present

Sr. Landman (from 2025 to Present)

Midland, TX

Manage land operations / negotiations in the Delaware Basin, focusing on Reeves County, TX and Lea County, NM.

- **Resolve** long outstanding issue regarding electing to take a Back-In After Payout that the operator did not recognize resulting in initial payment of over \$750,000.
- **Negotiate** a Wellbore Cost Carry Agreement allowing the extension of laterals and accessing stranded acreage.

Landman (Increased Land Management Responsibility from 2009 to 2024)

Pittsburgh, PA

Manage land operations / negotiations in the Appalachia Basin, focusing on the Marcellus Shale and exploration plays.

Negotiation & Stakeholder Engagement

- **Negotiate** the leasing of approximately 50% of new leases in the Marcellus Shale, enabling lateral extensions over 100,000 feet, through direct engagement with landowners and strategic management of leasing budgets.
- **Resolve** complex lease negotiations with a major landowner, overcoming significant challenges to secure a final agreement through persistent engagement and strategic use of intermediary field landmen.
- **Champion** a 150,000-acre land acquisition in Ohio, directing due diligence and revising critical documents to reflect modern oil and gas activities while ensuring compliance with legacy lease requirements.

Contract & Document Management

- **Streamline** the drafting process by condensing multiple Word documents into a single spreadsheet, enhancing the efficiency of creating, reviewing, and interpreting title clearance packets for drilling.
- **Enhance** operational effectiveness by designing an Option to Lease form and consolidating multiple location approval documents into one, facilitating negotiations for well pad locations by Surface Landmen.

ADAM MORGAN, JD, CPL • Midland, TX • (432) 620.1688 • adam.morgan@coterra.com

- **Initiate** the development of a comprehensive title database to expedite title clearance drafting and enable GIS integration, ensuring quick access and visualization of landowner mortgage and subordination data.

Collaboration & Coordination

- **Collaborate** with geologists and reservoir engineers to identify and evaluate prospective leasing areas, culminating in a management-approved exploration project focused on expanding operational scope.
- **Coordinate** with more than 30 land agents across multiple brokerages to amend legacy leases and secure new leases around gas storage fields, personally engaging with landowners to foster trust and facilitate tough negotiations.
- **Mentor** summer interns by designing their projects and providing professional development guidance, ensuring a rich learning environment based on lessons learned concerning negotiation, land development, and landowner relations.

EARLY CAREER

Independent Landman (In-House Consultant)

1/2005 to 11/2009

- Secured rights and obligations across 100,000 acres by negotiating and analyzing leases in partnership with a broker and multidisciplinary team in the Fayetteville Shale / Arkoma Basin from 2005 to 2008; later, as an In-House Consultant Landman in 2009, improved system capture of lease details.

NOTABLE PROJECTS

Ohio Exploration Project (Coterra Energy)

- Amended legacy leases across 185,000 acres in 5 counties, leading a team of 30+ agents from 2 brokerages; refined the Sublease Agreement, managed due diligence and drafted crucial documents to clear 4 wells for drilling.

Pennsylvania Leasing Project (Coterra Energy)

- Secured a 100% increase in the 2022 land acquisition budget, extending into 2023, by evaluating a new leasing area; collaborated with Geology and Reservoir Engineering teams to identify and assess parcels, leading to the leasing of over 85% of the prospect and enabling lateral extensions totaling over 100,000 feet.

Process Improvements Project (Coterra Energy)

- Revamped internal processes, restructured title clearance packets, and centralized document formats – converting Word documents into a single spreadsheet; created and refined tools for lease analysts to manage landowner data; built a database to streamline title opinion / clearance reviews, facilitating quicker drafting via GIS mapping.

Application & Proposed Notice of Hearing

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES**

**APPLICATION OF COTERRA ENERGY
OPERATING CO. TO EXTEND TIME
TO COMMENCE DRILLING OPERATIONS,
LEA COUNTY, NEW MEXICO**

**CASE NO. _____
ORDER NO. R-23749**

APPLICATION

Coterra Energy Operating Co. (“Applicant”) (OGRID No. 215099), through its undersigned attorney, hereby files this Application with the Oil Conservation Division of the State of New Mexico (“Division”) requesting a one-year time extension to commence drilling the Well(s) authorized by Order No. R-23749 (“Order”). In support of its application, Applicant states the following:

1. The Division entered the Order in Case No. 24872 on April 1, 2025.
2. The Order pooled all uncommitted interests in the Wolfcamp Formation underlying a 1262.72 -acre, more or less, non-standard horizontal spacing unit comprised of the Sections 30 and 31, both located in Township 18 South, Range 34 East, NMPM Lea County, New Mexico (“Unit”), for the purpose of drilling the Speedmaster 30 Fed Com 006H (“006H Well”), Speedmaster 30 Fed Com 007H (“007H Well”), Speedmaster 30 Fed Com 008H (“008H Well”), and Speedmaster 30 Fed Com 009H (“009H Well”). The 006H Well, 007H Well, 008H Well, and 009H Well are referred to collectively herein as the “Wells.”
3. The Order designated Avant Operating, LLC (“Avant”) as operator of the Unit. In January 2025, Applicant acquired Avant’s interests in the Unit and is the successor in interest to Avant under the Order.

4. Paragraphs 28 and 29 of the Order require applicant to commence drilling the Wells within one (1) year of the date of the Order unless Applicant obtains a time extension from the Division Director for good cause shown.

5. Good cause exists for the requested extension.

6. This is Applicant's first request for extension under the Order.

7. Accordingly, Applicant requests that the Division extend the deadline to commence drilling the Wells until April 1, 2027.

WHEREFORE, Applicant requests that this application be set for hearing on March 5, 2026, and after notice and hearing, the Division extend the deadline to commence drilling the Wells under the Order until April 1, 2027.

Respectfully submitted,

Application of Coterra Energy Operating Company to Amend Order No. R-23749, Lea County, New Mexico. Coterra Energy Operating Co. seeks an order amending Order No. R-23749 to extend the deadline to commence drilling the wells under the Order. Order No. R-23749 pooled all uncommitted owners in the Wolfcamp formation underlying a 1262.72 -acre, more or less, non-standard horizontal spacing unit comprised of the Sections 30 and 31, both located in Township 18 South, Range 34 East, NMPM Lea County, New Mexico.

Order

**STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION**

**IN THE MATTER OF APPLICATION FOR
COMPULSORY POOLING AND APPROVAL
OF NON-STANDARD SPACING UNIT
SUBMITTED BY AVANT OPERATING, LLC**

**CASE NO. 24872
ORDER NO. R-23749**

ORDER

The Director of the New Mexico Oil Conservation Division (“OCD”), having heard this matter through a Hearing Examiner on March 13, 2025, and after considering the testimony, evidence, and recommendation of the Hearing Examiner, issues the following Order.

FINDINGS OF FACT

1. Avant Operating, LLC (“Operator”) submitted an application (“Application”) to compulsory pool the uncommitted oil and gas interests within the spacing unit (“Unit”) described in Exhibit A.
2. The Application also seeks approval of a Non-Standard horizontal spacing unit for production from all Division-designated pools underlying the Unit.
3. Operator seeks to be designated the operator of the Unit.
4. Operator will dedicate the well(s) described in Exhibit A (“Well(s)”) to the Unit.
5. Operator proposes the supervision and risk charges for the Well(s) described in Exhibit A.
6. Operator identified the owners of uncommitted interests in oil and gas minerals in the Unit and provided evidence that notice was given.
7. Operator identified the owners of interest in the offset oil and gas minerals from the Unit and provided evidence that notice was given.
8. The Application was heard by the Hearing Examiner on the date specified above, during which Operator presented evidence through affidavits in support of the Application. No other party presented evidence at the hearing.

CONCLUSIONS OF LAW

9. OCD has jurisdiction to issue this Order pursuant to NMSA 1978, Section 70-2-17.
10. Operator is the owner of an oil and gas working interest within the Unit.

11. Operator satisfied the notice requirements for the Application and the hearing as required by 19.15.4.12 NMAC.
12. Operator has met the notice requirements for approval of non-standard horizontal spacing units in accordance with 19.15.16.15(B)(5) NMAC.
13. OCD satisfied the notice requirements for the hearing as required by 19.15.4.9 NMAC.
14. Operator has the right to drill the Well(s) to a common source of supply at the depth(s) and location(s) in the Unit described in Exhibit A.
15. OCD's rules allow the approval of a non-standard horizontal spacing unit, after notice and opportunity for hearing, "if necessary to prevent waste or protect correlative rights" 19.15.16.15(B)(5)(a) NMAC.
16. While the OCD is authorized to approve a non-standard spacing unit, Rutter & Wilbanks Corp. v. Oil Conservation Comm'n, 1975-NMSC-006, OCD lacks the authority to approve unitization and will disapprove an application if it determines that it is actually unitization. Order R-13554 (May 18, 2012) (disapproving application for a non-standard spacing unit consisting of 16 standard spacing units).
17. Approval of the Non-Standard Spacing Unit promotes effective well spacing and allows the Operator to therefore prevent waste and protect correlative rights.
18. The Unit contains separately owned uncommitted interests in oil and gas minerals.
19. Some of the owners of the uncommitted interests have not agreed to commit their interests to the Unit.
20. The pooling of uncommitted interests in the Unit will prevent waste and protect correlative rights, including the drilling of unnecessary wells.
21. This Order affords to the owner of an uncommitted interest the opportunity to produce his just and equitable share of the oil or gas in the pool.

ORDER

22. The Unit is approved as a non-standard horizontal spacing unit.
23. Operator shall file Forms C-102 reflecting the correct acreage dedicated for each of the Wells.
24. The uncommitted interests in the Unit are pooled as set forth in Exhibit A.
25. The Unit shall be dedicated to the Well(s) set forth in Exhibit A.

CASE NO. 24872
ORDER NO. R-23749

Page 2 of 8

26. Operator is designated as operator of the Unit and the Well(s).
27. If the location of a well will be unorthodox under the spacing rules in effect at the time of completion, Operator shall obtain the OCD's approval for a non-standard location in accordance with 19.15.16.15(C) NMAC.
28. The Operator shall commence drilling the Well(s) within one year after the date of this Order, and complete each Well no later than one (1) year after the commencement of drilling the Well.
29. This Order shall terminate automatically if the Operator fails to comply with the preceding paragraph unless the Operator obtains an extension by amending this Order for good cause shown.
30. The infill well requirements in 19.15.13.9 NMAC through 19.15.13.12 NMAC shall be applicable.
31. Operator shall submit each owner of an uncommitted working interest in the pool ("Pooled Working Interest") an itemized schedule of estimated costs to drill, complete, and equip the well ("Estimated Well Costs").
32. No later than thirty (30) days after Operator submits the Estimated Well Costs, the owner of a Pooled Working Interest shall elect whether to pay its share of the Estimated Well Costs or its share of the actual costs to drill, complete and equip the well ("Actual Well Costs") out of production from the well. An owner of a Pooled Working Interest who elects to pay its share of the Estimated Well Costs shall render payment to Operator no later than thirty (30) days after the expiration of the election period, and shall be liable for operating costs, but not risk charges, for the well. An owner of a Pooled Working Interest who fails to pay its share of the Estimated Well Costs or who elects to pay its share of the Actual Well Costs out of production from the well shall be considered to be a "Non-Consenting Pooled Working Interest."
33. No later than one hundred eighty (180) days after Operator submits a Form C-105 for a well, Operator shall submit to each owner of a Pooled Working Interest an itemized schedule of the Actual Well Costs. The Actual Well Costs shall be considered to be the Reasonable Well Costs unless an owner of a Pooled Working Interest files a written objection no later than forty-five (45) days after receipt of the schedule. If an owner of a Pooled Working Interest files a timely written objection, OCD shall determine the Reasonable Well Costs after public notice and hearing.
34. No later than sixty (60) days after the expiration of the period to file a written objection to the Actual Well Costs or OCD's order determining the Reasonable Well Costs, whichever is later, each owner of a Pooled Working Interest who paid its share of the Estimated Well Costs shall pay to Operator its share of the

CASE NO. 24872
ORDER NO. R-23749

Page 3 of 8

Reasonable Well Costs that exceed the Estimated Well Costs, or Operator shall pay to each owner of a Pooled Working Interest who paid its share of the Estimated Well Costs its share of the Estimated Well Costs that exceed the Reasonable Well Costs.

35. The reasonable charges for supervision to drill and produce a well ("Supervision Charges") shall not exceed the rates specified in Exhibit A, provided however that the rates shall be adjusted annually pursuant to the COPAS form entitled "Accounting Procedure-Joint Operations."
36. No later than within ninety (90) days after Operator submits a Form C-105 for a well, Operator shall submit to each owner of a Pooled Working Interest an itemized schedule of the reasonable charges for operating and maintaining the well ("Operating Charges"), provided however that Operating Charges shall not include the Reasonable Well Costs or Supervision Charges. The Operating Charges shall be considered final unless an owner of a Pooled Working Interest files a written objection no later than forty-five (45) days after receipt of the schedule. If an owner of a Pooled Working Interest files a timely written objection, OCD shall determine the Operating Charges after public notice and hearing.
37. Operator may withhold the following costs and charges from the share of production due to each owner of a Pooled Working Interest who paid its share of the Estimated Well Costs: (a) the proportionate share of the Supervision Charges; and (b) the proportionate share of the Operating Charges.
38. Operator may withhold the following costs and charges from the share of production due to each owner of a Non-Consenting Pooled Working Interest: (a) the proportionate share of the Reasonable Well Costs; (b) the proportionate share of the Supervision and Operating Charges; and (c) the percentage of the Reasonable Well Costs specified as the charge for risk described in Exhibit A.
39. Operator shall distribute a proportionate share of the costs and charges withheld pursuant to the preceding paragraph to each Pooled Working Interest that paid its share of the Estimated Well Costs.
40. Each year on the anniversary of this Order, and no later than ninety (90) days after each payout, Operator shall provide to each owner of a Non-Consenting Pooled Working Interest a schedule of the revenue attributable to a well and the Supervision and Operating Costs charged against that revenue.
41. Any cost or charge that is paid out of production shall be withheld only from the share due to an owner of a Pooled Working Interest. No cost or charge shall be withheld from the share due to an owner of a royalty interests. For the purpose of this Order, an unleased mineral interest shall consist of a seven-eighths (7/8) working interest and a one-eighth (1/8) royalty interest.

42. Except as provided above, Operator shall hold the revenue attributable to a well that is not disbursed for any reason for the account of the person(s) entitled to the revenue as provided in the Oil and Gas Proceeds Payment Act, NMSA 1978, Sections 70-10-1 *et seq.*, and relinquish such revenue as provided in the Uniform Unclaimed Property Act, NMSA 1978, Sections 7-8A-1 *et seq.*
43. The Unit shall terminate if (a) the owners of all Pooled Working Interests reach a voluntary agreement; or (b) the well(s) drilled on the Unit are plugged and abandoned in accordance with the applicable rules. Operator shall inform OCD no later than thirty (30) days after such occurrence.
44. OCD retains jurisdiction of this matter for the entry of such orders as may be deemed necessary.

RE: Case No. 25919 – Application of Coterra Energy Operating Company seeking Order to Amend Order No. R-23749, Lea County, NM – Speedmaster 30 Fed Com 006H, 007H, 008H, and 009H Wells

Dear Interest Owner:

This will advise that Coterra Energy Operating Company (“Coterra”) has filed an application with the New Mexico Oil Conservation Division for an order amending existing Order No. R-23749, entered on April 1, 2025 in Case No. 24872, extending the well commencement deadline one year to April 1, 2027.

Enclosed is a copy of an application filed with the New Mexico Oil Conservation Division by Coterra, requesting the following relief:

Application of Coterra Energy Operating Company to Extend Time to Commence Drilling Operations, Lea County, New Mexico. Coterra Energy Operating Company (“Applicant”) seeks an order extending the deadline to commence drilling the wells authorized by Order No. R-23749 (“Order”), by one year to April 1, 2027. The Division entered the Order in Case No. 24872 on April 1, 2025. The Order pooled all uncommitted interests in the Wolfcamp Formation underlying a 1262.72-acre, more or less, non-standard horizontal spacing unit comprised of Sections 30 and 31, Township 18 South, Range 34 East, NMPM Lea County, New Mexico (“Unit”), for the purpose of drilling the Speedmaster 30 Fed Com 006H, 007H, 008H, and 009H Wells, referred to collectively herein as the “Wells.” The Order designated Applicant as operator of the Unit and Wells. The Order requires Applicant to commence drilling the Wells within one year of the date of the Order unless the operator obtains an extension amending the order for good cause shown. Applicant requests the division to extend the deadline to commence drilling the Wells until April 1, 2027. The Wells are located approximately 23 miles west of Hobbs, New Mexico.

The attached Application has been set for a hearing on Thursday, March 5, 2026 as Case No. 25918 before a Division Examiner at the New Mexico Oil Conservation Division. Hearings will be conducted both in person, and remotely. The hearing will be conducted on Thursday, March 5, 2026, beginning at 9:00 am. To participate in the electronic hearing, see the instructions posted on the docket for the hearing date: <https://www.emnrd.nm.gov/ocd/hearing-info/>. You are not required to attend this hearing, but as an owner of an interest that may be affected, you may appear and present testimony.

Failure to appear at that time and become a party of record will preclude you from challenging this application at a later time. If you intend to present testimony or evidence at the hearing, you must enter your appearance by Thursday, February 26, 2026, and serve the Division, counsel for Applicant, and other parties with a pre-hearing statement by Thursday, February 26, 2026, in accordance with Division Rule 19.15.4.13. The statement may be filed online with the Division at ocd.hearings@emnrd.nm.gov and should include the name of the party, his or her attorney, a concise statement of the case, the names of the witnesses the party will call to testify at the hearing, and the approximate time the party will need to present the case. Information should also be included to identify any procedural matters that need to be resolved prior to the meeting.

Please feel free to contact me if you have any questions about this Application.

Regards,

Benjamin Holliday
