Remediation Plan

Remediation Plan Checklist: *Each of the following items must be included in the plan.*

- ☐ Detailed description of proposed remediation technique
- ☐ Scaled sitemap with GPS coordinates showing delineation points
- ☐ Estimated volume of material to be remediated
- ☐ Closure criteria is to Table 1 specifications subject to 19.15.29.12(C)(4) NMAC
- ☐ Proposed schedule for remediation (note if remediation plan timeline is more than 90 days OCD approval is required)

Deferral Requests Only: *Each of the following items must be confirmed as part of any request for deferral of remediation.*

- ☐ Contamination must be in areas immediately under or around production equipment where remediation could cause a major facility deconstruction.
- ☒ Extents of contamination must be fully delineated.
- ☐ Contamination does not cause an imminent risk to human health, the environment, or groundwater.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to OCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the OCD does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In addition, OCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Re: Closure Report - Extension Request
Enterprise Field Services, LLC
A-18 Lateral Line
Eddy County, New Mexico
Latitude: 32.360476, Longitude: -104.29649
Incident No. nAPP2131670294

Mr. Hamlet:

Per your conversation with Mr. Robert Dunaway, Enterprise Field Services, LLC (Enterprise) is requesting a second 90-day closure report extension to August 8, 2022 as allowed by 19.15.29.12.B.(2) NMAC to the deadline for submitting a closure report required by 19.15.29.12.B.(1) NMAC associated with the A-18 Lateral Line (Incident No. nAPP2131670294).

As discussed with Mr. Dunaway, additional time is needed to schedule a drilling rig, complete delineation of the site, regroup with the NMOCD for further discussions, and develop, submit, and implement a remediation plan.

Enterprise appreciates the Oil Conservation Division's continued assistance with bringing this site remediation to closure. Should you have any questions, comments, concerns, or need additional information, please contact Robert Dunaway, Senior Environmental Engineer at (575) 628-6802 or Paul Reinermann, Field Environmental Manager at (830) 583-1924.

Thank you,
