**CASE NO.** \_\_\_\_\_

**APPLICATION**

Mewbourne Oil Company (“Mewbourne” or “Applicant”) (OGRID No. 14744), through its undersigned attorneys, hereby files this application with the Oil Conservation Division pursuant to the provisions of NMSA 1978, § 70-2-17, for an order (1) approving a standard 279.40-acre, more or less, overlapping horizontal well spacing unit in the Bone Spring formation underlying Lots 1-4 (S/2 S/2 equivalent) of irregular Sections 33 and 32, Township 18 South, Range 29 East, NMPM, Eddy County, New Mexico, and (2) pooling all uncommitted interests in this acreage. In support of its application, Mewbourne states:

1. Applicant is a working interest owner in the proposed spacing unit and has the right to drill thereon.
2. Mewbourne seeks to dedicate the above-referenced spacing unit to the proposed **Turkey Trot 33/32 Fed Com 527H** well, to be drilled from a surface hole location in Lot 4 (SW/4 SW/4 equivalent) of irregular Section 34, to a bottom hole location in Lot 4 (SW/4 SW/4 equivalent) of irregular Section 32.
3. The proposed horizontal well spacing unit will overlap the following existing spacing unit in the Bone Spring Formation:
  - 73.57-acre horizontal well spacing unit comprised of the NW/4 SW/4 and Lot 4 (W/2 SW/4 equivalent) of Section 32, Township 18 South, Range 29 East,

operated by Coterra Energy Operating Co and dedicated to the Pamillo State Com 4 (API No. 30-015-31497).

4. Applicant has sought and been unable to obtain voluntary agreement for the development of these lands from all mineral interest owners in the subject spacing unit.

5. The pooling of interests will avoid the drilling of unnecessary wells, will prevent waste, and will protect correlative rights.

WHEREFORE, Applicant requests that this matter be set for hearing before an Examiner of the Oil Conservation Division on August 6, 2026, and, after notice and hearing as required by law, the Division enter an order:

- A. Approving the proposed overlapping spacing unit;
- B. Pooling all uncommitted interests in the horizontal spacing unit;
- B. Designating Applicant as operator of the overlapping horizontal spacing unit and the horizontal well to be drilled thereon;
- C. Authorizing Applicant to recover its costs of drilling, completing, and equipping the well;
- D. Approving the actual operating charges and costs of supervision while drilling and after completion, together with a provision adjusting the rates pursuant to the COPAS accounting procedures; and
- E. Imposing a 200% charge for the risk assumed by Applicant in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well.

Respectfully submitted,
