Dear Mr. Roe:

Reference is made to your application dated February 25, 2003, requesting approval to add several wells to the previously approved Topaz Gas Gathering System (TGGS). This facility was originally approved on October 11, 1994, and expanded several times to include additional wells. Based on the information you supplied in your application, Dugan Production Company is hereby authorized to include these additional wells in the TGGS. In addition to any previously issued requirements, you are also subject to the requirements outlined in Onshore Orders. Included for your reference is a list (enclosure 1) of wells recognized as contributing to the TGGS.

If you have any questions regarding the above please contact me at (505) 599-6367.

Sincerely,
