Re: Mewbourne's Request to Plug and Abandon Well(s)

Dear Mr. Harrison:

The Oil Conservation Division ("OCD") received Mewbourne's request for permission to plug and abandon the following well(s): Sanmal Queen Unit #2 (API 30-025-30175), Sanmal Queen Unit #3 (API 30-025-29851), Sanmal Queen Unit #4 (API 30-025-29685), Sanmal Queen Unit #6 (API 30-025-29948), and Sanmal Queen Unit #10 (API 30-025-29997). Smith & Marrs, Inc. (OGRID No. 20989) is the registered operator ("Operator") of these wells, and OCD consents to Mewbourne's request to plug, abandon, and remediate the aforementioned well(s).

Pursuant to OCD Order No. R-24249 in Case Number 25871 of the New Mexico Oil Conservation Division, OCD has the right to plug, abandon, and remediate the above-referenced well(s). Order R-24249 is incorporated by reference herein as though set forth in full. Operator remained out of compliance with Order R-24249 and failed to plug and abandon the well(s) within 30 days. Pursuant to that Order, OCD is authorized to plug and abandon certain wells, including the five listed above. OCD hereby authorizes Mewbourne Oil Company to plug, abandon, and remediate the above-identified well(s) on OCD's behalf.

Please contact Michael Hall, Assistant General Counsel, at Michael.Hall@emnrd.nm.gov with questions, including the submission of plugging sundries, as OCD will not be transferring operatorship to FAE and will need to insert the plugging sundries into the wellfiles. **This letter**

State of New Mexico
Energy, Minerals and Natural Resources Department

must be submitted with the C-103F and C-103P filings submitted to OCD regarding the plugging of the well(s) covered by this authorization.

Regards,

Albert Chang
