HORIZONTAL SPACING UNIT,
COMPULSORY POOLING, AND NON-
STANDARD LOCATIONS, EDDY
COUNTY, NEW MEXICO**

CASE NO. _____

APPLICATION

NSP Resources, LLC, OGRID No. 333426 (“NSP” or “Applicant”), through its undersigned attorneys, hereby files this Application with the Oil Conservation Division (“Division”) pursuant to the provisions of NMSA 1978, § 70-2-17, for an order (1) approving a 480-acre, more or less, standard horizontal spacing unit (“HSU”) composed of the N/2 of Section 27 and the NW/4 of Section 26, Township 18 South, Range 31 East, N.M.P.M., Eddy County, New Mexico (the “Application Lands”), (2) pooling all uncommitted oil and gas interests in the Shugart; Bone Spring [56400] and Tamano; Bone Spring [58040] (collectively as “Bone Spring Pool”), designated as oil pools, underlying said HSU, and (3) approving a non-standard location for the Warthog 27 26 Fed 213H well.

In support of its Application, NSP states the following:

1. NSP and/or its affiliates are working interest owners in the Application Lands and have the right to drill wells thereon as the designated Operator of the Application Lands.
2. NSP seeks to dedicate all of the Application Lands to form a 480-acre, more or less, HSU.
3. NSP seeks to dedicate the above-referenced HSU to the following proposed wells:

A. **Warthog 27 26 Fed 111H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27, Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the NE/4 NW/4 (Unit C) of Section 26, Township 18 South, Range 31 East.

B. **Warthog 27 26 Fed 112H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27, Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the SE/4 NW/4 (Unit F) of Section 26, Township 18 South, Range 31 East.

C. **Warthog 27 26 Fed 211H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27, Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the NE/4 NW/4 (Unit C) of Section 26, Township 18 South, Range 31 East.

D. **Warthog 27 26 Fed 212H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27, Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the SE/4 NW/4 (Unit F) of Section 26, Township 18 South, Range 31 East.

E. **Warthog 27 26 Fed 213H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27, Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the SE/4 NW/4 (Unit F) of Section 26, Township 18 South, Range 31 East.

F. **Warthog 27 26 Fed 311H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27,

Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the NE/4 NW/4 (Unit C) of Section 26, Township 18 South, Range 31 East.

G. **Warthog 27 26 Fed 312H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27, Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the SE/4 NW/4 (Unit F) of Section 26, Township 18 South, Range 31 East.

4. With the exception of the Warthog 27 26 Fed 213H, all wells are orthodox in location, as defined by 19.15.16.15.C. NMAC, and the take points and laterals comply with Statewide Rules for setbacks under 19.15.16.15.C.(1)(a-b) NMAC.

5. NSP seeks approval of a non-standard location (“NSL”) for the Warthog 27 26 Fed 213H in accordance with 19.15.16.15.C.(6) NMAC.

6. NSP has made good faith efforts to obtain voluntary agreement from all interest owners in the Bone Spring Pool underlying the proposed spacing unit, but has been unable to secure agreement from all parties to participate in the drilling of the wells or otherwise commit their interests.

7. The pooling of all interests in the Bone Spring Pool within the proposed unit will avoid the drilling of unnecessary wells, prevent waste, and protect correlative rights.

8. To provide for its just and fair share of oil and gas underlying the Application Lands, NSP requests that all uncommitted interests in this HSU be pooled and that NSP be designated as the operator of the proposed horizontal wells and HSU.

WHEREFORE, NSP requests this Application be set for hearing on August 6, 2026, before an Examiner of the Oil Conservation Division, and after notice and hearing as required by law, the Division enter an order:

- A. Approving the horizontal well spacing unit and pooling all uncommitted interests in the Bone Spring Pool underlying the HSU within the Application Lands; Approving the **Warthog 27 26 Fed 111H, Warthog 27 26 Fed 112H, Warthog 27 26 Fed 211H, Warthog 27 26 Fed 212H, Warthog 27 26 Fed 213H, Warthog 27 26 Fed 311H and Warthog 27 26 Fed 312H** as the initial wells for the HSU;
- B. Approving a non-standard location for the Warthog 27 26 Fed 213H well;
- C. Designating NSP as operator of the HSU and the horizontal wells to be drilled thereon;
- D. Authorizing NSP to recover its costs of drilling, completing, and equipping the wells;
- E. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- F. Imposing a 200% charge for the risk assumed by NSP in drilling, equipping, and completing the wells against any working interest owner who does not voluntarily participate in the drilling of the wells.

Respectfully submitted,

BEATTY & WOZNIAK, P.C.

Attorneys for NSP Resources, LLC

Application of NSP Resources, LLC for Approving a Standard Horizontal Spacing Unit, Compulsory Pooling, and Non-Standard Locations, Eddy County, New Mexico. Applicant in the above-styled cause seeks an order from the Division: (1) approving a 480-acre, more or less, standard horizontal spacing unit composed of the N/2 of Section 27 and the NW/4 of Section 26, Township 18 South, Range 31 East, N.M.P.M., Eddy County, New Mexico, (2) pooling all uncommitted oil and gas interests in the Shugart; Bone Spring [56400] and Tamano; Bone Spring [58040] (collectively as “Bone Spring Pool”), designated as oil pools, underlying said unit, and (3) approving a non-standard location for the Warthog 27 26 Fed 213H well. The proposed wells to be dedicated to the horizontal spacing unit are the: **Warthog 27 26 Fed 111H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27, Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the NE/4 NW/4 (Unit C) of Section 26, Township 18 South, Range 31 East; **Warthog 27 26 Fed 112H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27, Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the SE/4 NW/4 (Unit F) of Section 26, Township 18 South, Range 31 East; **Warthog 27 26 Fed 211H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27, Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the NE/4 NW/4 (Unit C) of Section 26, Township 18 South, Range 31 East; **Warthog 27 26 Fed 212H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27, Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the SE/4 NW/4 (Unit F) of Section 26, Township 18 South, Range 31 East; **Warthog 27 26 Fed 213H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27, Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the SE/4 NW/4 (Unit F) of Section 26, Township 18 South, Range 31 East; **Warthog 27 26 Fed 311H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27, Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the NE/4 NW/4 (Unit C) of Section 26, Township 18 South, Range 31 East; and **Warthog 27 26 Fed 312H** (API No. *Pending*), which is an oil well that will be horizontally drilled from a surface location in the SW/4 NW/4 (Unit E) of Section 27, Township 18 South, Range 31 East, to a bottom hole location in the Bone Spring Pool in the SE/4 NW/4 (Unit F) of Section 26, Township 18 South, Range 31 East. With the exception of the Warthog 27-26 Fed 213H, the wells are orthodox in location, and the take points and laterals comply with Statewide Rules for setbacks. The wells and lands are located approximately 9.44 miles southeast of Loco Hills, New Mexico.
