EXHIBIT INDEX

Compulsory Pooling Checklist

Exhibit A Self-Affirmed Statement of Daniel Koury

- A-1 Application & Proposed Notice of Hearing
- A-2 Non-Standard Spacing Unit Plat and Notice List
- A-3 C-102s for the Wells
- A-4 Plat of Tracts, Tract Ownership, Applicable Lease Numbers, Unit
Recapitulation, Pooled Parties
- A-5 Sample Well Proposal Letter & AFEs
- A-6 Chronology of Contact
- A-7 Ownership Commitment Exhibit

Exhibit B Self-Affirmed Statement of Charles Ward

- B-1 Resume of Charles Ward
- B-2 Regional Locator Map
- B-3 Cross-Section Location Map
- B-4 Subsea Structure Map
- B-5 Stratigraphic Cross-Section
- B-6 Gun Barrel Diagram

Exhibit C Self-Affirmed Statement of Jaclyn M. McLean

- C-1 Notice Letter to All Interested Parties Sent July 14, 2026
- C-2 Postal Delivery Report
- C-3 Electronic Return Receipts
- C-4 Affidavit of Publication for July 22, 2026

COMPULSORY POOLING APPLICATION CHECKLIST	
ALL INFORMATION IN THE APPLICATION MUST BE SUPPORTED BY SIGNED AFFIDAVITS	
Case: 26239	APPLICANT'S RESPONSE
Date: August 6, 2026	
Applicant	Permian Resources Operating, LLC
Designated Operator & OGRID (affiliation if applicable)	Permian Resources Operating, LLC (OGRID No. 372165)
Applicant's Counsel:	Hardy McLean LLC

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**APPLICATION OF PERMIAN RESOURCES OPERATING,
LLC FOR COMPULSORY POOLING, AND APPROVAL
OF NON-STANDARD SPACING UNIT,
EDDY COUNTY, NEW MEXICO.**

CASE NO. 26239

**SELF-AFFIRMED STATEMENT
OF DANIEL KOURY**

1. I am employed by Permian Resources Operating, LLC (“Permian Resources”) as a Land Professional. I am over 18 years of age, have personal knowledge of the matters addressed herein, and am competent to provide this Self-Affirmed Statement. I have previously testified before the New Mexico Oil Conservation Division (“Division”) and my credentials as an expert in petroleum land matters were accepted and made a matter of record.

2. Copies of Permian Resources’ application and proposed hearing notice are attached as **Exhibit A-1**.

3. None of the parties proposed to be pooled in this case indicated opposition to this matter proceeding by affidavit; therefore I do not expect any opposition at hearing.

4. Permian Resources seeks to pool all uncommitted interests in the Bone Spring formation, underlying a 640.11-acre, more or less, non-standard horizontal spacing unit comprised of the N/2 of Sections 33 and 34, Township 21 South, Range 27 East, Eddy County, New Mexico (“Unit”).

5. The Unit will be dedicated to the following wells (“Wells”):

- a. **Gabagool Fed Com 2H** well, which will produce from a first take point located in the NW/4 NW/4 (Unit D) of Section 33, to a last take point in the NE/4 NE/4 (Unit A) of Section 34; and

**Permian Resources Operating, LLC
Case No. 26239
Exhibit A**

- b. **Gabagool Fed Com 122H** well, which will produce from a first take point located in the SW/4 NW/4 (Unit E) of Section 33, to a last take point in the SE/4 NE/4 (Unit H) of Section 34.
- 6. The completed intervals of the Wells will be orthodox.
- 7. Permian Resources' request for approval of a non-standard spacing unit will allow it to consolidate surface facilities and will consequently prevent surface, environmental, and economic waste.
 - a. The non-standard unit will allow Permian Resources to minimize surface use. Centralizing equipment for facilities for the Wells will reduce the total acreage needed for surface facilities by 4.13-acres of the total amount that would be necessary absent a non-standard unit.
 - a. Surface facilities and equipment, pipelines, and rights-of-way for one CTB costs approximately \$4,180,000. While the centralized facilities will be larger, so that they may handle production from multiple wells, I estimate the overall savings, if a non-standard unit is approved, will be approximately \$4,180,000. This will reduce the overall well costs and improve economics for the wells.
- 8. A common facility also reduces the number of flares Permian Resources may need to use in the case of an emergency from two to one. Additionally, the VOC reduction is nearly 50%.
- 9. As a result, approval of a non-standard spacing unit is necessary to prevent waste and protect correlative rights.
- 10. A plat showing the offset tracts and the parties that were noticed of the non-standard spacing unit is attached as **Exhibit A-2**.

11. **Exhibit A-3** contains the C-102s for the Wells.
12. **Exhibit A-4** contains a plat identifying ownership by tract in the Unit. This exhibit also includes any applicable lease numbers, a unit recapitulation, and the interests Permian Resources seeks to pool highlighted in yellow.
13. Permian Resources has conducted a diligent search of all county public records, including phone directories and computer databases, as well as internet searches, to locate the interest owners it seeks to pool.
14. **Exhibit A-5** contains a sample well proposal letter and AFEs sent to working interest owners for the Wells. The estimated costs reflected on the AFEs are fair and reasonable and comparable to the cost of other wells of similar depth and length drilled in the subject formation in the area.
15. In my opinion, Permian Resources made a good-faith effort to reach voluntary joinder of uncommitted interests in the Wells as indicated by the chronology of contact described in **Exhibit A-6**.
16. The Ownership Commitment Exhibit is attached as **Exhibit A-7**. This exhibit includes a list of all owners in the Unit and identifies each owner's ownership status, whether the owner has committed to the proposed spacing unit, and the type of commitment, *i.e.*, whether a signed letter of commitment, joint operating agreement, or verbal agreement. Exhibit C of the exhibit packet identifies when notice of this hearing was sent to each interest owner by our outside counsel, Hardy McLean LLC.
17. As operator of the Unit and the Wells, Permian Resources requests overhead and administrative rates of \$10,000 per month while the Wells are being drilled and \$1,000 per month

while the Wells are producing. These rates are fair and are comparable to the rates charged by Permian Resources and other operators in the vicinity.

18. The attached exhibits were either prepared by me or under my supervision or were compiled from company business records.

19. In my opinion, the granting of Permian Resources' application would serve the interests of conservation, the protection of correlative rights, and the prevention of waste.

20. I understand this Self-Affirmed Statement will be used as written testimony in this case. I affirm that my testimony above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date next to my electronic signature below.

Daniel Koury

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**APPLICATION OF PERMIAN RESOURCES OPERATING,
LLC FOR COMPULSORY POOLING, AND APPROVAL
OF NON-STANDARD SPACING UNIT,
EDDY COUNTY, NEW MEXICO.**

CASE NO. 26239

APPLICATION

Pursuant to NMSA 1978, Section 70-2-17, Permian Resources Operating, LLC (OGRID No. 372165) ("Permian Resources" or "Applicant") applies for an order pooling all uncommitted interests in the Bone Spring formation, underlying a 640.11-acre, more or less, non-standard horizontal spacing unit comprised of the N/2 of Sections 33 and 34, Township 21 South, Range 27 East, Eddy County, New Mexico ("Unit"). In support of this application, Permian Resources states the following.

1. Applicant is a working interest owner in the Unit and has the right to drill wells thereon.
2. The Unit will be dedicated to the following wells ("Wells"):
 - a. **Gabagool Fed Com 2H** well, which will produce from a first take point located in the NW/4 NW/4 (Unit D) of Section 33, to a last take point in the NE/4 NE/4 (Unit A) of Section 34; and
 - b. **Gabagool Fed Com 122H** well, which will produce from a first take point located in the SW/4 NW/4 (Unit E) of Section 33, to a last take point in the SE/4 NE/4 (Unit H) of Section 34.
3. The completed intervals of the Wells will be orthodox.

**Permian Resources Operating, LLC
Case No. 26239
Exhibit A-2**

4. Permian Resources requests approval of a non-standard horizontal spacing unit pursuant to Rule 19.15.16.15(B)(5) NMAC, which will create cost efficiencies, prevent waste, and protect correlative rights.

5. Applicant has undertaken diligent, good-faith efforts to obtain voluntary agreements from all interest owners to participate in the drilling of the Wells but has been unable to obtain voluntary agreements from all interest owners.

6. The pooling of uncommitted interests will avoid the drilling of unnecessary wells, prevent waste, and protect correlative rights.

7. In order to allow Applicant to obtain its just and fair share of the oil and gas underlying the subject lands, all uncommitted interests in the Unit should be pooled and Applicant should be designated as the operator of the Wells and Unit.

WHEREFORE, Applicant requests that this application be set for hearing before an Examiner of the Oil Conservation Division on July 9, 2026, and, after notice and hearing as required by law, the Division enter an order:

- A. Pooling all uncommitted interests in the Unit;
- B. Approving the Wells in the Unit;
- C. Approving the non-standard horizontal spacing unit pursuant to Rule 19.15.16.15(B)(5) NMAC;
- D. Designating Applicant as operator of the Unit and the Wells to be drilled thereon;
- E. Authorizing Applicant to recover its costs of drilling, equipping and completing the Wells;

- F. Approving the actual operating charged and costs of supervision while drilling and after completion, together with a provision adjusting the rated pursuant to the COPAS accounting procedures; and
- G. Imposing a 200% penalty for the risk assumed by Applicant in drilling and completing the Wells against any working interest owner who does not voluntarily participate in the drilling of the Wells.

Respectfully submitted,

OPERATOR CERTIFICATIONS I hereby certify that the information contained herein is true and complete to the best of my knowledge and belief, and, if the well is a vertical or directional well, that this organization either owns a working interest or unleased mineral interest in the land including the proposed bottom hole location or has a right to drill this well at this location pursuant to a contract with an owner of a working interest or unleased mineral interest, or to a voluntary pooling agreement or a compulsory pooling order heretofore entered by the division. If this well is a horizontal well, I further certify that this organization has received the consent of at least one lessee or owner of a working interest or unleased mineral interest in each tract (in the target pool or formation) in which any part of the well's completed interval will be located or obtained a compulsory pooling order from the division.		SURVEYOR CERTIFICATIONS I hereby certify that the well location shown on this plat was plotted from field notes of actual surveys made by me or under my supervision, and that the same is true and correct to the best of my belief. PRELIMINARY THIS DOCUMENT SHALL NOT BE RECORDED FOR ANY PURPOSE AND SHALL NOT BE USED OR VIEWED OR RELIED UPON AS A FINAL SURVEY DOCUMENT. MARK J. MURRAY P.L.S. NO. 12177

Note: No allowable will be assigned to this completion until all interests have been consolidated or a non-standard unit has been approved by the division.

ACREAGE DEDICATION PLATS

This grid represents a standard section. You may superimpose a non-standard section, or larger area, over this grid. Operators must outline the dedicated acreage in a red box, clearly show the well surface location and bottom hole location, if it is directionally drilled, with the dimensions from the section lines in the cardinal directions. If this is a horizontal wellbore show on this plat the location of the First Take Point and Last Take Point, and the point within the Completed interval (other than the First Take Point or Last Take Point) that is closest to any outer boundary of the tract.

Surveyors shall use the latest United States government survey or dependent resurvey. Well locations will be in reference to the New Mexico Principal Meridian. If the land is not surveyed, contact the OCD Engineering Bureau. Independent subdivision surveys will not be acceptable.

RE: Well Proposals – Gabagool Fed Com
All of Sections 33 & 34, T21S-R27E
Eddy County, New Mexico

To Whom It May Concern:

Permian Resources Operating, LLC (“Permian”), as Operator, hereby proposes the drilling and completion of the following wells, at the following approximate locations within the All of Section 33 & 34, Township 21 South, Range 27 East:

1. Gabagool Fed Com 2H

SHL: W/2 of Section 33, T21S-R27E
BHL: 810’ FNL & 100’ FEL of Section 34
FTP: 810’ FNL & 100’ FWL of Section 33
LTP: 810’ FNL & 100’ FEL of Section 34
TVD: Approximately 7,320’
TMD: Approximately 18,105’
Targeted Interval: SBSG
Total Cost: See attached AFE

2. Gabagool Fed Com 122H

SHL: W/2 of Section 33, T21S-R27E
BHL: 2,080’ FNL & 100’ FEL of Section 34
FTP: 2,080’ FNL & 100’ FWL of Section 33
LTP: 2,080’ FNL & 100’ FEL of Section 34
TVD: Approximately 7,320’
TMD: Approximately 18,105’
Targeted Interval: SBSG
Total Cost: See attached AFE

3. Gabagool Fed Com 221H

SHL: W/2 of Section 33, T21S-R27E
BHL: 1,930’ FSL & 100’ FEL of Section 34
FTP: 1,930’ FSL & 100’ FWL of Section 33
LTP: 1,930’ FSL & 100’ FEL of Section 34
TVD: Approximately 7,320’
TMD: Approximately 18,105’
Targeted Interval: SBSG
Total Cost: See attached AFE

4. Gabagool Fed Com 222H

SHL: W/2 of Section 33, T21S-R27E
BHL: 660’ FSL & 100’ FEL of Section 34
FTP: 660’ FSL & 100’ FWL of Section 33

TMD: Approximately 20,085'
Targeted Interval: WCC
Total Cost: See attached AFE

The locations, TVDs, and targets are approximate and subject to change dependent on surface or subsurface issues encountered. Permian is proposing to drill these wells under the modified terms of the 1989 AAPL Operating Agreement and a form of said Operating Agreement will be provided upon request. The Operating Agreement has the following general provisions:

- 100%/300%/300% non-consent provisions
- \$10,000/\$1,000 drilling and producing rates
- Permian Resources Operating, LLC named as Operator

Please indicate your election to participate in the drilling and completion of the proposed well(s) on the enclosed ballot. Please sign and return this letter, a signed copy of the proposed AFE, and your geologic well requirements.

In the interest of time, should we not reach an agreement within thirty (30) days of the date of your receipt of this letter, Permian will apply to the New Mexico Oil Conservation Division for

compulsory pooling of your interest into a spacing unit for the proposed wells. If you do not wish to participate, Permian would be interested in acquiring your interest in the subject lands which is subject to further mutually agreeable negotiation.

Thank you for your time and consideration, if you have any questions at all, please don't hesitate to contact Daniel Koury at 432-634-5988 or Daniel.koury@permianres.com.

Respectfully,

PERMIAN RESOURCES OPERATING, LLC

Participate / Rejection Declaration

Please return this page to Permian Resources by the date specified in the letter, signed indicating your election to either participate in or reject this insurance program. If you reject the insurance coverage arranged by Permian, then, to the extent that Permian has an obligation to secure any such insurance on your behalf under any applicable agreements or otherwise, Permian will be relieved of such obligation, and Permian will assume that you maintain appropriate levels of insurance and will provide a current Certificate of Insurance upon request. If you fail to make an election within 30 days from receipt of this notice, you will be deemed a participant in the program as detailed on the attached and billed for your percentage participation as such.

- ☐ I hereby elect to participate in the insurance coverage arranged by Permian Resources, and understand that I will be charged for such participation.
- ☐ I hereby elect to reject the insurance coverage arranged by Permian Resources.

Federal Communitization Agreement

Contract No. _____

THIS AGREEMENT entered into as of the **1st** day of **July, 2026**, by and between the parties subscribing, ratifying, or consenting hereto, such parties being hereinafter referred to as "parties hereto."

WITNESSETH:

WHEREAS, the Act of February 25, 1920 (41 Stat. 437), as amended and supplemented, authorizes communitization or drilling agreements communitizing or pooling a Federal oil and gas lease, or any portion thereof, with other lands, whether or not owned by the United States, when separate tracts under such Federal lease cannot be independently developed and operated in conformity with an established well-spacing program for the field or area and such communitization or pooling is determined to be in the public interest; and

WHEREAS, the parties hereto own working, royalty or other leasehold interests, or operating rights under the oil and gas leases and lands subject to this agreement which cannot be independently developed and operated in conformity with the well-spacing program established for the field or area in which said lands are located; and

WHEREAS, the parties hereto desire to communitize and pool their respective mineral interests in lands subject to this agreement for the purpose of developing and producing communitized substances in accordance with the terms and conditions of this agreement:

NOW, THEREFORE, in consideration of the premises and the mutual advantages to the parties hereto, it is mutually covenanted and agreed by and between the parties hereto as follows:

1. The lands covered by this agreement (hereinafter referred to as "communitized area") are described as follows:

Township 21 South, Range 27 East, N.M.P.M., Eddy County, New Mexico:

Section 33: N/2

Section 34: N/2

Containing **640.11** acres, and this agreement shall include only the **Bone Spring** formation underlying said lands and the associated gaseous hydrocarbons hereafter referred to as "communitized substances," producible from such formation.

Comm Agmt_Gabagool N2 BSPG

2. Attached hereto, and made a part of this agreement for all purposes is Exhibit "A", a plat designating the communitized area and, Exhibit "B", designating the operator of the communitized area and showing the acreage, percentage and ownership of oil and gas interests in all lands within the communitized area, and the authorization, if any, for communitizing or pooling any patented or fee lands within the communitized area.
3. The Operator of the communitized area shall be **Permian Resources Operating, LLC, whose address is 300 N. Marienfeld St., Ste. 1000 Midland, Texas 79701.** All matters of operations shall be governed by the operator under and pursuant to the terms and provisions of this agreement. A successor operator may be designated by the owners of the working interest in the communitized area and four (4) executed copies of a designation of successor operator shall be filed with the Authorized Officer.
4. Operator shall furnish the Secretary of the Interior, or his authorized representative, with a log and history of any well drilled on the communitized area, monthly reports of operations, statements of oil and gas sales and royalties and such other reports as are deemed necessary to compute monthly the royalty due the United States, as specified in the applicable oil and gas operating regulations.
5. The communitized area shall be developed and operated as an entirety, with the understanding and agreement between the parties hereto that all communitized substances produced there from shall be allocated among the leaseholds comprising said area in the proportion that the acreage interest of each leasehold bears to the entire acreage interest committed to this agreement.

If the communitized area approved in this Agreement contains unleased Federal lands, the value of $1/8^{\text{th}}$ or $12 \frac{1}{2}$ percent for the Federal lands, of the production that would be allocated to such Federal lands, described above, if such lands were leased, committed and entitled to participation, shall be payable as compensatory royalties to the Federal government. The remaining $7/8^{\text{th}}$ should be placed into an escrow account set up by the operator. Parties to the Agreement holding working interest in committed leases within the applicable communitized area are responsible for such royalty payments on the volume of the production reallocated from the unleased Federal lands to their communitized tracts as set forth in Exhibit "B" attached hereto. The value of such production subject to the payment of said royalties shall be determined pursuant to the method set forth in 30 CFR Part 1206 for the unleased Federal lands. Payment of compensatory royalties on the production reallocated from the unleased Federal lands to the committed tracts within the communitized area shall fulfill the Federal royalty obligation for such production. Payment of compensatory royalties, as provided herein, shall accrue from the date the committed tracts in the communitized area that includes unleased Federal land receive a production allocation, and shall be due and payable by the last day of the calendar month next following the calendar month of actual production. Payment due under this provision shall end when the Federal tract is leased or when production of communitized substances ceases within the

Comm Agmt_Gabagool N2 BSPG

communitized area and the Communitization Agreement is terminated, whichever occurs first.

Any party acquiring a Federal lease of the unleased Federal lands included in the communitized area established hereunder, will be subject to this Agreement as of the effective date of the Federal leases to said party(ies). Upon issuance of the Federal lease and payment of its proportionate cost of the well, including drilling, completing and equipping the well, the acquiring party(ies) shall own the working interest described in the Tract, as described on Exhibit "B", and shall have the rights and obligations of said working interest as to the effective date of the Federal Lease.

6. The royalties payable on communitized substances allocated to the individual leases comprising the communitized area and the rentals provided for in said leases shall be determined and paid on the basis prescribed in each of the individual leases. Payments of rentals under the terms of leases subject to this agreement shall not be affected by this agreement except as provided for under the terms and provisions of said leases or as may herein be otherwise provided. Except as herein modified and changed, the oil and gas leases subject to this agreement shall remain in full force and effect as originally made and issued. It is agreed that for any Federal lease bearing a sliding or step-scale rate of royalty, such rate shall be determined separately as to production from each communitization agreement to which such lease may be committed, and separately as to any noncommunitized lease production, provided, however, as to leases where the rate of royalty for gas is based on total lease production per day, such rate shall be determined by the sum of all communitized production allocated to such a lease plus any noncommunitized lease production.
7. There shall be no obligation on the lessees to offset any well or wells completed in the same formation as covered by this agreement on separate component tracts into which the communitized area is now or may hereafter be divided, nor shall any lessee be required to measure separately communitized substances by reason of the diverse ownership thereof, but the lessees hereto shall not be released from their obligation to protect said communitized area from drainage of communitized substances by a well or wells which may be drilled offsetting said area.
8. The commencement, completion, continued operation, or production of a well or wells for communitized substances on the communitized area shall be construed and considered as the commencement, completion, continued operation, or production on each and all of the lands within and comprising said communitized area, and operations or production pursuant to this agreement shall be deemed to be operations or production as to each lease committed hereto.
9. Production of communitized substances and disposal thereof shall be in conformity with allocation, allotments, and quotas made or fixed by any duly authorized person or regulatory body under applicable Federal or State statutes. This agreement shall be subject to all applicable Federal and State laws or executive orders, rules and regulations, and no party hereto shall suffer a forfeiture or be liable in damages for failure to comply with any of the provisions

Comm Agmt_Gabagool N2 BSPG

of this agreement if such compliance is prevented by, or if such failure results from, compliance with any such laws, orders, rules or regulations.

10. The date of this agreement is **July 1st, 2026**, and it shall become effective as of this date or from the onset of production of communitized substances, whichever is earlier upon execution by the necessary parties, notwithstanding the date of execution, and upon approval by the Secretary of the Interior or by his duly authorized representative, and shall remain in force and effect for a period of 2 years and for as long as communitized substances are, or can be, produced from the communitized area in paying quantities: Provided, that prior to production in paying quantities from the communitized area and upon fulfillment of all requirements of the Secretary of the Interior, or his duly authorized representative, with respect to any dry hole or abandoned well, this agreement may be terminated at any time by mutual agreement of the parties hereto. This agreement shall not terminate upon cessation of production if, within 60 days thereafter, reworking or drilling operations on the communitized area are commenced and are thereafter conducted with reasonable diligence during the period of nonproduction. The 2-year term of this agreement will not in itself serve to extend the term of any Federal lease which would otherwise expire during said period.
11. The covenants herein shall be construed to be covenants running with the land with respect to the communitized interests of the parties hereto and their successors in interests until this agreement terminates and any grant, transfer, or conveyance of any such land or interest subject hereto, whether voluntary or not, shall be and hereby is conditioned upon the assumption of all obligations hereunder by the grantee, transferee, or other successor in interest, and as to Federal land shall be subject to approval by the Secretary of the Interior, or his duly authorized representative.
12. It is agreed between the parties hereto that the Secretary of the Interior, or his duly authorized representative, shall have the right of supervision over all Fee and State mineral operations within the communitized area to the extent necessary to monitor production and measurement, and assure that no avoidable loss of hydrocarbons occur in which the United States has an interest pursuant to applicable oil and gas regulations of the Department of the Interior relating to such production and measurement.
13. This agreement shall be binding upon the parties hereto and shall extend to and be binding upon their respective heirs, executors, administrators, successors, and assigns.
14. This agreement may be executed in any number of counterparts, no one of which needs to be executed by all parties, or may be ratified or consented to by separate instrument, in writing, specifically referring hereto, and shall be binding upon all parties who have executed such a counterpart, ratification or consent hereto with the same force and effect as if all parties had signed the same document.
15. Nondiscrimination. In connection with the performance of work under this

Comm Agmt_Gabagool N2 BSPG

agreement, the operator agrees to comply with all the provisions of Section 202(1) to (7) inclusive, of Executive Order 11246 (30F.R. 12319), as amended, which are hereby incorporated by reference in this agreement.

IN WITNESS WHEREOF, the parties hereto have executed this agreement as of the day and year first above written and have set opposite their respective names the date of execution.

Permian Resources Operating, LLC
Case No. 26239
Exhibit A-7

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**APPLICATIONS OF PERMIAN RESOURCES OPERATING,
LLC FOR COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.**

CASE NOS. 26239, 26240

**SELF-AFFIRMED STATEMENT
OF CHARLES A. WARD III**

1. I am a geologist with Permian Resources Operating, LLC ("Permian Resources"). I am over 18 years of age, have personal knowledge of the matters addressed herein, and am competent to provide this Self-Affirmed Statement. I have not previously testified before the New Mexico Oil Conservation Division ("Division"). I have a master's degree in geology from University of Texas of the Permian Basin and have over 14 years of experience as a geologist in the petroleum industry. A copy of my resume is attached as **Exhibit B-1**.

2. I am familiar with the geological matters that pertain to the above-referenced cases.

3. **Exhibit B-2** is a regional locator map that identifies the Gabagool project area, in proximity to the Capitan Reef within the Delaware Basin, for the Bone Spring horizontal spacing units that are the subject of these applications.

4. **Exhibit B-3** is a cross-section location map for the proposed horizontal spacing units within the Bone Spring formation. The approximate wellbore path for the **Gabagool Fed Com 2H, Gabagool Fed Com 122H, Gabagool Fed Com 221H, Gabagool Fed Com 222H** proposed wells ("Wells") are represented by a dashed orange line. Existing producing wells in the targeted interval are represented by solid orange lines. This map identifies the cross-section running from A-A' with the cross-section wells' name and a black line in proximity to the proposed Wells.

**Permian Resources Operating, LLC
Case No. 26239
Exhibit B**

5. **Exhibit B-4** is a Subsea Structure map of the base of 2nd Bone Spring formation in TVD subsea with a contour interval of 50 ft. The map identifies the approximate wellbore path for the proposed Wells with an orange line. It also identifies the location of the cross-section running from A-A' in proximity to the proposed Well. The data points are indicated by red triangles. The map demonstrates the formation is gently dipping to the east in this area. I do not observe any faulting, pinch-outs, or geologic impediments to developing the targeted intervals with horizontal wells.

6. **Exhibit B-5** identifies two wells penetrating the targeted interval, which I used to construct a stratigraphic cross-section from A to A'. It contains gamma ray, resistivity, and porosity logs. The cross section is oriented from west to east and is hung on the base of the Bone Spring formation. The proposed landing zone for the Wells are labeled on the exhibit. The approximate well-paths for the proposed Wells are indicated by a dashed orange line to be drilled from west to east across the units. This cross-section demonstrates the target interval is continuous across the Unit.

7. **Exhibit B-6** is a gun barrel diagram that shows the proposed Wells in the Bone Spring formation. The spacing unit is defined by a blue box and is labeled with the case number.

8. In my opinion, a lay-down orientation for the Wells is appropriate to properly develop the subject acreage because of consistent rock properties throughout the Unit and the preferred fracture orientation in this portion of the trend.

9. Based on my geologic study of the area, the targeted interval underlying the Unit is suitable for development by horizontal wells and the tracts comprising the Unit will contribute more or less equally to the production of the Wells.

10. In my opinion, the granting of Permian Resources' application will serve the interests of conservation, the protection of correlative rights, and the prevention of waste.

11. The exhibits attached hereto were either prepared by me or under my supervision or were compiled from company business records.

12. I understand this Self-Affirmed Statement will be used as written testimony in this case. I affirm my testimony above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date identified next to my signature below.

CHARLES A. WARD III

2026/07/27
DATE

Charles A. Ward III

Petroleum Geologist | Data Scientist

Professional Summary

Geoscientist with 13+ years of experience. Proven expertise in petrophysics, reservoir analysis, asset evaluation, and business development across multiple U.S. basins. Experienced in Python data automation with an expanding skill set in machine learning focused on subsurface data interpretation and predictive modeling.

Technical Proficiencies

Geologic & Data Analytics Software – Kingdom, Petra, Geographix, Subsurface Studio, PowerLog, Star Steer, ArcGIS, PHDwin, ComboCurve, Spotfire, Python (Pandas, NumPy, Matplotlib, Lasio, psycopg2, Tesseract OCR, Scikit-learn, BeautifulSoup), PostgreSQL, Data automation, Web scraping, & Developing expertise in machine learning for data clustering and predictive analytics.

Geologic skillset - Petrophysical log analysis, Reservoir characterization, Subsurface mapping, Seismic fault & horizon interpretation, Field development, Operations geology & geo-steering, Reservoir volumetrics, Decline curve analysis.

Professional Experience

Permian Resources | June 2025 – Current

Senior Asset Geologist

- Conduct geological evaluation and development planning for operated unconventional assets in the Permian Basin, supporting efficient capital allocation and long-term field development.
- Characterization of reservoir quality via integration of petrophysical analysis, core data, image logs, and production performance.
- Generate well landing recommendations and geosteering guidance to maximize reservoir contact and improve well performance.

Murchison Oil & Gas | October 2013 – January 2025

Vice President of Geology

Geologic & Technical Expertise:

- Generated 2D & 3D reservoir models, petrophysical workflows, subsurface maps, cross-sections, offset production evaluations, decline curve analytics, and statistical analyses for assets in multiple U.S. basins.
- Led geologic data acquisition and analysis, including: Open & cased hole wireline logging, LWD/MWD, Seismic, Micro-seismic, Sidewall & whole core, as well as public (TRRC, ECOM, NMOCD) & private data sources (Enverus, S&P).
- Applied Python-driven data automation and ETL workflows, and expanding on a skill set in machine learning for pattern recognition and predictive analytics within subsurface datasets.

Asset Development & Reservoir Management

- Developed and drilled 120+ wells from concept to completion, across multiple benches in the Delaware & Midland Basins.
- Led Evaluation of more than \$175MM in non-operated proposals across multiple U.S. basins.
- Implemented several salt water disposal systems, maintaining compliance with state & federal regulatory bodies.
- Evaluation of uphole recompletions for non-economic/low value conventional producers unlocking behind-pipe reserves and preserving leasehold.

Business Development

- Key contributor in a business development team that secured more than \$500MM in private equity funding, directly influencing acquisitions and portfolio expansion.
- Evaluated potential acquisitions in the Permian, Williston, Anadarko, Powder River, and Texas Gulf Coast.
- De-risked, and acquired multiple oil & gas assets across the Permian basin.
- Generated sell-side presentations and geologic due diligence, instrumental in multiple successful asset divestitures.

Permian Resources Operating, LLC
 Case No. 26239
 Exhibit B-1

Professional Experience Cont.**Core Laboratories | November 2011 – October 2013****Core Analyst**

- Conducted core analyses on reservoirs worldwide, providing detailed lithologic and petrophysical evaluations that informed exploration and development decisions.
- Generated core descriptions, including: lithology, mineral identification, fossil assemblages, depositional environments, porosity characterization, hydrocarbon fluorescence, and cut.
- Generated & depth corrected core-derived log values including Spectral & Bulk Gamma Ray, Grain Density, Porosity, Permeability, Oil and water saturation, Oil API, Water resistivity.
- Conducted routine (RCA) and special core analysis (SCA) including core porosity, vertical & horizontal permeability, oil & water saturations, traced cores, Klingenberg & overburden permeability, sulfur analysis.

Education

University of Texas of the Permian Basin | May 2015

Master of Science – Geology

Thesis focus: Viability of Enhanced oil recovery of Residual oil zones (ROZs) with CO₂, in mature Water floods.**Title:** *Tertiary Enhanced Oil Recovery of Residual Oil Zones within the San Andres Formation, Flying M Field, Lea County, New Mexico*

Texas Tech University | May 2011

Bachelor of Science – Geology

Professional Affiliations

- American Association of Petroleum Geologists (AAPG)
- Society of Petrophysicists and Well Log Analysts (SPWLA)
- Society of Exploration Geophysicists (SEG)

**APPLICATION OF PERMIAN RESOURCES OPERATING,
LLC FOR COMPULSORY POOLING, AND APPROVAL
OF NON-STANDARD SPACING UNIT,
EDDY COUNTY, NEW MEXICO.**

CASE NO. 26239

**SELF-AFFIRMED STATEMENT
OF JACLYN M. MCLEAN**

1. I am attorney in fact and authorized representative of Permian Resources Operating, LLC the Applicant herein.

2. I am familiar with the Notice Letters attached as **Exhibit C-1**, and caused the Notice Letters, along with the Application in this case, to be sent to the parties listed in the Postal Delivery Report attached as **Exhibit C-2**.

3. Exhibit C-2 also provides the date the Notice Letters was sent, along with the delivery status of each.

4. Electronic return receipts are attached as **Exhibit C-3** as supporting documentation for proof of mailing and the information provided on Exhibit C-2.

5. On July 22, 2026, I caused a notice to be published in the Carlsbad Current Argus. An Affidavit of Publication from the legal clerk of the Carlsbad Current Argus along with a copy of the Notice Publication, is attached as **Exhibit C-4**.

6. I understand this Self-Affirmed Statement will be used as written testimony in the subject case. I affirm that my testimony above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.

TO: ALL AFFECTED PARTIES – NOTICE OF NON-STANDARD SPACING UNIT

**Re: Case No. 26239 - Application of Permian Resources Operating, LLC for
Compulsory Pooling, and Approval of a Non-Standard Spacing Unit,
Eddy County, New Mexico.**

To whom it may concern:

This letter is to advise you that the enclosed application was filed with the New Mexico Oil Conservation Division. You are receiving this letter because you are an affected party for the purposes of the non-standard spacing unit. The hearing will be conducted on **August 06, 2026**, beginning at 8:30 a.m.

The hearing will be conducted in a hybrid fashion, both virtually and in-person at the Energy, Minerals, Natural Resources Department, Wendell Chino Building, Pecos Hall, 1220 South St. Francis Drive, 1st Floor, Santa Fe, NM 87505. The hearing may be held only virtually at the discretion of the Division. To confirm the manner in which the hearing will be held, and to participate virtually, please visit the OCD Hearings website at the following link: <https://www.emnrd.nm.gov/oed/hearing-info/>. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Pursuant to Division Rule 19.15.4.13.B, a party who intends to present evidence at the hearing shall file a pre-hearing statement and serve copies on other parties, or the attorneys of parties who are represented by counsel, at least four business days prior to the scheduled hearing, but in no event later than 5:00 p.m. Mountain Time, on the Thursday preceding the scheduled hearing date. If you are not registered with the OCD's E-Permitting system, you must submit the statement via e-mail to oed.hearings@emnrd.nm.gov and should include: the names of the parties; whether or not the parties are represented by counsel; a concise statement of the case; the names of witnesses anticipated to be called to testify at the hearing; the approximate amount of time needed to present the case; and an identification of any procedural matters that are to be resolved prior to the hearing.

Copy of Publication:

This is to notify all interested parties, including: ARROYO ENERGY FUND III, LP; ESTATE OF JOHN EVERETT KENNANN; KIRBY MINERALS, LC; PERMIAN ROYALTIES, LP; Lowell Todd Armstrong; Chevron USA Inc.; Chief Capital (O&G) II, LLC; Devon Energy Production Company, L.P.; Mewbourne Oil Company; Paloma Permian AssetCo, LLC; Paloma Permian Nominee Corporation; Permian Resources Operating, LLC; Red River Energy Partners II, LLC; Redfern Enterprises, Inc. Rick Zimmerman dba Island Resources; RKC, Inc; Robert H. St. John Family Trust; Texas Independent Exploration, Inc; The DeCompiengne Property Company No. 20, Ltd.; USA Bureau of Land Management; MRC Permian Company; Matador Production Company; Ray Westall Operating, LLC; Snow Oil and Gas, Inc; SOXGI, LLC; Red River Energy Partners, LLC; 3MG Corporation; Christ In You The Hope Of Glory; CWM 2000-B II, LTD.; Duke Minerals Non-Op, LLC; Enduring Resources IV, LLC; Heritage Exploration-Permian, LLC; Jalapenc Corporation; Magnum Hunter Production, Inc; Mewbourne Development Corporation; Osprey Oil and Gas V, LLC; OXY Y-1 Company; PBEX, LLC; Sarvis Permian Land Fund I, LLC; Sarvis Rockmont Permian Land Fund I, LLC; Scan-Harbor, Inc; U.S. Energy Development Corporation; Nuevo Seis LP; Nikki Kathleen Worley; Robert and Maxine Hannifin Trust; Tara N. Fedric Living Trust; Gene A. Snow Operating, Inc; Unicorn Energy, LLC; Norton, LLC; Tilden Capital Operating II, LP; Omega Energy, LLC; G & H Land Services, LLC; Bobby R. and Mary Jane Baldock; Diane Kemp Morrison Exempt Childrens Trust; Maury Page Kemp, Jr. Exempt Childrens Trust; Jane H. Caplitz; Norman Keith Stone; Diamond Lil Properties, LLC; and their successors and assigns; that the New Mexico Oil Conservation Division will conduct a hearing on the application submitted by Permian Resources Operating, LLC, (Applicant) for Case No. 26239. The hearing will be conducted on August 6, 2026, in a hybrid fashion, both virtually and in person at the Energy, Minerals, and Natural Resources Department, 1st Floor, Santa Fe, NM 87505. To participate virtually, see the instructions posted on the OCD website: <https://www.emnrd.nm.gov/ocd/hearing-info/>. In Case No. 26239, Applicant seeks an order pooling all uncommitted interests in the Bone Spring formation, underlying a 640.11-acre, more or less, non-standard horizontal spacing unit comprised of the N/2 of Sections 33 and 34, Township 21 South, Range 27 East, Eddy County, New Mexico (Unit). The Unit will be dedicated to the following wells (Wells): Gabagool Fed Com 2H well, which will produce from a first take point located in the NW/4 NW/4 (Unit D) of Section 33, to a last take point in the NE/4 NE/4 (Unit A) of Section 34; and Gabagool Fed Com 122H well, which will produce from a first take point located in the SW/4 NW/4 (Unit E) of Section 33, to a last take point in the SE/4 NE/4 (Unit H) of Section 34. The completed intervals of the Wells will be orthodox. Permian Resources requests approval of a non-standard horizontal spacing unit pursuant to Rule 19.15.16.15(B)(5) NMAC, which will create cost efficiencies, prevent waste, and protect correlative rights. Also to be considered will be the cost of drilling and completing the Wells, the allocation of the costs, the designation of Applicant as operator of the Wells and the Unit, and a 200% charge for the risk involved in drilling and completing the Wells. The Wells are located approximately 3.61 miles northeast of Carlsbad, New Mexico.

117810-Published in Carlsbad Current Argus July 22, 2026.
