Section 16, T-20-S, R-37-E

[NSP-194 and NSP-194-A/160-acre Eumont P.U.]

30-025-06127

Gentlemen,

Reference is made to the herein enclosed NMOCD Administrative Orders NSP-194 (dated 10/22/1955) and NSP-194-A (dated 05/27/1998). Administrative Order NSP-194 approved the non-standard, 160-acre Hansen State Eumont proration unit consisting of the NE/4 Section 16, T-20-S, R-37-E, Lea County, New Mexico. After an eight-year shut-in period, Doyle Hartman returned the Hansen State No. 4 to active producing status in April, 1998. When it was returned to production, the Hansen State No. 4 was a Eumont Oil well. This situation made it necessary to dedicate 40 acres from the non-standard, 160-acre Hansen State Eumont proration unit to the Hansen State No. 4 Eumont Oil well, hence Administrative Order NSP-194-A was approved. Administrative Order NSP-194-A approved the non-standard, 120-acre Hansen State Eumont proration unit consisting of the N/2 NE/4 and SW/4 NE/4 Section 16, T-20-S, R-37-E, Lea County, New Mexico. In May, 2001, the Hansen State No. 4 was recompleted as a Eumont Gas well.

By copy of this letter, Doyle Hartman hereby makes application for the amendment of Administrative Order NSP-194-A from 120 acres back to the original 160 acres. Application is also made for the simultaneous dedication of the Hansen State No. 4 Eumont Gas well to the non-standard, 160-acre Hansen State Eumont proration unit.

Notice of this administrative application, and our request for written waiver (as enclosed herewith), has been sent by certified mail to the adjacent and diagonal Eumont operators, which operators are listed below.
