ORDER NO. R-21096-F

APPLICATION OF PERMIAN RESOURCES  
OPERATING, LLC FOR COMPULSORY POOLING,  
EDDY COUNTY, NEW MEXICO

CASE NO. 26060

**MOTION TO STRIKE**

American Energy Resources LLC (“American”) hereby submits this motion to strike in its entirety pursuant to the rules of the Oil Conservation Division (“Division”) from the record Permian Resources Operating LLC (“Permian”) application to compulsory pool by affidavit and objections and motions to dismiss and objection to continuance for the following reasons:

American request that OCD deny, cancel, void, and terminate Permian application in Case No. 24674, 25137, 24837, 22536, 24963, 25233 and Order No. R-21104-F, R-23748, R-21123-C, R-21096-F as Permian has not complied with the statutory requirements for compulsory pooling and that fact that Permian does not own an interest ownership.

Furthermore, Permian Resources Operating, LLC, application comes with unclean hands, Permian owns no lease interest rights, Permian owns only wellbores, Permian made no good faith efforts and no good faith attempts to notify American of their proposed wells, and the Division must deny, void, dismiss, terminate, and cancel Permian applications for their bad faith efforts and misrepresentation of ownerships in pooling proceedings, because Permian lacks any actual ownership in the subject lands.

Permian further had their counsel frivolously attempt to dismiss relevant cases CASE NO. 24674, CASE NO. 22536, CASE NO. 24963 and AMENDED CASE NO. 25233 that have rights under the Oil and Gas Act and New Mexico law to be heard before hearing to protect correlative rights that American has respectfully brought forth with standing and merits as evidence in its filings as exhibits as its burden of proof.

(“See American exhibits attachment A”)

Permian Resources Operating LLC is not allowed to drill under NMAC 19.15.14.8 B (1)(a) B. Mineral Owner and Working Interest Consent required.

- (1) An operator shall not file an application for permit to drill nor commence drilling operations until the operator has either:
  - (a) Received the consent of at least one working interest owner or owner of an unleased mineral interest at the proposed bottom hole location;

Which Permian did in violation of New Mexico laws and the Oil and Gas Act.

Furthermore, Permian Resources Operating LLC is only a wellbore owner and lacks interest ownership and has made no good faith efforts and no good faith attempts to notify American of their proposed wells, therefore Permian does not have standing or merit to seek to compulsory pool spacing units as of New Mexico law 19.15.4.8 (A) NMAC.

(“See American exhibits attachments B and C”)

Permian Resources Operating LLC is not allowed to intervene under NMAC 19.15.4.11 A.

A. A person with standing with respect to the case's subject matter may intervene;

Therefore, Permian Resources Operating LLC entry and objection are without standing or respect to the subject matter as a wellbore owner without interest ownership and shall not be deemed allowed to intervene as of New Mexico law prohibits under 19.15.4.11 A.

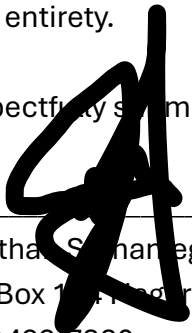

Permian Resources Operating LLC in fact willfully failed the Notice Requirements rules NMAC 19.15.4.12 A(1)(a) The applicant shall give notice to each owner of an interest in the mineral estate of any portion of the lands proposed to be pooled 19.15.4.12 A(1)(A) NMAC.

Which, evidently Permian Resources Operating LLC willfully failed to do as admitted in Permian's counsel motion to dismiss, claiming that American did not own an interest in specific subject lands, which caused severe harm and damage to American interests, because relevant cases CASE NO. 24674, CASE NO. 22536, CASE NO. 24963 and AMENDED CASE NO. 25233 to the matter brought forth by American were unjustly dismissed without set scheduled hearing proceedings process.

WHEREFORE, American Energy Resources LLC respectfully prays that the division have morals in its charged obligated duties to protect American correlative rights from the applicant Permian and counsel Paula Vance seducing and charming psychopathic pattern of continuous compulsive bad acts, bad faith attempts, deception, misinformation, and manipulation that continue to contort and abuse New Mexico laws.

American Energy Resources LLC respectfully requests that Permian Resources Operating LLC filed applications and amended applications, cases, and orders be denied, terminated, canceled, and void in their entirety and furthermore stricken from the record in their entirety.

Respectfully submitted,

---
