NOTE: This installation shall be installed and operated in accordance with the applicable Division Rules and Regulations governing surface commingling. It is the responsibility of the producer to notify the transporter of this commingling authority.

Additional wells may be added to this surface commingling authority provided that these wells are located within the area described by this order. Notice of adding wells shall be given to the Aztec District Office of the Division by filing Form C-103, and notice shall be given to the Santa Fe Office of the Division by letter.

Good Friday, David!

I don't know what I was thinking, but you're right that was an error. We would add Sec. 32 in T31N, R6W and Sec. 6 in T30N, R6W. Can we go ahead and include Sec. 1 of T30N, R7W? We don't have any FC wells proposed there yet but I would rather include the whole 31-6 Unit if we could. Sorry about the mix up.

Hey Yo,

I'm working on this application today. Your application says that you want to add Sections 4 and 32, T-31N, R-6W, and Sections 6 and 28, T-30N, R-6W. I don't think that's what you meant. There are no wells to be added in Section 4, 31N, 6W or 28, 30N, 6W. Was that an error to include these sections? Let me know.

Hey, David,

I notified interest owners in the FC Participating Areas within those 2 units and any interest owners on drill block wells that were included in this application. Too bad, huh? I don't know of any intent to add conventional wells to this CPD, but stranger things have happened. I do have other SC applications I will be submitting and will make sure I notify "everybody" in the Units regardless of formation.

There will be no liquids being commingled and we did apply with the SLO & BLM.

I've been getting several calls from curious interest owners but none have mentioned they object...yet.

Take care,
Yo

Hi Yolanda,

I was reviewing your application for surface commingling, and I had a couple of questions.

For this particular application, did you notify all the interest owners in the SJ 30-5 Unit and the SJ 31-6 Unit, or did you notify only those interest owners in the Fruitland Coal PA in each of the units?

If you notified all the interest owners in the units, I would like to include all of the acreage within both units in the commingling order, that way, you guys can add wells without having to amend the order, or without having to file any forms.

What acreage is contained within the SJ 30-5 Unit and the SJ 31-6 Unit?
I'll need this info
if we include all the acreage in the commingling order.

No liquids will be commingled, correct?

Did you guys apply to the State Land Office and the BLM?

Thanks for the help. Maybe we'll see you soon.
