Subject: Proposed Montoya 25 Well No. 3

I am reviewing your application for an unorthodox infill coal gas well location in the SE/4 of Sec. 25-T32N-R13W, San Juan County, and I have a few questions.

- (1) How much surface in the SE/4 of Sec. 25 does Mr. Montoya own?
- (2) From my review of the information provided in your application and aerial photos of the area, there appears to be numerous locations considered to be standard within the E/2 SE/4 of Sec. 25 to relocate this well?
- (3) Why can't this well be twined on one of the existing well pads located within the SE/4 of Sec. 25:
 - (a) XTO Energy, Inc.'s Montoya Com. Well No. 1A (**API No. 30-045-24994**), located 1190' FSL & 990' FEL (Unit P) of Sec. 25; or
 - (b) XTO Energy, Inc.'s Montoya Com. Well No. 1C (**API No. 30-045-30374**), located 1805' FSL & 1950' FEL (Unit J) of Sec. 25?
