**QUESTIONS (continued)**

|                                                                                            |                                                        |
|--------------------------------------------------------------------------------------------|--------------------------------------------------------|
| Operator:<br>Paloma Permian AssetCo, LLC<br>1100 Louisiana, Ste. 5100<br>Houston, TX 77002 | OGRID:<br>332449                                       |
|                                                                                            | Action Number:<br>527394                               |
|                                                                                            | Action Type:<br>[C-129] Venting and/or Flaring (C-129) |

**QUESTIONS**

| Date(s) and Time(s)                            |            |
|------------------------------------------------|------------|
| Date vent or flare was discovered or commenced | 11/17/2025 |
| Time vent or flare was discovered or commenced | 12:47 PM   |
| Time vent or flare was terminated              | 01:11 PM   |
| Cumulative hours during this event             | 0          |

| Measured or Estimated Volume of Vented or Flared Natural Gas              |                                                                                                   |
|---------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------|
| Natural Gas Vented (Mcf) Details                                          | Cause: Freeze   Well   Natural Gas Vented   Released: 185 Mcf   Recovered: 0 Mcf   Lost: 185 Mcf. |
| Natural Gas Flared (Mcf) Details                                          | Not answered.                                                                                     |
| Other Released Details                                                    | Not answered.                                                                                     |
| Additional details for Measured or Estimated Volume(s). Please specify    | Not answered.                                                                                     |
| Is this a gas only submission (i.e. only significant Mcf values reported) | Yes, according to supplied volumes this appears to be a "gas only" report.                        |

| Venting or Flaring Resulting from Downstream Activity             |                                             |
|-------------------------------------------------------------------|---------------------------------------------|
| Was this vent or flare a result of downstream activity            | Yes                                         |
| Was notification of downstream activity received by this operator | No                                          |
| Downstream OGRID that should have notified this operator          | [374092] ENTERPRISE PRODUCTS OPERATING, LLC |
| Date notified of downstream activity requiring this vent or flare | Not answered.                               |
| Time notified of downstream activity requiring this vent or flare | Not answered.                               |

| Steps and Actions to Prevent Waste                                                                                               |                                                                                 |
|----------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------|
| For this event, this operator could not have reasonably anticipated the current event and it was beyond this operator's control. | True                                                                            |
| Please explain reason for why this event was beyond this operator's control                                                      | Enterprise compressor station down. New Event.                                  |
| Steps taken to limit the duration and magnitude of vent or flare                                                                 | SI Wells immediately                                                            |
| Corrective actions taken to eliminate the cause and reoccurrence of vent or flare                                                | Enterprise working on additional units so one unit down will not cause flaring. |

|-------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <input checked="" type="checkbox"/> | I acknowledge that I am authorized to submit a <i>Venting and/or Flaring</i> (C-129) report on behalf of this operator and understand that this report can be a <b>complete</b> C-129 submission per 19.15.27.8 and 19.15.28.8 NMAC.                                                                                      |
| <input checked="" type="checkbox"/> | I acknowledge that upon submitting this application, I will be creating a new incident file (assigned to this operator) to track any C-129 forms, pursuant to 19.15.27.7 and 19.15.28.8 NMAC and understand that this submission meets the notification requirements of Paragraph (1) of Subsection G and F respectively. |
| <input checked="" type="checkbox"/> | I hereby certify the statements in this report are true and correct to the best of my knowledge and acknowledge that any false statement may be subject to civil and criminal penalties under the Oil and Gas Act.                                                                                                        |
| <input checked="" type="checkbox"/> | I acknowledge that the acceptance of any C-129 forms by the OCD does not relieve this operator of liability should their operations have failed to adequately investigate, report, and remediate contamination that poses a threat to groundwater, surface water, human health, or the environment.                       |
| <input checked="" type="checkbox"/> | I acknowledge that OCD acceptance of any C-129 forms does not relieve this operator of responsibility for compliance with any other applicable federal, state, or local laws and/or regulations.                                                                                                                          |
