CASE NO. 26365

APPLICATION

Enduring Resources, LLC, ("Enduring") (OGRID No. 372286) through its undersigned counsel, files this application with the Oil Conservation Division for an order approving the Bobby B federal exploratory unit and proposed expansion. In support of its application, Enduring states:

1. The Unit Area with the proposed expansion consists of approximately 18,294.60-acres of the following Federal, State, Indian allotted, and fee lands, situated in Rio Arriba County, New Mexico:

Township 24 North, Range 6 West

Section 7:	Lots 1-4, E/2 W/2, E/2 (All)
Section 18:	Lots 1-4, E/2 W/2, E/2 (All)
Section 19:	Lots 1-4, E/2 W/2, E/2 (All)
Section 29:	All
Section 30:	Lots 1-4, E/2 W/2, E/2 (All)
Section 31:	Lots 1-4, E/2 W/2, E/2 (All)
Section 32:	All

Township 24 North, Range 7 West

Section 12:	NE/4, S/2
Section 13:	All
Section 14:	All
Section 15:	All
Section 21:	NE/4, S/2
Section 22:	All
Section 23:	All
Section 24:	All
Section 25:	All
Section 26:	All
Section 27:	All
Section 32:	W/2 NW/4, NE/4, S/2
Section 34:	E/2 NW/4, NE/4, S/2

**BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. A
Submitted by: Enduring Resources, LLC
Hearing Date: September 15, 2026
Case No. 26365**

Section 35: All
Section 36: All

Township 23 North, Range 7 West

Section 2: Lots 1-4, S/2 N/2, S/2 (All)
Section 3: Lots 1-12, S/2 N/2 (All)
Section 4: Lots 5-20 (All)
Section 5: Lots 5-9, SW/4 NE/4, S/2 NW/4, S/2 (All)
Section 8: NE/4
Section 9: Lots 1-4, SE/4, W/2 (All)
Section 10: Lots 1-10, SE/4 NE/4, NE/4 SE/4, S/2 S/2 (All)
Section 15: NW/4
Section 16: All

2. Enduring is the designated operator under the Unit Agreement and the unitized interval shall be limited in depth from the stratigraphic equivalent of the top of the Mancos Formation, at a measured depth of 4,478 feet, down to the stratigraphic equivalent of the base of the Gallup Sandstone, at a measured depth of 5,660 feet as encountered in the Epic Energy LLC's Marcus A 014 well (API No. 30-039-24170) located in irregular Section 31, Township 24 North, Range 6 West, NMPM, Rio Arriba County, New Mexico.

3. The Bobby B Unit Agreement ("Unit Agreement") applies to new horizontal and multi-lateral wells only, and all existing wells within the Unit Area producing from the Mancos-Gallup formation are excluded from the terms of the Unit Agreement. A copy of the Unit Agreement is attached as **Exhibit A**.

4. Enduring has obtained approval of the Unit Agreement from all working interest owners, demonstrating sufficient support to provide effective control of unit operations.

5. Enduring is currently working with the BLM to obtain final approval of the proposed expansion of the Unit Agreement on an expedited basis and a letter recognizing the Unit Area as logically subject to exploration and development under the unitization provisions of the Mineral Leasing Act, which Enduring will provide at the hearing. A copy of the expansion application is attached as **Exhibit B**.

6. The Unit Agreement, and the unitized operation and management of the Unit Area, are in the best interests of conservation, the prevention of waste, and the protection of correlative rights.

WHEREFORE, Enduring requests that this Application be set for hearing before an Examiner of the Oil Conservation Division on August 6, 2026, and that after notice and hearing as required by law, the Division enter its order granting this Application.

Respectfully submitted,

 Section 31: Lots 1-4, E/2 W/2, E/2 (All)
 Section 32: All

Township 24 North, Range 7 West

Section 12: NE/4, S/2
 Section 13: All
 Section 14: All
 Section 15: All
 Section 21: NE/4, S/2
 Section 22: All
 Section 23: All
 Section 24: All
 Section 25: All
 Section 26: All
 Section 27: All
 Section 32: W/2 NW/4, NE/4, S/2
 Section 34: E/2 NW/4, NE/4, S/2
 Section 35: All
 Section 36: All

Township 23 North, Range 7 West

Section 2: Lots 1-4, S/2 N/2, S/2 (All)
 Section 3: Lots 1-12, S/2 N/2 (All)
 Section 4: Lots 5-20 (All)
 Section 5: Lots 5-9, SW/4 NE/4, S/2 NW/4, S/2 (All)
 Section 8: NE/4
 Section 9: Lots 1-4, SE/4, W/2 (All)
 Section 10: Lots 1-10, SE/4 NE/4, NE/4 SE/4, S/2 S/2 (All)
 Section 15: NW/4
 Section 16: All

The proposed unitized interval shall be limited depth from the stratigraphic equivalent of the top of the Mancos Formation, at a depth of 4,478 feet, down to the stratigraphic equivalent of the base of the Gallup Sandstone, at a depth of 5,660 feet as encountered in the Epic Energy LLC's Marcus A

014 well (API No. 30-039-24170) located in irregular Section 31, Township 24 North, Range 6 West, NMPM, Rio Arriba County, New Mexico. The proposed Bobby B Unit Agreement applies to new horizontal and multi-lateral wells only, and all existing wells within the Unit Area producing from the Mancos-Gallup formation are excluded from the terms of the Unit Agreement. The subject acreage is located approximately 6 miles northwest of Counselor, New Mexico.

NO. NMNM 106716738

THIS AGREEMENT, entered into as of the _____ day of _____, 2026, by and between the parties subscribing, ratifying or consenting hereto, and herein referred to as the "parties hereto,"

WITNESSETH:

WHEREAS, the parties hereto are the owners of working, royalty or other oil and gas interests in the unit area subject to this agreement; and

WHEREAS, the Mineral Leasing Act of February 25, 1920, 41 Stat. 437, as amended, 30 U.S.C. Sec. 181 et seq., authorizes Federal lessees and their representatives to unite with each other, or jointly or separately with others, in collectively adopting and operating under a unit plan of development or operation of any oil or gas pool, field, or like area, or any part thereof for the purpose of more properly conserving the natural resources thereof whenever determined and certified by the Secretary of the Interior to be necessary or advisable in the public interest; and

WHEREAS, the Act of March 3, 1909, (35 Stat. 783) as amended by the act of August 9, 1955, (69 Stat. 540), the Act of May 11, 1938, (52 Stat. 347 as amended, 25 U.S.C., Sec. 396a-g), Act of August 4, 1947, (61 Stat. 732), Indian Mineral Development Act of 1982 (25 U.S.C. 2101-2108), provides that all operations under any oil and gas lease on tribal and/or allotted Indian lands shall be subject to the rules and regulations of the Secretary of the Interior, and regulations issued pursuant to said statute provide that, in the exercise of his judgment, the Secretary may take into consideration, among other things, the Federal laws, state laws or regulations by competent Federal or State authorities or lawful agreements among operators regulating either drilling or production or both (25 C.F.R. Sec. 211.28 and 212.28); and,

WHEREAS, the Commissioner Public Lands of the State of New Mexico is authorized by an Act of the Legislature (Section 19-10-45, 46, 47 NM Statutes 1978 Annotated) to consent to or approve this agreement on behalf of the State of New Mexico, insofar as it covers and includes lands and mineral interest of the State of New Mexico; and

WHEREAS, the Oil Conservation Division of the New Mexico Energy and Minerals Department, hereinafter referred to as "Division", is authorized by an act of the Legislature (Chapter 70 and 71, NM Statutes 1978 Annotated) to approve this agreement and the conservation provisions hereof; and

WHEREAS, the parties hereto hold sufficient interests in the Bobby B Unit Area covering the land hereinafter described to give reasonably effective control of operations therein; and

WHEREAS, it is the purpose of the parties hereto to conserve natural resources, prevent waste, and secure other benefits obtainable through development and operation of the area subject to this agreement under the terms, conditions, and limitations herein set forth;

NOW, THEREFORE, in consideration of the premises and the promises herein contained, the parties hereto commit to this agreement their respective interests in the below defined unit area, and agree severally among themselves as follows:

1. ENABLING ACT AND REGULATIONS. The Mineral Leasing Act of February 25, 1920, as amended, supra, and all valid pertinent regulations including operating and unit plan regulations and State of New Mexico rules and regulations, heretofore issued thereunder or valid, pertinent and reasonable regulations hereafter issued thereunder are accepted and made a part of this agreement as to Federal, and Indian trust lands, provided such regulations are not inconsistent with the terms of this agreement; and as to non-Federal lands, non-Indian trust lands, the oil and gas operating regulations in effect as of the effective date hereof governing drilling and producing operations, not inconsistent with the terms hereof or the laws of the State in which the non-Federal land is located, are hereby accepted and made a part of this agreement.

2. UNIT AREA. The area specified on the map attached hereto marked **Exhibit "A"** is hereby designated and recognized as constituting the unit area, containing **16,694.60 acres**, more or less. The lands covered by this agreement (hereinafter referred to as "unit area") are described as follows:

Township 24 North, Range 6 West

Section 7: All
 Section 18: Lots 1 - 2, E/2NW/4, NE/4, Lots 3 - 4, E/2SW/4, SE/4 (All)

 Section 10: All
 Section 15: NW/4
 Section 16: All.

Exhibit A shows, in addition to the boundary of the unit area, the boundaries and identity of tracts and leases in said area to the extent known to the Unit Operator. **Exhibit B** attached hereto is a schedule showing to the extent known to the Unit Operator, the acreage, percentage, and kind of ownership of oil and gas interests in all lands in the unit area. However, nothing herein or in Exhibits A or B shall be construed as a representation by any party hereto as to the ownership of any interest other than such interest or interests as are shown in the Exhibits as owned by such party. Exhibits A and B shall be revised by the Unit Operator whenever changes in the unit area or in the ownership interests in the individual tracts render such revision necessary, or when requested by the Authorized Officer of the Bureau of Land Management (BLM), hereinafter referred to as "AO", the Director of the Federal Indian Management Office, hereinafter referred to as "FIMO", or the Commissioner of Public Lands of the State of New Mexico, hereinafter referred to as "Land Commissioner", and not less than four (4) copies of the revised Exhibits shall be filed with the proper Bureau of Land Management office, and one (1) copy thereof shall be filed with the Federal Indian Minerals Office, hereinafter referred to as "FIMO", and one (1) copy with the New Mexico Oil Conservation Division of the Energy and Minerals Department, hereinafter referred to as "Division", and one (1) copy thereof shall be filed with the Land Commissioner.

A list of State of New Mexico lands and leases is attached hereto as **Exhibit E**.

The above-described unit area shall when practicable be expanded to include therein any additional lands or shall be contracted to exclude lands whenever such expansion or contraction is deemed to be necessary or advisable to conform with the purposes of this agreement. Such expansion or contraction shall be effected in the following manner:

(a) Unit Operator, on its own motion (after preliminary concurrence by the AO, FIMO and the Land Commissioner), or on demand of the AO, FIMO, and Land Commissioner, shall prepare a notice of proposed expansion or contraction describing the contemplated changes in the boundaries of the unit area, the reasons therefore, any plans for additional drilling, and the proposed effective date of the expansion or contraction, preferably the first day of a month subsequent to the date of notice.

(b) Said notice shall be delivered to the proper BLM office, FIMO, the Land Commissioner, and the Division, and copies thereof mailed to the last known address of each working interest owner, lessee and lessor whose interests are affected, advising that thirty (30) days will be allowed for submission to the Unit Operator of any objections.

(c) Upon expiration of the 30-day period provided in the preceding item (b) hereof, Unit Operator shall file with the AO, FIMO and the Land Commissioner, evidence of mailing of the notice of expansion or contraction and a copy of any objections thereto which have been filed with the Unit Operator, together with an application in triplicate, for approval of such expansion or contraction and with appropriate joinders.

(d) After due consideration of all pertinent information, the expansion or contraction shall, upon approval by the AO, FIMO and the Land Commissioner, become effective as of the date prescribed in the notice thereof or such other appropriate date.

(e) All legal subdivisions of lands (i.e., forty (40) acres by Government survey or its nearest lot or tract equivalent; in instances of irregular surveys, unusually large lots or tracts shall be considered in multiples of forty (40) acres or the nearest aliquot equivalent thereof), no parts of which are in or entitled to be in a participating area on or before the fifth (5th) anniversary of the effective date of the first initial

participating area established under this unit agreement, shall be eliminated automatically from this agreement, effective of said fifth (5th) anniversary, and such lands shall no longer be a part of the unit area and shall no longer be subject to this agreement, unless diligent drilling operations are in progress on unitized lands not entitled to participation on said fifth (5th) anniversary, in which event all such lands shall remain subject hereto for so long as such drilling operations are continued diligently, with no more than 90-days' time elapsing between the completion of one such well and the commencement of the next such well. All legal subdivisions of lands not entitled to be in a participating area within ten (10) years after the effective date of the first initial participating area approved under this agreement shall be automatically eliminated from this agreement as of said tenth (10th) anniversary. The Unit Operator shall, within ninety (90) days after the effective date of any elimination hereunder, describe the area so eliminated to the satisfaction of the AO, FIMO and Land Commissioner and promptly notify all parties in interest. All lands reasonably proved productive of unitized substances in paying quantities and developed to the satisfaction of the AO, FIMO and Land Commissioner by diligent drilling operations under an approved plan of development after the aforesaid five-year period shall become participating in the same manner as during said first five-year period. However, when such diligent drilling operations cease, all nonparticipating lands not then entitled to be in a participating area shall be automatically eliminated effective as of the 91st day thereafter.

Any expansion of the unit area pursuant to this section which embraces lands theretofore eliminated pursuant to this subsection 2(e) shall not be considered automatic commitment or recommitment of such lands. If conditions warrant extension of the 10-year period specified in this subsection, a single extension of not to exceed two years may be accomplished by consent of the owners of ninety (90) percent of the working interest in the current nonparticipating unitized lands and the owners of sixty (60) percent of the basic royalty interests (exclusive of the basic royalty interests of the United States) in nonparticipating unitized lands with approval of the AO and Land Commissioner, provided such extension application is submitted not later than sixty (60) days prior to the expiration of said 10-year period.

3. UNITIZED LAND AND UNITIZED SUBSTANCES. All land now or hereafter committed to this agreement shall constitute land referred to herein as "unitized land" or "land subject to this agreement." For purposes of this agreement, the unitized interval is defined as the interval from the stratigraphic equivalent of the top of the Mancos formation to the stratigraphic equivalent of the base of the Gallup Sandstone formation, as found between the measured depths of 4,478' to 5,660 feet beneath the surface, as seen on the petrophysical logs from the Marcus A 014 well (API # 30-039-2417), located in NE/4SE/4 Section 31, Township 24 North, Range 6 West, Rio Arriba County, New Mexico as set forth on Exhibit C. All production of oil, gas, or other hydrocarbons from the defined depths are unitized under the terms of this agreement and herein are called "unitized substances"; provided, however, that it is the specific intent of the parties hereto not to cause or effectuate any horizontal segregation of any Federal or Indian trust or State lease committed hereto as a consequence of the aforementioned depth limitations of the unitized land. A type log has been provided as Exhibit C to this unit Agreement.

4. UNIT OPERATOR. Enduring Resources, LLC is hereby designated as Unit Operator and by signature hereto as Unit Operator agrees and consents to accept the duties and obligations of Unit Operator for the discovery, development, and production of unitized substances as herein provided. Whenever reference is made herein to the Unit Operator, such reference means the Unit Operator acting in that capacity and not as an owner of interest in unitized substances, and the term "working interest owner" when used herein shall include or refer to Unit Operator as the owner of a working interest only when such an interest is owned by it.

5. RESIGNATION OR REMOVAL OF UNIT OPERATOR. Unit Operator shall have the right to resign at any time prior to the establishment of a participating area or areas hereunder, but such resignation shall not become effective so as to release Unit Operator from the duties and obligations of Unit Operator

and terminate Unit Operator's rights as such for a period of six months after notice of intention to resign has been served by Unit Operator on all working interest owners and the AO, FIMO, Land Commissioner and the Division and until all wells then drilled hereunder are placed in a satisfactory condition for suspension or abandonment, whichever is required by the AO as to Federal lands, FIMO as to Indian lands, Land Commissioner as to State lands, and the Division as to fee lands unless a new Unit Operator shall have been selected and approved and shall have taken over and assumed the duties and obligations of Unit Operator prior to the expiration of said period.

Unit Operator shall have the right to resign in like manner and subject to like limitations as above provided at any time after a participating area established hereunder is in existence, but in all instances of resignation or removal, until a Successor Unit Operator is selected and approved as hereinafter provided, the working interest owners shall be jointly responsible for performance of the duties of Unit Operator, and shall not later than thirty (30) days before such resignation or removal becomes effective appoint a common agent to represent them in any action to be taken hereunder.

The resignation of Unit Operator shall not release the Unit Operator from any liability for any default by it hereunder occurring prior to the effective date of its resignation.

The Unit Operator may, upon default or failure in the performance of its duties or obligations hereunder, be subject to removal by the same percentage vote of the owners of working interests as herein provided for the selection of a new Unit Operator. Such removal shall be effective upon notice thereof to the AO, FIMO and the Land Commissioner.

The resignation or removal of Unit Operator under this agreement shall not terminate its right, title, or interest as the owner of working interest or other interest in unitized substances, but upon the resignation or removal of Unit Operator becoming effective, such Unit Operator shall deliver possession of all wells, equipment, materials, and appurtenances used in conducting the unit operations to the new duly qualified successor Unit Operator or to the common agent, if no such new Unit Operator is selected to be used for the purpose of conducting unit operations hereunder. Nothing herein shall be construed as authorizing removal of any material, equipment, or appurtenances needed for the preservation of any wells.

6. SUCCESSOR UNIT OPERATOR. Whenever the Unit Operator shall tender his or its resignation as Unit Operator or shall be removed as hereinabove provided, or a change of Unit Operator is negotiated by working interest owners, the owners of the working interests according to their respective acreage interests in all unitized land shall, pursuant to Approval of the Parties requirements of the unit operating agreement, select a successor Unit Operator. Such selection shall not become effective until:

- (a) a Unit Operator so selected shall accept in writing the duties and responsibilities of Unit Operator, and
- (b) the selection shall have been approved by the AO, FIMO and the Land Commissioner.

If no successor Unit Operator is selected and qualified as herein provided, the AO, FIMO and the Land Commissioner at their election may declare this unit agreement terminated.

7. ACCOUNTING PROVISIONS AND UNIT OPERATING AGREEMENT. If the Unit Operator is not the sole owner of working interests, costs and expenses incurred by Unit Operator in conducting unit operations hereunder shall be paid and apportioned among and borne by the owners of working interests, all in accordance with the agreement or agreements entered into by and between the Unit Operator and the owners of working interests, whether one or more, separately or collectively. Any agreement or agreements entered into between the working interest owners and the Unit Operator as provided in this

section, whether one or more, are herein referred to as the "unit operating agreement." Such unit operating agreement shall also provide the manner in which the working interest owners shall be entitled to receive their respective proportionate and allocated share of the benefits accruing hereto in conformity with their underlying operating agreements, leases, or other independent contracts, and such other rights and obligations as between Unit Operator and the working interest owners as may be agreed upon by Unit Operator and the working interest owners; however, no such unit operating agreement shall be deemed either to modify any of the terms and conditions of this unit agreement or to relieve the Unit Operator of any right or obligation established under this agreement, and in case of any inconsistency or conflict between this agreement and the unit operating agreement, this agreement shall govern. Three (3) copies of the unit operating agreement executed pursuant to this section shall be filed in the proper BLM office and one (1) true copy with FIMO and one (1) true copy with the Land Commissioner prior to approval of this unit agreement.

8. RIGHTS AND OBLIGATIONS OF UNIT OPERATOR. Except as otherwise specifically provided herein, the exclusive right, privilege and duty of exercising any and all rights of the parties hereto which are necessary or convenient for prospecting for, producing, storing, allocating, and distributing the unitized substances are hereby delegated to and shall be exercised by the Unit Operator as herein provided. Acceptable evidence of title to said rights shall be deposited with Unit Operator and, together with this agreement, shall constitute and define the rights, privileges and obligations of Unit Operator. Nothing herein, however, shall be construed to transfer title to any land or to any lease or operating agreement, it being understood that under this agreement the Unit Operator, in its capacity as Unit Operator, shall exercise the rights of possession and use vested in the parties hereto only for the purposes hereinspecified.

9. DRILLING TO DISCOVERY. Within six (6) months after the effective date hereof, the Unit Operator shall commence to drill an adequate test well at a location approved by the AO if on Federal, or FIMO for Indian trust lands, or by the Division if on Fee, or by Land Commission if on State lands, unless on such effective date a well is being drilled in conformity with the terms hereof, and thereafter continue such drilling diligently until the Mancos formation has been tested with at least a 5,000 foot horizontal well which can be produced in paying quantities (to wit: quantities sufficient to repay the costs of drilling, completing, and producing operations, with a reasonable profit) or the Unit Operator shall at any time establish to the satisfaction of the AO, FIMO, and Land Commissioner that further drilling of said well would be unwarranted or impracticable, provided, however, that Unit Operator shall not in any event be required to drill said well to a horizontal length in excess of 5,000 feet. Until the discovery of unitized substances capable of being produced in paying quantities, the Unit Operator shall continue drilling one or more wells at a time, allowing not more than six (6) months between the completion of one well and the commencement of drilling operations for the next well, until a well capable of producing unitized substances in paying quantities is completed to the satisfaction of the AO, if on Federal or FIMO for Indian lands, or the Land Commissioner if on State lands or until it is reasonably proved that the unitized land is incapable of producing unitized substances in paying quantities in the formations drilled hereunder. Nothing in this section shall be deemed to limit the right of the Unit Operator to resign as provided in Section 5, hereof, or as requiring Unit Operator to commence or continue any drilling during the period pending such resignation becoming effective in order to comply with the requirements of this section.

The AO, FIMO and the Land Commissioner may modify any of the drilling requirements of this section by granting reasonable extensions of time when, in his opinion, such action is warranted.

Until the establishment of a participating area, the failure to commence a well subsequent to the drilling of the initial obligation well, or in the case of multiple well requirements, if specified, subsequent to the drilling of those multiple wells, as provided for in this (these) section(s), within the time allowed including any extension of time granted by the AO, FIMO and Land Commissioner, shall cause this agreement to terminate automatically. Upon failure to continue drilling diligently any well other than the obligation well(s) commenced hereunder, the AO, FIMO and Land Commissioner may, after fifteen (15) days' notice to the Unit Operator,

declare this unit agreement terminated. Failure to commence drilling the initial obligation well, or the first of multiple obligation wells, on time and to drill it diligently shall result in the unit agreement approval being declared invalid ab initio by the AO, FIMO and Land Commissioner may. In the case of multiple well requirements, failure to commence drilling the required multiple wells beyond the first well, and to drill them diligently, may result in the unit agreement approval being declared invalid ab initio by the AO, FIMO and Land Commissioner.

9a. Multiple well requirements¹. Notwithstanding anything in this Unit Agreement to the contrary, except Section 25, UNAVOIDABLE DELAY, four (4) Obligation Wells shall be drilled. Within one (1) year from the effective date of the unit, Unit Operator will commence the drilling of four (4) initial unit Obligation Wells: the Bobby B Unit #001H, #002H, #003H and #012H. The initial participating area for these wells will include the Navajo Allottee leases in the NE/4 of Section 8 and the NW/4 Section 15- T23N - R7W. They will be horizontal wells targeting the Gallup interval within Mancos Formation. The Obligation Wells will be spaced roughly 1,200 feet apart and have measured depths (MD) of approximately 10,000 feet. The lateral lengths will be approximately 5,000 feet drilled at a true vertical depth (TVD) of approximately 5,000 feet.

Nevertheless, in the event of the discovery of unitized substances in paying quantities by any well, this unit agreement shall not terminate for failure to complete the four-well program, but the unit area shall be contracted automatically, effective the first day of the month following the default, to eliminate by subdivisions (as defined in Section 2(e) hereof) all lands not then entitled to be in a participating area.

10. PLAN OF FURTHER DEVELOPMENT AND OPERATION. Within six (6) months after completion of a well capable of producing unitized substances in paying quantities, the Unit Operator shall submit for the approval of the AO and Land Commissioner, with a copy to FIMO and the Division, an acceptable Plan of Development and operation for the unitized land which, when approved by the AO and Land Commissioner, shall constitute the further drilling and development obligations of the Unit Operator under this agreement for a period of twelve (12) months. Thereafter, from time to time before the expiration of any existing plan, the Unit Operator shall submit for the approval of the AO and Land Commissioner, with a copy to FIMO and the Division, a plan for an additional twelve (12) month period for the development and operation of the unitized land. Subsequent plans should normally be filed on a calendar-year basis not later than March 1 of each year. Any proposed modification or addition to the existing plan should be filed as a supplement to the plan. The Initial Plan of Development attached hereto as **Exhibit D** shall be deemed to be modified and superseded with each subsequent approved Plan of Development.

Any plan submitted pursuant to this section shall provide for the timely exploration of the unitized area, and for the diligent drilling necessary for determination of the area or areas capable of producing unitized substances in paying quantities in each and every productive formation. This plan shall be as complete and adequate as the AO, FIMO and Land Commissioner may determine to be necessary for timely development and proper conservation of the oil and gas resources in the unitized area and shall:

- (a) Specify the number and locations of any wells to be drilled and the proposed order and time for such drilling; and
- (b) Provide a summary of operations and production for the previous year.

Plans shall be modified or supplemented when necessary to meet changed conditions or to protect the interests of all parties to this agreement. Reasonable diligence shall be exercised in complying with the obligations of the approved Plan of Development and operation. The AO and Land Commissioner are authorized to grant a reasonable extension of the six-month period herein prescribed for submission of the initial Plan of

¹ Use when multiple obligation wells are necessary.

Development and operation where such action is justified because of unusual conditions or circumstances.

11. PARTICIPATION AFTER DISCOVERY. Upon completion of a well capable of producing unitized substances in paying quantities, or as soon thereafter as required by the AO, FIMO and Land Commissioner, the Unit Operator shall submit for approval by the AO, FIMO and Land Commissioner, a schedule, based on subdivision of the public land survey or aliquot parts thereof, of all land then regarded as reasonably proved to be productive of unitized substances in paying quantities. These lands shall constitute a participating area upon approval of the AO, FIMO and Land Commissioner, effective as of the date of completion of such well or the effective date of this unit agreement, whichever is later. The acreages of both Federal and non-Federal lands (Indian, State and fee) shall be based upon appropriate computations from the courses and distances shown on the last approved public land survey as of the effective date of each initial participating area. The schedule shall also set forth the percentage of unitized substances to be allocated, as provided in Section 12, to each committed tract in the participating area so established, and shall govern the allocation of production commencing with the effective date of the participating area.

A different participating area shall be established for each separate pool or deposit of unitized substances or for any group thereof which is produced as a single pool or zone, and any two or more participating areas so established may be combined into one, on approval of the AO, FIMO and Land Commissioner. When production from two or more participating areas is subsequently found to be from a common pool or deposit, the participating areas shall be combined into one, effective as of such appropriate date as may be approved or prescribed by the AO, FIMO and Land Commissioner.

The participating area or areas so established shall be revised from time to time, subject to the approval of the AO, FIMO and Land Commissioner, to include additional lands then regarded as reasonably proved to be productive of unitized substances in paying quantities or which are necessary for unit operations, or to exclude lands then regarded as not reasonably proved to be productive of unitized substances in paying quantities, and the schedule of allocation percentages shall be revised accordingly. The effective date of any revision shall be the first of the month in which the knowledge or information is obtained on which such revision is predicated. No land shall be excluded from a participating area on account of depletion of its unitized substances, except that any participating area established under the provisions of this unit agreement shall terminate automatically whenever all completions in the formation on which the participating area is based are abandoned.

It is the intent of this section that a participating area shall represent the area known or reasonably proved to be productive of unitized substances in paying quantities or which are necessary for unit operations; but, regardless of any revision of the participating area, nothing herein contained shall be construed as requiring any retroactive adjustment for production obtained prior to the effective date of the revision of the participating area.

In the absence of agreement at any time between the Unit Operator and the AO, FIMO and the Land Commissioner as to the proper definition or redefinition of a participating area, or until a participating area has, or areas have, been established, the portion of all payments affected thereby shall, except royalty due the United States, Indians and the State of New Mexico, be impounded in a manner mutually acceptable to the owners of committed working interests and AO and Land Commissioner. Royalties due the United States shall be determined by the AO for Federal land, FIMO for Indian lands, and the Land Commissioner for State lands and the amount thereof shall be deposited, as directed by the AO, FIMO and Land Commissioner, until a participating area is finally approved and then adjusted in accordance with a determination of the sum due as Federal, Indian or State royalty on the basis of such approved participating area.

Whenever it is determined, subject to the approval of the AO, FIMO and Land Commissioner, that a well

drilled under this agreement is not capable of production of unitized substances in paying quantities and inclusion in a participating area of the land on which it is situated is unwarranted, production from such well shall, for the purpose of settlement among all parties other than working interest owners, be allocated to the land on which the well is located, unless such land is already within the participating area established for the pool or deposit from which such production is obtained. Settlement for working interest benefits from such a nonpaying unit well shall be made as provided in the unit operating agreement.

12. ALLOCATION OF PRODUCTION. All unitized substances produced from a participating area established under this agreement, except any part thereof used in conformity with good operating practices within the unitized area for drilling, operating and other production or development purposes, for repressuring or recycling in accordance with a plan of development and operations that has been approved by the AO and Land Commissioner, or unavoidably lost, shall be deemed to be produced equally on an acreage basis from the several tracts of unitized land and unleased Federal, Indian trust or State land, if any, included in the participating area established for such production. Each such tract shall have allocated to it such percentage of said production as the number of acres of such tract included in said participating area bears to the total acres of unitized land and unleased Federal, Indian or State land, if any, included in said participating area. There shall be allocated to the working interest owner(s) of each tract of unitized land in said participating area, in addition, such percentage of the production attributable to the unleased Federal, Indian and State land within the participating area as the number of acres of such unitized tract included in said participating area bears to the total acres of unitized land in said participating area, for the payment of the compensatory royalty specified in Section 17 of this agreement. Allocation of production hereunder for purposes other than for settlement of the royalty, overriding royalty, or payment out of production obligations of the respective working interest owners, including compensatory royalty obligations under Section 17, shall be prescribed as set forth in the unit operating agreement or as otherwise mutually agreed by the affected parties. It is hereby agreed that production of unitized substances from a participating area shall be allocated as provided herein, regardless of whether any wells are drilled on any particular part or tract of the participating area. The Unit Operator must set aside all funds attributable to unleased Federal or Indian acreage in an interest-earning escrow or trust account. If any gas produced from one participating area is used for repressuring or recycling purposes in another participating area, the first gas withdrawn from the latter participating area for sale during the life of this agreement, shall be considered to be the gas so transferred, until an amount equal to that transferred shall be so produced for sale and such gas shall be allocated to the participating area from which initially produced as such area was defined at the time that such transferred gas was finally produced and sold.

13. DEVELOPMENT OR OPERATION OF NONPARTICIPATING LAND OR FORMATIONS. Any operator may with the approval of the AO, FIMO and Land Commissioner, at such party's sole risk, costs, and expense, drill a well on the unitized land to test any formation provided the well is outside any participating area established for that formation, unless within ninety (90) days of receipt of notice from said party of his intention to drill the well, the Unit Operator elects and commences to drill the well in a like manner as other wells are drilled by the Unit Operator under this agreement.

If any well drilled under this section by a non-unit operator results in production of unitized substances in paying quantities such that the land upon which it is situated may properly be included in a participating area, such participating area shall be established or enlarged as provided in this agreement and the well shall thereafter be operated by the Unit Operator in accordance with terms of this agreement and the unit operating agreement.

If any well drilled under this section by a non-unit operator that obtains production in quantities insufficient to justify the inclusion of the land upon which such well is situated in a participating area, such well may be operated and produced by the party drilling the same, subject to the conservation requirements of this

agreement. The royalties in amount or value of production from any such well shall be paid as specified in the underlying lease and agreements affected.

14. ROYALTY SETTLEMENT. The United States, the lessors of Indian land, State and any royalty owner, who is entitled to take in kind a share of the substances now unitized hereunder shall be hereafter be entitled to the right to take in kind its share of the unitized substances, and Unit Operator, or the non-unit operator in the case of the operation of a well by a non-unit operator as herein provided for in special cases, shall make deliveries of such royalty share taken in kind in conformity with the applicable contracts, laws, and regulations. Settlement for royalty interest not taken in kind shall be made by an operator responsible therefore under existing contracts, laws and regulations, or by the Unit Operator on or before the last day of each month for unitized substances produced during the preceding calendar month; provided, however, that nothing in this section shall operate to relieve the responsible parties of any land from their respective lease obligations for the payment of any royalties due under their leases.

If gas obtained from lands not subject to this agreement is introduced into any participating area hereunder, for use in repressuring, stimulation of production, or increasing ultimate recovery, in conformity with a plan of development and operation approved by the AO, FIMO and Land Commissioner, a like amount of gas, after settlement as herein provided for any gas transferred from any other participating area and with appropriate deduction for loss from any cause, may be withdrawn from the formation into which the gas is introduced, royalty free as to dry gas, but not as to any products which may be extracted therefrom; provided that such withdrawal shall be at such time as may be provided in the approved Plan of Development and operation or as may otherwise be consented to by the AO, FIMO and Land Commissioner as conforming to good petroleum engineering practice; and provided further, that such right of withdrawal shall terminate on the termination of this unit agreement.

Royalty due the United States and Indian trust lands shall be computed as provided in 30 CFR Group 200 and paid in value or delivered in kind as to all unitized substances on the basis of the amounts thereof allocated to unitized Federal and Indian trust land as provided in Section 12 at the rates specified in the respective Federal or Indian trust leases, or at such other rate or rates as may be authorized by law or regulation and approved by the AO and FIMO; provided, that for leases on which the royalty rate depends on the daily average production per well, said average production shall be determined in accordance with the operating regulations as though each participating area were a single consolidated lease.

Royalty due on account of State lands shall be computed and paid on the basis of all unitized substances allocated to such lands.

15. RENTAL SETTLEMENT. Rental or minimum royalties due on leases committed hereto shall be paid by the appropriate parties under existing contracts, laws, and regulations, provided that nothing herein contained shall operate to relieve the responsible parties of the land from their respective obligations for the payment of any rental or minimum royalty due under their leases. Rental or minimum royalty for lands of the United States, Indian trust lands or State of New Mexico lands subject to this agreement shall be paid at the rate specified in the respective leases from the United States, Indian lessors or State unless such rental or minimum royalty is waived, suspended, or reduced by law or by approval of the Secretary or his duly authorized representative.

Rentals on State of New Mexico lands subject to this agreement shall be paid at the rate specified in the respective leases or by the Land Commissioner where authorized by law or regulation.

With respect to any lease on non-Federal land containing provisions which would terminate such lease unless drilling operations are commenced upon the land covered thereby within the time therein specified or rentals are paid for the privilege of deferring such drilling operations, the rentals required thereby shall,

notwithstanding any other provision of this agreement, be deemed to accrue and become payable during the term thereof as extended by this agreement and until the required drilling operations are commenced upon the land covered thereby, or until some portion of such land is included within a participating area.

16. CONSERVATION. Operations hereunder and production of unitized substances shall be conducted to provide for the most economical and efficient recovery of said substances without waste, as defined by or pursuant to State, Indian or Federal law or regulation.

17. DRAINAGE.

(a) The Unit Operator shall take such measures as the AO, FIMO and Land Commissioner deem appropriate and adequate to prevent drainage of unitized substances from unitized land by wells on land not subject to this agreement, which shall include the drilling of protective wells and which may include the payment of a fair and reasonable compensatory royalty, as determined by the AO as to Federal, FIMO as to Indian leases and the Land Commissioner, as to the State leases.

(b) Whenever a participating area approved under Section 11 of this agreement contains unleased Federal lands, the value of 12.5 percent of the production that would be allocated to such Federal lands under Section 12 of this agreement, if such lands were leased, committed and entitled to participation shall be payable as compensatory royalties to the Federal Government. Parties to this agreement holding working interests in committed leases within the applicable participating area shall be responsible for such compensatory royalty payment on the volume of production reallocated from the unleased Federal lands to their unitized tracts under Section 12. The value of such production subject to the payment of said royalties shall be determined pursuant to 30 CFR Part 206 rules and regulations. Payment of compensatory royalties on the production reallocated from unleased Federal and Indian lands to the committed tracts within the participating area shall fulfill the Federal royalty obligation for such production, and said production shall be subject to no further Federal royalty assessment under Section 14 of this agreement. Payment of compensatory royalties as provided herein shall accrue from the date the committed tracts in the participating area that includes unleased Federal and Indian lands receive a production allocation, and shall be due and payable monthly by the last day of the calendar month next following the calendar month of actual production. If leased Federal or Indian trust lands receiving a production allocation from the participating area become unleased, compensatory royalties shall accrue from the date the Federal or Indian lands become unleased. Payment due under this provision shall end when the unleased Federal, or Indian tract is leased or when production of unitized substances ceases within the participating area and the participating area is terminated, whichever occurs first.

(c) If leased Indian lands receiving a production allocation from the participating area become unleased, the value of one hundred percent (100%) (8/8ths) of the production that would be allocated to such Indian lands under Section 12 of this agreement, if such lands were leased, committed, and entitled to participation, shall be impounded in a manner mutually acceptable to the owner of committed working interest and the AO and FIMO, accruing from the date the Indian lands become unleased the value of such production subject to such impoundment shall be determined pursuant to 30CFR Part 206. Impoundment of funds under this provision shall end when the unleased Indian tract is leased or when production of unitized substances ceases within the participating area and the participating area is terminated, whichever occurs first. When the unleased Indian tract is leased, the Indian minerals owner shall be paid the fraction of the accrued impounded funds corresponding to the royalty rate of the lease, and the remaining funds shall be released to the unit interest owners in accordance with the unit operating agreement.

(d) The AO, FIMO, and Land Commissioner may require the drilling and production of such wells to ensure reasonable diligence in the development and operation of the unitized area, or in lieu of drilling, require the payment in the amount as determined by the aforementioned respective agency officials to compensate in full each month for the estimated loss of royalty.

18. LEASES AND CONTRACTS CONFORMED AND EXTENDED. The terms, conditions, and provisions of all leases, subleases, and other contracts relating to exploration, drilling, development or operation for oil or gas on lands committed to this agreement are hereby expressly modified and amended to the extent necessary to make the same conform to the provisions hereof, but otherwise to remain in full force and effect; and the parties hereto hereby consent that the Secretary, as to Federal and Indian leases and the Land Commissioner, as to State leases, shall and by his approval hereof, or by the approval hereof by his duly authorized representative, does hereby establish, alter, change, or revoke the drilling, producing, rental, minimum royalty, and royalty requirements of Federal, Indian trust and Indian leases and State leases committed hereto and the regulations in respect thereto to conform said requirements to the provisions of this agreement, and, without limiting the generality of the foregoing, all leases, subleases, and contracts are particularly modified in accordance with the following:

(a) The development and operation of lands subject to this agreement under the terms hereof shall be deemed full performance of all obligations for development and operation with respect to each and every separately owned tract subject to this agreement, regardless of whether there is any development of any particular tract of this unit area.

(b) Drilling and producing operations performed hereunder upon any tract of unitized lands will be accepted and deemed to be performed upon and for the benefit of each and every tract of unitized land, and no lease shall be deemed to expire by reason of failure to drill or produce wells situated on the land therein embraced.

(c) Suspension of drilling or producing operations on all unitized lands pursuant to direction or consent of the AO, FIMO and Land Commissioner shall be deemed to constitute such suspension pursuant to such direction or consent as to each and every tract of unitized land. A suspension of drilling or producing operations limited to specified lands shall be applicable only to such lands.

(d) Each lease, sublease, or contract relating to the exploration, drilling, development, or operation for oil or gas of lands other than those of the United States, Indian lands, and State of New Mexico lands committed to this agreement which, by its terms might expire prior to the termination of this agreement, is hereby extended beyond any such term so provided therein so that it shall be continued in full force and effect for and during the term of this agreement.

(e) Any Federal lease committed hereto shall continue in force beyond the term so provided therein or by law as to the land committed so long as such lease remains subject hereto, provided that production of unitized substances in paying quantities is established under this unit agreement prior to the expiration date of the term of such lease, or in the event actual drilling operations are commenced on unitized land, in accordance with provisions of this agreement, prior to the end of the primary term of such lease and are being diligently prosecuted at that time, such lease shall be extended for two years, and so long thereafter as oil or gas is produced in paying quantities in accordance with the provisions of the Mineral Leasing Act, as amended. Any Indian or Indian trust lands lease committed hereto shall continue in force beyond the term so provided therein or by law as to the land committed so long as such lease remains subject hereto, provided that production of unitized substances in paying quantities is established under this Unit Agreement prior to the expiration date of the term of such lease and such lease shall be extended for so long thereafter as oil or gas is produced in paying quantities in accordance with the provisions of the acts governing the leasing of Indian lands.

(f) Each sublease or contract relating to the operation and development of unitized substances from lands of the United States or Indian trust lands committed to this agreement, which by its terms would expire prior to the time at which the underlying lease, as extended by the immediately preceding paragraph, will expire is hereby extended beyond any such term so provided therein so that it shall be continued in full force and effect for and during the term of the underlying lease as such term is herein extended.

(g) The segregation of any Federal lease committed to this agreement is governed by the following provision in the fourth paragraph of Sec. 17(m) of the Mineral Leasing Act, as amended by the Act of September 2, 1960 (74 Stat. 781-784) (30 U.S.C. 226(m)):

"Any (Federal) lease heretofore or hereafter committed to any such (unit) plan embracing lands that are in part within and in part outside of the area covered by any such plan shall be segregated into separate leases as to the lands committed and the lands not committed as of the effective date of unitization: Provided, however, that any such lease as to the non-unitized portion shall continue in force and effect for the term thereof but for not less than two years from the date of such segregation and so long thereafter as oil or gas is produced in paying quantities."

If the public interest requirement is not satisfied, the segregation of a lease and/or extension of a lease pursuant to 43 CFR 3107.3-2 and 43 CFR 3107.4, respectively, shall not be effective.

(h) Any Indian lease committed in part to any such cooperative agreement (unit agreement) shall be segregated into a separate lease or leases as to the lands committed and lands not committed to the agreement.

(i) In the event the Initial Test Well is commenced prior to the expiration date of the shortest-term State Lease within the Unit Area, any lease embracing lands of the State of New Mexico, which is made the subject to this agreement, shall continue in force beyond the term provided therein as to the lands committed hereto until the termination hereof. Exhibit F of this unit agreement contains provisions that are applicable only to State Lands.

(j) Any lease embracing lands of the State of New Mexico of which only a portion is committed hereto shall be segregated as to the portion committed and as to the portion not committed and the terms of such leases shall apply separately as two separate leases as to such segregated portions, commencing as of the effective date hereof. Notwithstanding any of the provisions of this agreement to the contrary, any lease embracing lands of the State of New Mexico having only a portion of its lands committed hereto shall continue in full force and effect beyond the term provided therein as to all lands embraced within the unitized area and committed to this agreement, in accordance with the terms of this agreement. If oil and gas, or either of them, are discovered and are being produced in paying quantities from some part of the lands embraced in such lease which part is committed to this agreement at the expiration of the fixed term of such lease, such production shall not be considered as production from lands embraced in such lease which are not within the unitized area, and which are not committed thereto, and drilling or reworking operations upon some part of the lands embraced within the unitized area and committed to this agreement shall be considered as drilling and reworking operations only as to lands embraced within the unit agreement and not as to lands embraced within the lease and not committed to this unit agreement.

(k) Any lease, other than a Federal lease, having only a portion of its lands committed hereto shall be segregated as to the portion committed and the portion not

committed, and the provisions of such lease shall apply separately to such segregated portions commencing as of the effective date hereof. In the event any such lease provides for a lump-sum rental payment, such payment shall be prorated between the portions so segregated in proportion to the acreage of the respective tracts.

19. COVENANTS RUN WITH THE LAND. The covenants herein shall be construed to be covenants running with the land with respect to the interests of the parties hereto and their successors in interest until this agreement terminates, and any grant, transfer or conveyance of interest in land or leases subject hereto shall be and hereby is conditioned upon the assumption of all privileges and obligations hereunder by the grantee, transferee, or other successor in interest. No assignment or transfer of any working interest, royalty, or other interest subject hereto shall be binding upon Unit Operator until the first day of the calendar month after Unit Operator is furnished with the original, photostatic, or certified copy of the instrument of transfer.

20. EFFECTIVE DATE AND TERM. This agreement shall become effective upon approval by the AO, FIMO and Land Commissioner and shall automatically terminate five (5) years from said effective date unless:

- (a) Upon application by the Unit operator such date of expiration is extended by the AO, FIMO and Land Commissioner,

or

- (b) It is reasonably determined prior to the expiration of the fixed term or any extension thereof that the unitized land is incapable of production of unitized substances in paying quantities in the formations tested hereunder, and after notice of intention to terminate this agreement on such ground is given by the Unit Operator to all parties in interest at their last known address, this agreement is terminated with approval of the AO, FIMO, and Land Commissioner, or

- (c) A valuable discovery of unitized substances in paying quantities has been made or accepted on unitized land during said initial term or any extension thereof, in which event this agreement shall remain in effect for such term and so long thereafter as unitized substances can be produced in quantities sufficient to pay for the cost of producing same from wells on unitized land within any participating area established hereunder. Should production cease and diligent drilling or reworking operations to restore production or new production are not in progress within sixty (60) days and production is not restored or should new production not be obtained in paying quantities on committed lands within this unit area, this agreement will automatically terminate effective the last day of the month in which the last unitized production occurred, or

- (d) It is voluntarily terminated as provided in this agreement. Except as noted herein, this agreement may be terminated at any time prior to the discovery of unitized substances which can be produced in paying quantities by not less than seventy five (75) per centum, on an acreage basis, of the working interest owners' signatory hereto, with the approval of the AO, FIMO, and Land Commissioner. The Unit Operator shall give notice of any such approval to all parties hereto.

Voluntary termination may not occur during the first six (6) months of this agreement unless at least one obligation well shall have been drilled in conformance with Section 9.

If the public interest requirement is not satisfied, the approval of this unit by the AO, FIMO, and Land Commissioner shall be invalid.

21. RATE OF PROSPECTING, DEVELOPMENT, AND PRODUCTION. The AO, FIMO and Land Commissioner are hereby vested with authority to alter or modify from time to time, in his discretion,

the quantity and rate of production under this agreement when such quantity and rate are not fixed pursuant to Federal, Indian, or State law, or do not conform to any Statewide voluntary conservation or allocation program which is established, recognized, and generally adhered to by the majority of operators in such State. The above authority is hereby limited to alteration or modifications which are in the public interest. The public interest to be served and the purpose thereof, must be stated in the order of alteration or modification. Without regard to the foregoing, the AO, FIMO, or Land Commissioner are also hereby vested with authority to alter or modify from time to time, in his discretion, the rate of prospecting and development and the quantity and rate of production under this agreement when such alteration or modification is in the interest of attaining the conservation objectives stated in this agreement and is not in violation of any applicable Federal, Indian, or State law; provided, further, that no such alteration or modification shall be effective as to any land of the State of New Mexico, as to the rate of prospecting and developing in the absence of the specific written approval thereof by the Commissioner and also to any lands of the State of New Mexico..

Powers in this section vested in the AO, FIMO, and Land Commissioner shall only be exercised after notice to Unit Operator and opportunity for hearing to be held not less than fifteen (15) days from notice.

22. APPEARANCES. The Unit Operator shall, after notice to other parties affected, have the right to appear for and on behalf of any and all interests affected hereby before the Department of the Interior, FIMO, and the Land Commissioner and to appeal from orders issued under the regulations of said Department of the Interior, FIMO, or the Land Commissioner or to apply for relief from any of said regulations, or in any proceedings relative to operations before the Department of the Interior, FIMO, or the Land Commissioner, or any other legally constituted authority; provided, however, that any other interested party shall also have the right at its own expense to be heard in any such proceeding.

23. NOTICES. All notices, demands, or statements required hereunder to be given or rendered to the parties hereto shall be in writing and shall be personally delivered to the party or parties, or sent by postpaid registered or certified mail, to the last-known address of the party or parties.

24. NO WAIVER OF CERTAIN RIGHTS. Nothing contained in this agreement shall be construed as a waiver by any party hereto of the right to assert any legal or constitutional right or defense as to the validity or invalidity of any law of the State where the unitized lands are located, or of the United States, or regulations issued thereunder in any way affecting such party, or as a waiver by any such party of any right beyond his or its authority to waive.

25. UNAVOIDABLE DELAY. All obligations under this agreement requiring the Unit Operator to commence or continue drilling, or to operate on, or produce unitized substances from any of the lands covered by this agreement, shall be suspended while the Unit Operator, despite the exercise of due care and diligence, is prevented from complying with such obligations, in whole or in part, by strikes, acts of God, Federal, Indian, State, or municipal law or agencies, unavoidable accidents, uncontrollable delays in transportation, inability to obtain necessary materials or equipment in the open market, or other matters beyond the reasonable control of the Unit Operator, whether similar to matters herein enumerated or not.

26. LOSS OF TITLE. In the event title to any tract of unitized land shall fail and the true owner cannot be induced to join in this unit agreement, such tract shall be automatically regarded as not committed hereto and there shall be such readjustment of future costs and benefits as may be required on account of the loss of such title. In the event of a dispute as to title to any royalty, working interest, or other interests subject thereto, payment or delivery on account thereof may be withheld without liability for interest until the dispute is finally settled; provided, that, as to Federal lands or leases, Indian lands or leases, or State lands or leases, no payments of funds due the United States, Indians, or to the State of New Mexico shall be withheld, but such funds shall be deposited as directed by the AO, FIMO, and Land Commissioner to be held

as unearned money pending final settlement of the title dispute, and then applied as earned or returned in accordance with such final settlement.

Unit Operator as such is relieved from any responsibility for any defect or failure of any title hereunder.

27. NONJOINDER AND SUBSEQUENT JOINDER. If the owner of any substantial interest in a tract within the unit area fails or refuses to subscribe or consent to this agreement, the owner of the working interest in that tract may withdraw the tract from this agreement by written notice delivered to the proper Bureau of Land Management office, FIMO and to the Land Commissioner and the Unit Operator prior to the approval of this agreement by the AO, FIMO, and Land Commissioner. Any oil or gas interests in lands within the unit area not committed hereto prior to final approval may thereafter be committed hereto by the owner or owners thereof subscribing or consenting to this agreement, and, if the interest is a working interest, by the owner of such interest also subscribing to the unit operating agreement. After operations are commenced hereunder, the right of subsequent joinder, as provided in this section, by a working interest owner is subject to such requirements or approval(s), if any, pertaining to such joinder, as may be provided for in the unit operating agreement. After final approval hereof, joinder by a nonworking interest owner must be consented to in writing by the working interest owner committed hereto and responsible for the payment of any benefits that may accrue hereunder in behalf of such nonworking interest. A non-working interest may not be committed to this unit agreement unless the corresponding working interest is committed hereto. Joinder to the unit agreement by a working interest owner, at any time, must be accompanied by appropriate joinder to the unit operating agreement, in order for the interest to be regarded as committed to this agreement. Except as may otherwise herein be provided, subsequent joinders to this agreement shall be effective as of the date of the filing with the AO, FIMO, and Land Commissioner of duly executed counterparts of all or any papers necessary to establish effective commitment of any interest and/or tract to this agreement.

28. COUNTERPARTS. This agreement may be executed in any number of counterparts, no one of which needs to be executed by all parties, or may be ratified or consented to by separate instrument in writing specifically referring hereto and shall be binding upon all those parties who have executed such a counterpart, ratification, or consent hereto with the same force and effect as if all such parties had signed the same document, and regardless of whether or not it is executed by all other parties owning or claiming an interest in the lands within the above-described unit area.

29. INDIAN EMPLOYMENT. (a) the Unit Operator shall comply with the terms and conditions of the Indian leases while engaged in operations hereunder with respect to the employment of available, qualified Indian labor. Unit Operator shall employ Indian labor in all positions for which they are qualified, including oil field service contracts, and shall protect the Indian grazing rights and other Indian rights to the surface of the lands.

(b) The Unit Operator shall include the provisions of (a) in every subcontract or purchase order so that such provisions will be binding upon each subcontractor or vendor.

30. SURRENDER. Nothing in this agreement shall prohibit the exercise by any working interest owner of the right to surrender vested in such party by any lease, sublease, or operating agreement as to all or any part of the lands covered thereby, provided that each party who will or might acquire such working interest by such surrender or by forfeiture as hereafter set forth, is bound by the terms of this agreement.

If as a result of any such surrender, the working interest rights as to such lands become vested in any party other than the fee owner of the unitized substances, said party may forfeit such rights and further benefits from operations hereunder as to said land to the party next in the chain of title who shall be and become the owner of such working interest. If as the result of any such surrender or forfeiture working interest rights become vested in the fee owner of the unitized substances, such owner may:

- (a) Accept those working interest rights subject to this agreement and the unit operating agreement; or
- (b) Lease the portion of such land as is included in a participating area established hereunder subject to this agreement and the unit operating agreement; or
- (c) Provide for the independent operation of any part of such land that is not then included within a participating area established hereunder.

If the fee owner of the unitized substances does not accept the working interest rights subject to this agreement and the unit operating agreement or lease such lands as above provided within six months after the surrendered or forfeited, working interest rights become vested in the fee owner; the benefits and obligations of operations accruing to such lands under this agreement and the unit operating agreement shall be shared by the remaining owners of the unitized working interests in accordance with their respective working interest ownerships, and such owners of working interests shall compensate the fee owner of unitized substances in such lands by paying sums equal to the rentals, minimum royalties, and royalties applicable to such lands under the lease in effect when the lands were unitized.

An appropriate accounting and settlement shall be made for all benefits accruing to or payments and expenditures made or incurred on behalf of such surrendered or forfeited working interests subsequent to the date of surrender or forfeiture, and payment of any moneys found to be owing by such an accounting shall be made as between the parties within thirty (30) days.

The exercise of any right vested in a working interest owner to reassign such working interest to the party from whom obtained shall be subject to the same conditions as set forth in this section in regard to the exercise of a right to surrender.

31. TAXES. The working interest owners shall render and pay for their account and the account of the royalty owners all valid taxes on or measured by the unitized substances in and under or that may be produced, gathered and sold from the land covered by this agreement after its effective date, or upon the proceeds derived therefrom. The working interest owners on each tract shall and may charge the proper proportion of said taxes to royalty owners having interests in said-tract, and may currently retain and deduct a sufficient amount of the unitized substances or derivative products, or net proceeds thereof, from the allocated share of each royalty owner to secure reimbursement for the taxes so paid. No such taxes shall be charged to the United States or to the State of New Mexico or to any lessor who has a contract with his lessee which requires the lessee to pay such taxes.

32. NO PARTNERSHIP. It is expressly agreed that the relation of the parties hereto is that of independent contractors and nothing contained in this agreement, expressed or implied, nor any operations conducted hereunder, shall create or be deemed to have created a partnership association between the parties hereto or any of them.

33. SURFACE AND ENVIRONMENTAL PROTECTION STIPULATIONS. Nothing in this agreement shall modify or change either the special Federal or Indian lease stipulations relating to surface management or such special Federal or Indian lease stipulations relating to surface and environmental protection, attached to and made a part of, Oil and Gas Leases covering lands within the Unit Area.

34. EXISTING WELLBORES. There are 100 existing wellbore(s) that currently produce from the unitized formation. These wells are listed on Exhibit G and are expressly excluded from this agreement.

35. INCLUSION OF NON-FEDERAL LANDS. Where State-owned land is to be unitized with Federal lands, approval of the agreement by appropriate State officials must be obtained prior to its submission to the proper BLM office for final approval. When authorized by the laws of the State in which the unitized land is situated, appropriate provision may be made in the agreement, recognizing such laws to the extent that they are applicable to non-Federal unitized land.

36. NEW MEXICO STATE TRUST LANDS.

Additional conditions of approval required by the Land Commissioner, applicable to New Mexico State Trust Lands subject to this agreement, are set forth on Exhibit F, attached hereto and made a part hereof.

37. SPECIAL SURFACE STIPULATIONS. Nothing in this agreement shall modify the special Federal lease stipulations attached to the individual Federal oil and gas leases. Drilling and completion operations in the unit will be impacted by wildlife stipulations prohibiting surface activity from December 1 through March 31; however, the 2026 and 2027 Plans of Development are not affected..

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be executed and have set opposite their respective names the date of execution.

EXHIBIT C**Reference Well**

Epic Energy LLC Marcus A #014 (API # 30-039-24170-0000) located in Township 24N, Range 6W, Section 31.

EXHIBIT “D”

Attached to the Unit Agreement, Bobby B Unit, Rio Arriba County, New Mexico

INITIAL PLAN OF DEVELOPMENT AND OPERATION

Obligation Wells. The Unit Operator shall be required to drill a total of four (4) Obligation Wells, with the first well commenced within 12 months from the Effective Date of the Unit in accordance with Article 9 of the Unit Agreement. The first four (4) initial unit Obligation Wells are the Bobby B Unit #001H, #002H, #003H and #012H. The initial participating area for these wells will include the Navajo Allottee leases in the NE/4 of Section 8 and the NW/4 Section 15- T23N - R7W.

The Obligation Wells will be horizontal wells targeting the Gallup interval within Mancos Formation. They will be spaced roughly 1,200 feet apart and have a measured depths (MD) of approximately 10,000 feet. The lateral lengths will be approximately 5,000 feet drilled at a true vertical depth (TVD) of approximately 5,000 feet.

Initial Obligation Well. The Bobby B Unit #001H shall be designated as the initial unit Obligation Well. The wellbore penetrates the Navajo Allottee tract in the NE/4 Section 8, Township 23N, Range 7W, thereby ensuring that this Navajo Allottee lease will be included in the initial participating area. The Bobby B Unit #001H shall be used to validate the Unit acreage as “HBP”, and to do so, the well must be drilled and on production in order to meet the public interest requirement of this agreement, subject to extension as a result of force majeure or as otherwise agreed to by the AO. Permissible extensions will be given for scheduling difficulties, including APDs pending final approval from the BLM FFO. However, to qualify for an extension, Unit Operator must show that, taken as a whole, it has exercised reasonable diligence in getting the well/wells on production. When the Bobby B Unit #001H has at least 6 months of production data, and has been determined to be a well capable of production in paying quantities, Unit Operator shall file an application for an initial participating area for the first four (4) Obligation Wells.

Plan of Development. Please see the attached Geological Report and a “stick map” depicting the full unit plan of development, with an estimated timeline.

Revising the Plan of Development. The Unit Operator will have the option to revise the Plan of Development (“POD”) as necessary due to substantial change in economic conditions, force majeure, or Unavoidable Delays relating to the Unit Operator’s then-existing plan. All changes and revisions will be evaluated by the AO. The AO has the authority to recommend additional changes, and approve or deny approval of the annual POD submitted by Unit Operator, with the intent to work cooperatively with the Unit Operator to identify obstacles and provide extensions, if necessary. This Exhibit “D” to the Unit Agreement shall be deemed to be automatically revised annually to remain consistent with the current year POD, as approved by the AO. The Unit Operator shall provide any additional information as deemed necessary by the AO upon request.

Exhibit F

1. It is understood that one of the main considerations for the approval of this agreement by the Commissioner of Public Lands is to secure the orderly development of the unitized lands in accordance with good conservation practices so as to obtain the greatest ultimate recovery of unitized substances, maximize drainage, and to minimize surface disturbance. Unit Operator shall minimize surface disturbances on state trust lands in the planning of its development.
2. Unless a temporary exception is granted by the Commissioner, in writing, at least one well shall be developed for every 2,000 acres in which state trust lands is included in a participating area, and reflected as such in the development plan submitted hereunder.
3. In the event state trust lands are eliminated, in whole or in part, from this agreement, no reallocation of production or redistribution of royalties shall be required by the Commissioner for the past production and distribution of royalties up to the date of elimination of lands; reallocation and/or redistribution of royalties from the date of elimination going forward may be required by the Commissioner. Nothing herein contravenes the Commissioner's right to seek accurate allocations from past production.
4. All state trust leases subject to this agreement continue to be bound by the terms of the lease, including, but not limited to, requirements for the lessee of record to be bonded and rentals to be paid. The respective lease owners in accordance with the terms of their leases shall pay all rentals due to the State of New Mexico. In the event the rental due to the State of New Mexico is not timely paid, per the terms of the lease, the lease shall terminate and those lands shall be eliminated from this agreement; any well(s) producing from the terminated leases shall be deemed producing in trespass until the underlying lands are properly under lease and the wells under any required agreement with the Commissioner.
5. The Unit Operator shall maintain all wells on state trust land that result in inclusion in this agreement in compliance with all applicable environmental-related rules of the Division, the New Mexico State Land Office, and the New Mexico Environment Department. Failure to comply with spill, release, remediation, plugging, and reclamation rules may result in elimination of the state trust lands from this agreement after notice by the Commissioner to the unit operator and reasonable, in the Commissioner's sole discretion, opportunity to cure.

6. When reviewing unit production, the Commissioner shall rely on production reported to the Division on the day said production is required to be reported to the Division. It is solely within the Commissioner's discretion to determine how production reported after the timeframes prescribed by New Mexico law, including amended production, impacts state trust lands.

7. If the terms of any underlying state lease are not adhered to, the lease may cancel. In the event a lease is cancelled, the underlying lands are no longer considered unit lands. Said lands shall contract from this agreement, and, in the event said lands are re-leased, the lands shall be leased free and clear of any unit obligations and shall be deemed no different from any other lands leased by the Commissioner of Public Lands.

EXHIBIT “G” EXISTING WELLS IN UNIT AREA

Attached to the Unit Agreement, Bobby B Unit, Rio Arriba County, New Mexico

The Bobby B Unit Area applies to new horizontal and multi-lateral wells only, and all existing wells within the Unit Area producing from the Mancos-Gallup formation shall be excluded from the terms of this agreement, specifically including the wells listed on **Table “1”** attached hereto and by this reference incorporated herein.

Table 1. Existing wells producing from the Mancos formation within Bobby B Unit Outline

RE: Request for Preliminary Approval of Proposed First Expansion
Bobby B Unit Area
MLRS NMNM106716738
Rio Arriba County, New Mexico

Ladies and Gentlemen:

Enduring Resources, LLC, a wholly owned subsidiary of Enduring Resources San Juan, LLC and Unit Operator, in accordance with Article 2 of the Bobby B Unit Agreement, hereby submits for your preliminary approval a Notice of First Expansion of the area presently encompassed by the Bobby B Unit Agreement, approved effective May 12, 2026, to include the following described lands:

Township 24 North, Range 6 West, N.M.P.M.
Section 29: N/2, E/2SE/4

Bobby B Unit Area Expansion

Page 2

Township 24 North, Range 7 West, N.M.P.M.

Section 12: NE/4, S/2

Section 13: N/2

Section 14: N/2

Rio Arriba County, New Mexico

Containing 1,520.00 acres, more or less

The proposed expansion is comprised of 100% Federal Lands. The expansion will be effective **July 1, 2026.**

For the lands within the proposed expanded area, we refer you to the attached Exhibits A and B, which depict the present unit area and the identity of the various tracts and leases in the proposed expansion to the extent of our present knowledge, described as Tracts 36 - 41 on Exhibit B. The serial numbers of the Federal leases within the proposed expansion are on a List of Leases, attached hereto. The total unit area of 16,774.60 acres, plus the expanded area of 1,520.00 acres, more or less, will result in a unit area of 18,294.60 acres, of which 77.70% are Federal lands, 17.06% are State lands, 3.49% are patented lands, and 1.75% are Allotted lands. All Bobby B Unit leases, including the expansion leases, are held by production. There are three tracts of unleased Federal minerals: Tracts 10, 23 and 41.

The four initial Obligation Wells for the Bobby B Unit are currently drilling. There will be a total of six wells on the first drilling pad, and eight additional wells will be commenced on the second pad in September 2026. The initial Participating Area for these wells will include a portion of the two Navajo Allottee leases in the NE/4 of Section 8 and NW/4 of Section 15 in 23N -7W. A Plan of Development for the expanded unit is attached as Exhibit C.

Upon receipt of preliminary approval from your agencies, Enduring will provide a Notice of Expansion to the committed parties in the existing unit area, as provided by Section 2 of the Bobby B Unit Agreement. If any objections are received within 30 days from the Notice, they will be submitted with an application for final approval of the First Expansion.

Please advise if any additional information, or a technical review, would be helpful to your approval process.

Sincerely,

ENDURING RESOURCES, LLCAlex B. Campbell

Enduring Resources San Juan

Bobby B Unit First Expansion
Exhibit C Development Plan

6/15/2026

Page 170 of 236

STATE OF NEW MEXICO
ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT
OIL CONSERVATION DIVISION

APPLICATION OF ENDURING RESOURCES, LLC
FOR APPROVAL OF THE BOBBY B UNIT,
RIO ARriba COUNTY, NEW MEXICO.

CASE NO. 26365

SELF-AFFIRMED STATEMENT OF TRAVIS WHITHAM

1. My name is Travis Whitham and I have been employed by Enduring Resources, LLC ("Enduring") as a Senior Landman since February 2020.
2. I have previously testified before the New Mexico Oil Conservation Division ("Division") as an expert witness in petroleum land matters and my credentials have been accepted by the Division and made a matter of record.
3. I am the landman responsible for the formation of the proposed unit and I am familiar with the application filed by Enduring in this matter and the status of the lands in the subject area.
4. This application seeks approval of a voluntary unit. The Bobby B Unit is a federal unit that received final approval from the BLM on May 12, 2026, and originally comprised approximately 16,774.60 acres (of which approximately 15,716.52 acres, more or less, are committed to the Unit). *See Enduring Exhibit B-1.* Enduring now seeks to expand Unit Area by approximately 1,520 acres, as described below. Enduring is currently working with the BLM on the Unit expansion and is waiting on preliminary approval from the BLM.
5. Enduring previously filed Case No. 26181 seeking an order approving its Bobby B federal exploratory unit; however, after discussing Enduring's pending expansion approval, counsel for Enduring was advised by the Division to dismiss and refile a new application that

encompassed the entirety of the Bobby B Unit, including the expansion acreage. See **Enduring Exhibit B-2.**

6. In Case No. 26365, Enduring seeks an order approving the proposed Bobby B Unit (which includes the expansion acreage), a voluntary unit consisting of approximately 18,294.60-acres of the following Federal, State, Indian allotted, and fee lands, situated in Rio Arriba County, New Mexico:

Township 24 North, Range 6 West

Section 7:	Lots 1-4, E/2 W/2, E/2 (All)
Section 18:	Lots 1-4, E/2 W/2, E/2 (All)

Section 32:	W/2 NW/4, NE/4, S/2
Section 34:	E/2 NW/4, NE/4, S/2
Section 35:	All
Section 36:	All

Township 23 North, Range 7 West

Section 2:	Lots 1-4, S/2 N/2, S/2 (All)
Section 3:	Lots 1-12, S/2 N/2 (All)
Section 4:	Lots 5-20 (All)
Section 5:	Lots 5-9, SW/4 NE/4, S/2 NW/4, S/2 (All)
Section 8:	NE/4
Section 9:	Lots 1-4, SE/4, W/2 (All)
Section 10:	Lots 1-10, SE/4 NE/4, NE/4 SE/4, S/2 S/2 (All)

Section 15: NW/4
Section 16: All

7. Enduring is the designated operator under the Unit Agreement and the unitized interval shall be limited in depth from the stratigraphic equivalent of the top of the Mancos Formation, at a measured depth of 4,478 feet, down to the stratigraphic equivalent of the base of the Gallup Sandstone, at a measured depth of 5,660 feet as encountered in the Epic Energy LLC's Marcus A 014 well (API No. 30-039-24170) located in irregular Section 31, Township 24 North, Range 6 West, NMPM, Rio Arriba County, New Mexico.

8. Exhibit A of Enduring's Application is a copy of the Unit Agreement ("Unit Agreement") with attached Exhibits A through G, and Exhibit B of Enduring's Application is a copy of the expansion application with attached Exhibits A through C.

9. Exhibit A to the expansion application outlines the boundary of the Unit Area, including the expansion acreage, and identifies all tracts of land within the proposed Unit. Federal lands comprise more than 77% of the proposed Unit. State lands comprise approximately 17% of the proposed Unit, while 3.49% is fee lands and 1.75% are allotted lands.

10. Exhibit B of the of the expansion application shows the ownership breakdown by tract for the Unit Area, including the expansion acreage.

11. Enduring has obtained ratifications from all committed working interest owners, attached to the Unit Agreement, demonstrating commitment of a sufficient percentage of the working interests to have effective control of Unit operations.

12. Enduring has met with the Bureau of Land Management ("BLM") and the Federal Indian Minerals Office ("FIMO") regarding the proposed expansion acreage, and is working towards preliminary approval from BLM for the proposed expansion.

13. The proposed Bobby B Unit Agreement applies to new horizontal and multi-lateral wells only, and all existing wells within the Unit Area producing from the Mancos-Gallup formation are excluded from the terms of the Unit Agreement.

14. Enduring held a public meeting on February 20, 2025 at the Nageezi Chapter House to provide notice of its planned unit operations and drilling and development plans. A Navajo translator was provided.

15. Under the proposed Unit Agreement, Enduring will be required to drill four obligation wells with the first well commenced within 12 months from the effective date of the Unit. The four obligation wells will be the Bobby B Unit 001H, Bobby B Unit 002H, Bobby B Unit 003H, and Bobby B Unit 012H, which will be horizontal wells over one mile two-miles in length targeting the Gallup interval of the Mancos formation.

16. The initial obligation wells will be the Bobby B Unit 001H, 002H, 003H and 012H. The spacing units for those wells will include both of the Navajo Allottee tracts in the Unit, the NE/4 Section 8, Township 23 North, Range 7 West, and NW/4 of Section 15, Township 23 North, Range 7 West, thereby ensuring that these Navajo Allottee tracts will be included in the initial Participating Area.

17. Epic Energy, LLC ("Epic") filed an objection to Enduring's application; however, Epic only owns an overriding royalty interest within the Bobby B Unit, associated with federal leases that have already been effectively committed to the Unit Agreement, approved by the BLM. Moreover, its interests are "subject to the terms of the oil and gas leases from which these emanate, any state or federal orders, any voluntary pooling or unitization . . ." See **Enduring Exhibit B-3**. Further, Epic failed to file a timely State Director Review ("SDR") of BLM's final approval of the Unit, committing its interests to the Unit and Unit Agreement. See Enduring Exhibit B-1, ¶ 16.

Thus, Epic's interest has already been committed to the terms of the Unit Agreement, and Epic failed to timely file a SDR with the BLM. The Division does not have jurisdiction over the BLM's commitment of federal leases to the Unit. Finally, with only an overriding royalty interest, Epic does not have any correlative rights in the Unit.

18. Notice of this Application was provided to the Indian Allottee owners, BLM, FIMO, State Land Office and all affected parties. I provided the law firm of Holland & Hart LLP with the names and addresses of the parties to notice and instructed that they be notified of this application and hearing.

19. In my opinion, the unitized interval for the proposed Bobby B Unit can be efficiently and effectively developed under a common plan of development, and approval of this application is in the best interests of conservation, prevention of waste, and the protection of correlative rights.

20. **Enduring Exhibits B-1 and B-3** were prepared by me or compiled under my direction from company business records.

21. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. B-1
Submitted by: Enduring Resources, LLC
Hearing Date: September 15, 2026
Case No. 26365

Reference:
Final Approval of Unit Agreement
Bobby B Unit
Rio Arriba County, New Mexico

Enduring Resources San Juan, LLC
6300 S Syracuse Way, Suite 525
Centennial, CO 80111

To Whom It May Concern:

The Bobby B (Federal Exploratory) Unit, Rio Arriba County, New Mexico, is approved and effective as of **May 12, 2026**. This agreement has been assigned MLRS No. **NMNM106716738**.

The basic information is as follows:

1. The Unit Agreement includes the interval from the stratigraphic equivalent of the top of the Mancos formation to the stratigraphic equivalent of the base of the Gallup Sandstone formation, as found between the measured depths of 4,478' to 5,660' beneath the surface, as seen on the petrophysical logs from the Marcus A 014 well (API#: 30-039-24170), located in NESE Section 31, T. 24N, R. 06W, Rio Arriba County, New Mexico as set forth on Exhibit C.
2. On March 30, 2026, April 16, 2026, and May 12, 2026, Enduring Resources San Juan, LLC ("Enduring") submitted documents for final approval of the Bobby B Unit utilizing all the previous documentation submitted for designation in 2025 and other updated documents. Enduring commits to the drilling, completion (including hydraulic fracturing, if necessary), and production tests of the following four (4) wells within the Gallup interval in the Mancos formation. The four (4) wells will be drilled within one (1) year of the effective date of the Unit and will be spaced roughly 1,200' apart. The initial participating area for these wells will include the Navajo Allottee leases in the NE/4 of Section 8 and the NW/4 of Section 15 (T. 23N, R. 07W). The four (4) wells are:

Bobby B Unit 001H:

SHL: Section 8, T. 23 N., R. 07 W., Rio Arriba County, New Mexico

BHL: Section 5, T. 23 N., R. 07 W., Rio Arriba County, New Mexico

Bobby B Unit 002H:

SHL: Section 8, T. 23 N., R. 07 W., Rio Arriba County, New Mexico

BHL: Section 5, T. 23 N., R. 07 W., Rio Arriba County, New Mexico

Bobby B Unit 003H:

SHL: Section 8, T. 23 N., R. 07 W., Rio Arriba County, New Mexico

BHL: Section 5, T. 23 N., R. 07 W., Rio Arriba County, New Mexico

Bobby B Unit 012H:

SHL: Section 8, T. 23 N., R. 07 W., Rio Arriba County, New Mexico

BHL: Section 15, T. 23 N., R. 07 W., Rio Arriba County, New Mexico

3. Participating areas within the Bobby B Unit shall encompass only those lands that lie within the productive drainage areas of individual unit wells as determined by reasonable and established geologic and reservoir engineering analysis methods. This is commonly known as a "divided" unit. Such wells must be capable of production of unitized substances in paying quantities.
4. All existing vertical and horizontal wells completed in the unitized formations within the unit area shall be excluded from the terms of this agreement.
5. However, if applicable, any producible wells that exist in the unit area prior to unitization will not be evaluated with paying well determinations until after an initial participating area is established based on the completion of a unit obligation wells capable of producing unitized substances in paying quantities as defined in Section 9 of the agreement. Producing wells that exist prior to unitization will be required to submit paying well determinations, based on Unit effective date, and must be determined paying in order to be included as unit wells.
6. The total unit boundary consists of 16,774.60 acres, more or less, and includes 12,695.58 acres (75.6834%) Federal lands; 3,121.12 acres (18.6062%) State of New Mexico Lands; 320.00 acres (1.9076%) Navajo Allotted Indian Lands; and 637.90 acres (3.8028%) Fee/Patented Lands in Rio Arriba County, New Mexico.
7. The committed unit acreage consists of 15,716.52 acres, more or less, of which 11,637.50 acres (74.0466%) are Federal Lands; 3121.12 acres (19.8586%) are State of New Mexico Lands; 320.00 acres (2.0360%) are Navajo Allotted Indian Lands; and 637.90 acres (4.0588%) are Fee/Patented Lands in Rio Arriba County, New Mexico.

8. The following Federal leases embrace land within the unit area:

Asterisk * Indicates committed leases to be considered for segregation pursuant to Section 18(g) of the unit agreement, Public Law 86-705, and 43 CFR 3107.3-2 (see Exhibit "B").

9. All parties owning interests in lands within the unit were invited to join the unit agreement. Federal lands included in this unit are Fully, Effectively, Partially, or Not Committed.
10. In support of National Emergency to Unleash American Energy, BLM's Reservoir Management Group has determined this Unit Agreement likely serves the public interest and advances resource conservation goals; pending confirmation from participating parties that their ratifications align with the approved agreement, operational control of the unit area is recommended for establishment.
11. The obligation well is considered a contractual commitment on the part of the Unit Operator. No extension of time will be granted to commence the obligation well other than under the provisions of Section 9 and/or Section 25 of the Unit Agreement, where justified. Any extension granted requires convincing written justification and documentation prior to the critical date and is limited to 30 days with possible renewal for 30-day periods if the delay is extensive, with timely written documentation for each extension. The unit operator shall submit to the Authorized Officer an application for a participating area with sufficient technical justification as soon as practicable upon completion of the obligation wells in their respective formations.
12. Pursuant to 43 CFR 3183.4(b) and Section 9 of the Unit Agreement, if the Public Interest Requirement is not fulfilled, the unit will be declared invalid, and no Federal lease committed to this agreement shall receive the benefits of 43 CFR 3107.3-2 and 3107.4.
13. Approval of this agreement does not warrant or certify that the operator thereof and other holders of operating rights hold legal or equitable title to those rights in the subject leases which are committed hereto.
14. All unit wells shall be operated by the Unit Operator, and all unit wells shall be named after the unit's name with consecutive and unique well numbers.

15. Copies of the approved agreement are being distributed to the appropriate Federal offices. You are requested to furnish all interested parties with appropriate evidence of this approval.
16. As provided in 43 CFR 3165.3(b), you may request an administrative review of this decision before the State Director. Per 43 CFR 3165.4, you may appeal any instructions, orders, or decisions issued by the BLM New Mexico State Office directly to the Interior Board of Land Appeals pursuant to the regulations found at 43 CFR 4. A copy of Form 1842-1, Information on Taking Appeals to the Interior Board of Land Appeals, is enclosed.

Sincerely,

**KYLE

Paula,

The Division has discussed several topics further.

Regarding Case No. 26181; 2nd Amended Application:

The Division feels that the ideal solution to maintain a clean record will be for Enduring/DJR to file for a new case with the newest application once it is ready to do so rather than continuing to use the same case file which at that point would have 3 different applications and 2 sets of notice.

Subject: [EXTERNAL] Enduring Bobby B - Case No. 26181

CAUTION: This email originated outside of our organization. Exercise caution prior to clicking on links or opening attachments.

Dean,

Per our conversation this afternoon, I'm following up regarding a proposed path forward on the above-referenced case.

As discussed, Enduring will be submitting an expansion request to the BLM within the next couple of days. It will take 1-2 weeks to get preliminary approval. Since we already need to do revised notice based off the discussion at the hearing today, and would then need to do *new* notice for the expansion, I am respectfully requesting that Enduring be allowed to continue the case to the 8/6 docket in order to file a second amended application under the existing case file and complete notice for the expansion, which will also address the 80 acres we discussed today at the hearing. This will avoid multiple rounds of notice and hearings before the Division.

Thank you for your time and consideration. Please let me know if there are any questions regarding the proposed path forward above.

ASSIGNMENT OF OVERRIDING ROYALTY INTEREST

STATE OF NEW MEXICO §

COUNTY OF SANDOVAL §

COUNTY OF RIO ARriba §

WITNESSETH:

THAT Charles J. Constantin Jr., whose address is 8 Harbor Point Dr. 104, Mill Valley, CA 94941 (“Assignor”), for and in consideration of TEN DOLLARS (\$10.00) and other good and valuable consideration, receipt and sufficiency of which are hereby acknowledged, does hereby ASSIGN, TRANSFER, SELL, GRANT and CONVEY unto **Epic Energy, LLC**, whose address is 7415 E. Main St., Farmington, NM 87402 (“Assignee”), its successors and assigns, an overriding royalty interest of all of the oil, gas, condensate, casinghead gas, and all other hydrocarbon substances produced, saved and marketed from the land described in the oil, gas and mineral lease(s) listed on Exhibit “A” attached hereto (“Said Lease(s)”), INSO FAR AND ONLY INSO FAR as Said Lease(s) cover and apply to the depths and land specifically described on Exhibit “A”.

This ASSIGNMENT OF OVERRIDING ROYALTY INTEREST (this “Assignment”) is made pursuant to the following terms and conditions:

The interests being conveyed herein are subject to the terms of the oil and gas leases from which these interests emanate, any state or federal orders, any voluntary pooling or unitizations, as well as the terms of all recorded assignments or other documents of conveyance which precede this assignment.

Said overriding royalty interest shall be proportionately reduced to the extent Said Lease(s) cover less than the full oil and gas mineral estate under the lands related thereto, and to the extent Assignor owned less than all of the lessee’s interest in Said Lease(s) insofar as they covered the lands related thereto.

This Assignment and the terms and conditions hereof shall extend to and be binding upon the respective successors and assigns of Assignor and Assignee.

TO HAVE AND TO HOLD the above-described overriding royalty interest unto the Assignee herein, its successors and assigns.

THIS ASSIGNMENT IS MADE BY ASSIGNOR AND ACCEPTED BY ASSIGNEE WITHOUT WARRANTY OF TITLE, EITHER EXPRESS OR IMPLIED, AND WITHOUT ANY OTHER WARRANTY OF ANY KIND, EXCEPT THAT ASSIGNOR WARRANTS TITLE BY THROUGH AND UNDER ASSIGNOR ONLY.

 Linda J. Padilla County Clerk & Recorder Rio Arriba, New Mexico

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**APPLICATION OF ENDURING RESOURCES, LLC
FOR APPROVAL OF THE BOBBY B UNIT,
RIO ARriba COUNTY, NEW MEXICO.**

CASE NO. 26365

SELF-AFFIRMED STATEMENT OF RAFFAELLO SACERDOTI

1. My name is Raffaello Sacerdoti and I am employed by Enduring Resources, LLC (“Enduring”) as a geologist. I am familiar with the application filed by Enduring in this case and have conducted a geologic study of the unit area and proposed expansion acreage.

2. I have previously testified before the New Mexico Oil Conservation Division (“Division”) as an expert witness in petroleum geology and my credentials have been accepted by the Division and made a matter of record.

2. The Unitized Interval is defined as all oil and gas in the interval from the stratigraphic equivalent of the top of the Mancos Formation, at a measured depth of 4,478 feet, down to the stratigraphic equivalent of the base of the Gallup Sandstone, at a measured depth of 5,660 feet as encountered in the Epic Energy LLC’s Marcus A 014 well (API No. 30-039-24170) located in irregular Section 31, Township 24 North, Range 6 West, NMPM, Rio Arriba County, New Mexico.

3. The primary objective of horizontal development in the Bobby B Unit is the Gallup Sandstone interval of the Mancos Shale. The Gallup Sandstone interval is a package of bioturbated upper and lower shoreface sandstones, siltstones, sandy siltstones, and mudstones that comprise the lower portion of the Mancos Formation above a Niobrara-age unconformity. This same interval

BEFORE THE OIL CONSERVATION DIVISION
Santa Fe, New Mexico
Exhibit No. C
Submitted by: Enduring Resources, LLC
Hearing Date: September 15, 2026
Case No. 26365

has been the target of horizontal development surrounding the proposed Bobby B Unit in all directions.

4. Attached as Exhibit C to **Enduring Exhibit A** is a type log of the Epic Energy LLC's Marcus A 014 well (API No. 30-039-24170) with the unitized interval marked at the top of the Mancos Formation at approximately 4,478 feet and the base of the proposed unitized interval at 5,660 feet. The initial target interval is identified with brackets as the "Gallup Target Interval."

5. **Enduring Exhibit C-1** is a subsea-level structure map on the top of the Mancos Formation with contours at 50-foot intervals and data points provided as red triangles. This exhibit demonstrates that the surface gently dips into the basin to the northeast. I do not observe any faults, pinch outs, or other geologic impediments to efficiently and effectively developing this formation under the unit area with a unitized plan of operation. The Bobby B Unit is outlined in red. The locations for the type log well and cross section lines are shown on these maps in addition to where existing horizontal and vertical wells are located. Wells in these cross sections were chosen because they contain good gamma ray, resistivity, and density porosity logs and are representative of the geology underlying the unit area.

6. **Enduring Exhibit C-2** is a west-east (A to A') and south-north (B to B') stratigraphic cross-section using the wells depicted in Enduring Exhibit C-2. I have identified on each cross section the top of the unitized interval, as well as the initial target Gallup interval. These cross sections demonstrate that the targeted Gallup interval is continuous across the unitized area.

7. In my opinion, approval of this unit and the unit expansion is in the best interests of conservation, the prevention of waste, and the protection of correlative rights.

8. **Enduring Exhibits C-1 through C-2** were either prepared by me or compiled under my direction and supervision.

9. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

Raffello Sacerdoti

9/8/2026

Date

Figure 3. Structure map for the Mancos Formation top and top of the unit interval with a 50-foot contour interval measured relative to sea level (SSTVD). Cross-section index lines from Figures 1 and 2 are shown as well as the location of the Marcus A #014 unit Type Well. The structure map shows that the Mancos formation is dipping down into the basin to the NE at roughly 100'/mile.

Figure 1. West to East cross section showing the continuity of the Gallup target interval from wells within the proposed Bobby B Unit. The wells from left to right are the South Blanco #1 located in 24N 7W Sec 32, the Dunn #9 in 23N 7W Sec 3, Marcus # 11 in 24N 7W Sec 35, the Marcus A 014 in 24N 6W Sec 31 which will be the Type well for the unit, and the NCRA State #1-32 in 24N 6W Sec 32. In the left track of the log template for this cross-section is a Gamma Ray log scaled from 0 to 200 API units. In the next column to the right is a Deep Resistivity log plotted on a logarithmic scale from 1 to 100 Ohm-meters and color filled with yellow where resistivity is greater than 10 Ohm-m. Elevated resistivity can be seen over the Mancos Silt, El Vado and Gallup intervals. The next column right shows the Density Porosity scaled from 30% to -10%. The density porosity log is calculated from the bulk density log using a matrix density of 2.68 g/cm^3 and a fluid density of 1 g/cm^3 , both of which values were determined from core measurements.

Figure 2. South to North cross section spanning the Bobby B Unit. Wells from left to right (S-N) are the State J 4 in 23N 7W Sec 16, the Federal Dunn 16 in 23N 7W Sec 10, the Mesa 'A' #3 in 24N 7W Sec 25, the Grace-Federal-24 #1 in 24N 7W Sec 24, and the Miller-B #6 in 24N 7W Sec 12. This cross section shows that the elevated porosity and resistivity is present South to North across the unit in unitized interval.

CASE NO. 26365

**SELF-AFFIRMED STATEMENT OF
ADAM G. RANKIN**

1. I am attorney in fact and authorized representative of Enduring Resources, LLC (“Enduring”), the Applicant herein. I have personal knowledge of the matter addressed herein and am competent to provide this self-affirmed statement.

2. The above-referenced application and notice of the hearing on this application was sent by certified mail to the locatable affected parties on the date set forth in the letter attached hereto.

3. The spreadsheet attached hereto contains the names of the parties to whom notice was provided.

4. The spreadsheet attached hereto contains the information provided by the United States Postal Service on the status of the delivery of this notice as of September 4, 2026.

5. I caused a notice to be published to all parties subject to these proceedings. An affidavit of publication from the publication’s legal clerk with a copy of the notice of publication is attached herein.

6. I affirm under penalty of perjury under the laws of the State of New Mexico that the foregoing statements are true and correct. I understand that this self-affirmed statement will be used as written testimony in this case. This statement is made on the date next to my signature below.

TO: AFFECTED PARTIES

**RE: Application of Enduring Resources, LLC for Approval of the Bobby B Unit,
Rio Arriba County, New Mexico.**

Ladies and Gentlemen:

This letter is to advise you that Enduring Resources, LLC has filed the enclosed application with the New Mexico Oil Conservation Division. A hearing has been requested before a Division Examiner on August 6, 2026, and the status of the hearing can be monitored through the Division's website at <https://www.emnrd.nm.gov/oed/>.

It is anticipated that hearings will be held in a hybrid format with both in-person and virtual participation options. The meeting will be held in the Pecos Hall Hearing Room at the Wendall Chino Building, 1st Floor, 1220 South St. Francis Dr., Santa Fe, New Mexico. To participate virtually in the hearing, see the instructions posted on the OCD Hearings website:
<https://www.emnrd.nm.gov/oed/hearing-info/>.

You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date. Parties appearing in cases are required to file a Pre-hearing Statement four business days in advance of a scheduled hearing that complies with the provisions of NMAC 19.15.4.13.B.

If you have any questions about this matter, please contact Anita Ashland at (303) 350-5116 or aashland@enduringresources.com or Travis Whitham at (303) 350-5716 or twhitham@enduringresources.com.

Sincerely,

A handwritten signature in blue ink, appearing to read 'AG Rankin'.

BY THE OIL CONSERVATION COMMISSION FOR
THE PURPOSE OF CONSIDERING:

ORIGINAL

APPLICATION OF THE NEW MEXICO OIL CONSERVATION DIVISION FOR
THE AMENDMENTS OF 19.15.14.8 AND 19.15.16 NMAC.

CASE NO: 14744
VOLUME 1

REPORTER'S TRANSCRIPT OF PROCEEDINGS
October 20, 2011
Santa Fe, New Mexico

BEFORE: JAMI BAILEY, DIRECTOR
SCOTT DAWSON, COMMISSIONER
ROBERT BALCH, COMMISSIONER
SHERYL BADA, COMMISSION COUNSEL

This matter came on for hearing before the New Mexico Oil Conservation Commission, JAMI BAILEY, Director, SCOTT DAWSON, Commissioner, ROBERT BALCH, Commissioner, October 20, 2011, at the New Mexico Energy, Minerals and Natural Resources Department, 1220 South St. Francis, Drive, Room 102, Santa Fe, New Mexico.

REPORTED BY: Irene Delgado, NM CCR 253
Paul Baca Professional Court Reporters
500 Fourth Street, NW, Suite 105
Albuquerque, New Mexico 87102

1 A. Yes, ma'am.

2 Q. All right. Is this proposal similar to the present
3 rule?

4 A. Yeah, basically it is, with the exception that we
5 now use the area -- the completed interval concept instead of
6 the -- the producing interval concept as designed.

7 Q. Okay. Is there any other comments that you would
8 like to make to the Commission about this?

9 A. Well, C(4) provides a surface location may be
10 outside the setbacks and outside the project area. This is
11 something that frequently they want to do, I think, primarily
12 because the BLM and other surface owners want to minimize the
13 industry's footprint and therefore like for them to use
14 existing well pads, but whatever the reason, we interpret the
15 present rule as allowing that. This provision would simply
16 make it express.

17 Q. Okay, thank you. Drawing your attention now to
18 Slide --

19 A. 19.

20 Q. -- 19, existing and subsequent wells in the project
21 areas, what is the provision in the present rule?

22 A. I believe there isn't any.

23 Q. Oh. Is that why using subsequent wells in project
24 areas in this provision was injected?

25 A. It is. Now, there is an existing order which I

Page 61

1 drafted, and Mr. Pressmeyer, of course, signed it, so I can't
2 call it my order, but there is an existing order which
3 provides much the same thing as this proposed rule, but there
4 is not a rule.

5 Q. Okay. Could you please walk the Commission through
6 this proposal?

7 A. Yes. This proposal provides two things, Number 1,
8 Part 1 is one that is covered in existing law. If there is
9 an existing well in a spacing unit or any project area that
10 is proposed for a new horizontal, if that -- if that existing
11 well is a vertical well dedicated to only one spacing unit,
12 it remains dedicated to that spacing unit. It does not
13 become dedicated to the project area, therefore, there is no
14 requirement that the operator consolidate the ownership of
15 the interest in that well with the portions of the project
16 area outside of that well spacing unit. And that will make
17 the owners of that well very happy because they would
18 continue to receive the same interest in production that they
19 were accustomed to receiving and that they contemplated
20 paying for the well, the working interest owners.

21 It also provides that if there is an existing
22 horizontal well that is in a spacing unit other than the
23 proposed spacing unit, that existing horizontal well,
24 likewise, will remain dedicated to its existing project area
25 and not have to be rededicated to the new project area.

Page 62

1 Q. Okay. And what about new wells in that project
2 area?

3 A. Okay. That is the subject of 16.15.2, and this was
4 extensively discussed at the committee, and it was brought to
5 our attention -- it was -- I wish my memory was refreshed on
6 this. I have probably been over everything in the joint
7 operating -- in the AAPL form, joint operating agreement at
8 one time or another in my career, but I don't remember it.

9 It was brought to my attention that the standard
10 form of AAPL operating agreement, which of course can be
11 modified, so it's not necessarily every joint operating
12 agreement that exists, but the standard form of joint
13 operating agreement provides that no subsequent well will be
14 drilled -- no second well will be drilled in the area covered
15 by the joint operating agreement to the same formation in
16 which there is an existing producing well unless it conforms
17 to the existing spacing pattern. And that's a little
18 troubling to me in this context because I'm not sure how you
19 apply that to horizontal well issues, but regardless of that,
20 no well will be drilled to a formation in which there is an
21 existing producing well without the consent of all working
22 interest owners. However, that doesn't necessarily mean that
23 there is not an issue of drilling subsequent wells in a
24 project area because there is some of our project areas are
25 compulsory pooled, which means that there are working

1 interest owners in those project areas who are not parties to
2 a joint operating agreement.

3 So what we have done is basically adopt this
4 provision of the operating agreement by rule. We said,
5 "Subject to the terms of any applicable joint operating
6 agreement," we said that because we didn't want to impose on
7 parties to a joint operating agreement some kind of provision
8 that they didn't agree to. And they may have modified the
9 AAPL form in a specific respect, so their own contractual
10 rights are preserved, but subject to that. And we have an
11 OCD rule that says that a subsequent well cannot be drilled
12 in the project area without the consent of all the working
13 interest owners or by order of the OCD.

14 Q. So in some -- a new well in this project area can
15 only be drilled pursuant to a joint operating agreement or
16 consent of all the working interest owners or pursuant to OCD
17 order?

18 A. Yeah, that's right.

19 Q. And if these provisions are adopted, would
20 correlative rights be protected?

21 A. I believe they would.

22 Q. Why do you believe that?

23 A. Well, the working interest owners retain all the
24 rights they have under the joint operating agreement, and
25 what we have done is, by rule, effectively provided that if a

1 joint operating agreement is compulsory pooled, then the
2 people who are -- the pooled parties will have the advantage
3 of the same consent requirement that exists under the
4 standard form of operating agreement to the project, to the
5 JOA.

6 Q. If I can now draw your attention to Slide Number 20.

7 A. Yes, ma'am.

8 Q. And Slide Number 20 is 16.15E, pooled rule, is it
9 not?

10 A. That's correct.

11 Q. What is the current rule and what this application
12 to horizontal does.

13 A. Okay. This provision, the title doesn't give you a
14 very fair clue as to what it's about. What this provision is
15 about is -- is rules, whether they be statewide or special
16 pool orders, that limit the number of wells that may be
17 simultaneously produced from a pool within a particular
18 spacing unit or a particular portion of a spacing unit.

19 This proposal says that such rules do not apply to a
20 horizontal well. The effect of that provision is that the
21 operator can drill as many horizontal wells within a spacing
22 unit in any configuration in which they choose to do, which
23 is a considerable change in present law. And that was
24 specifically requested by the industry in their proposed
25 draft that we started from, and we strongly urged all the
