RE: BopCo \* PLU #158 \* 30-015-31690 \* 2RP-2297 \* 2RP-2762

Brad,

Your proposed work plan is approved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather,

As discussed in our meeting 8-24-16 BOPCO plans to remove the saturated surface soils from SP1-4 and haul to Lea Land for disposal, SP5-9 will require no further action. Additional field screening will be conducted at a depth of one foot at SP1 to verify chloride concentrations. Once field operations are complete the site will be backfilled with clean material and a final C-141 and closure report will be submitted. Reference (2RP-2297 and 2RP-2762). If you have any questions please let me know.  
Thanks
