

**STATE OF NEW MEXICO  
OIL CONSERVATION COMMISSION**

**IN THE MATTER OF PROPOSED  
AMENDMENTS TO 19.15.2, 19.15.5,  
19.15.8, 19.15.9, AND 19.15.25 NMAC**

**CASE NO. 24683**

**APPLICANTS' NOTICE OF FILING COMPLETE SET OF EXHIBITS**

Applicants give notice of filing a complete set of their exhibits to facilitate review by the Oil Conservation Commission. The exhibits include Applicants' direct, rebuttal, and surrebuttal exhibits and Applicants' final proposed amendments attached as **Applicants' Exhibits 89 and 90**. Because of the size of the file, the complete set of exhibits has been uploaded to the shared WELC folder in the ENMRD CentreStack platform for this proceeding.

Applicants revised their proposed amendments as a result of post-hearing negotiations with the Oil Conservation Division, Independent Petroleum Association of New Mexico, New Mexico Oil and Gas Association, and OXY USA, Inc. ("OXY"). Revisions to Applicants' final proposed amendments from their revised proposed amendments (Exhibit 72), as a result of negotiations are highlighted in blue (and the yellow highlight represents changes negotiated with OXY pre-hearing) and are set forth in **Applicants' Exhibit 89**. A "clean" copy of Applicants' final proposed amendments, without highlighting and strikeouts from previous versions, is attached as **Applicants' Exhibit 90**.

Below is an index of all Applicants' exhibits, along with the Bates stamped page number to facilitate locating the exhibits.
