Subject: [EXTERNAL] Hilcorp Chacon Jicarilla 004 CBL Log - P&A Procedure Amendment

This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.

Good Evening,

Attached is the CBL for the Chacon Jicarilla with an Est. TOC @ 2650'.

We propose the following amendments to the procedure:

CIBP Set @ 3045' --> previously approved on location

Combine Plugs (1) and (2) above the CIBP for:

- Coverage of the Picture Cliffs, Fruitland, Kirtland, and Ojo Alamo
- 38sx Inside Plug from 3045-2564'

Then proceed with the P&A procedure as referenced in the NOI with associated COA's.

Thanks,
Whitney Majetich
