Re: DJR Operating, LLC — Surface Commingling Application; Case No. 26145; APP No. pDM2611435539

Dear Ms. Tschantz:

I am an affected mineral owner and the objector whose protest resulted in the above-referenced matter being set for hearing. I participated by telephone in the hearing held in Case No. 26145 on June 4, 2026. I am writing to request the following records.

1. A complete copy of the official transcript and the audio recording of June 4, 2026 hearing in Case No. 26145.
2. Copies of the complete case file and all records the Division has received in connection with this matter, including but not limited to all applications, filings, exhibits, written submissions, and correspondence (including electronic mail), received from or on behalf of DJR Operating, LLC; Enduring Resources San Juan, LLC; any affiliated or related party; and their counsel, Holland & Hart LLP.

Because I have no internet access and participate in this matter by mail and telephone, please provide these materials as paper copies by U.S. mail to the address above. If any portion of the record is being withheld as confidential, I ask that you identify each item withheld and the basis for withholding it and advise how I may obtain access as an affected party in this proceeding.

As these records bear directly on my rights in this matter, I would be grateful to receive them as promptly as reasonably possible.

Thank you for your assistance.

Sincerely,

Retha Murdock
