This unit is to be dedicated to Yarbrough's existing E. L. Steeler Well No. 8 (API No. 30-025-10790), located at a standard Jalmat gas well location 1980 feet from the North and East lines (Unit G) of Section 17.

By the authority granted me under the provisions of Rules 4 (C) (1) (a) and 4 (D) of the special rules now governing the Jalmat Gas Pool, the above-described 160-acre non-standard gas spacing unit is hereby approved.

Jurisdiction of this matter shall be further retained for the entry of any such subsequent orders, as the Division may deem necessary.
