Mike,

Please see the attached figure, we collected additional sample data as you requested. Soil samples were collected at depths of 10, 15, and 20 feet below ground surface in TP-SVE near the MW-1 location. The sample collected from 20 feet contained a TPH concentration of 65 milligrams per kilogram. We are scheduling the remedial activities to include the plugging and abandonment of the SVE well and excavating/placing a liner to 4 feet below ground surface in the area of the SVE well. We will notify you once we have the dates scheduled.

Thanks

**Alan Brandon**  
**Senior Project Manager**

RE: EOG \* Perdomo BMP St 1H \* 2RP-3226 \* DOR: 8/19/15

Alan,

Thank you for talking with me last week and answering the questions I had concerning this project. At this time, OCD approves your proposal for remediation of the above referenced release as follows:

- The proposal for deferral of the area around the pipeline riser is approved. Notations will be made on the Final C-141 and in OCD database, which will reflect in OCD Online files.
- The request to backfill a portion of the site (the southern edge) is approved.
- As discussed, additional sample data will be obtained in a manner that will allow for further evaluation the upper portion of the area identified as SP-1/MW-1

Please advise once remedial activities have been scheduled, and if you have any questions or concerns, please contact me.

Thank you,

Mike Bratcher  
NMOCD District 2  
811 South First Street  
Artesia, NM 88210  
575-748-1283 Ext 108

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Mike,

Have you had a chance to look at the figure that I sent you in January? We would like to schedule the work if you are in agreement. Can you let me know if we can proceed?

Thanks
