| Incident Cancel Reason   | Responsible operator incorrectly recorded   |
| What is the OGRID of the responsible party for this incident                   | [234728] DEVON ENERGY CORP., L.P.   |
| Please provide any additional details on why this incident should be cancelled | Devon was in the process of closing the following incident file associated with the Flintstone Federal #001, Facility ID fEJH0904853578, but has determined that there is an open Incident Number associated with the referenced facility (NAPM2322951699). There is a lack of available information regarding the cause of the potential incident and/or any relevant details. The only available information that has been acquired is an approved drilling pit restoration protocol assigned Order Number (1RP-497) which was approved by the NMOCD on February 17, 2009. Devon believes that this incident NAPM2322951699 may have been initiated mistakenly or in error and caused by a misunderstanding or miscommunication. Please reach out to environmental contractor E-tech Erick Herrera at 432-305-6416, or NMTXGeoGroup@etechenv.com for full report supporting this finding. |
