Dear Mr. Sherrell:

We are in receipt of your letter of April 21, 2003 requesting our approval to surface commingle the Maljamar GB SA (43329) and the Undesignated Delaware production from the following wells:

- Coyote State #1, API 30-015-32419, Maljamar GB SA
- Coyote State #2, API 30-015-32534, Maljamar GB SA
- Coyote State #3, API 30-015-32550, Maljamar GB SA
- Coyote State #4, API 30-015-32562, Maljamar GB SA
- Coyote State #5, API 30-015-32563, Undesignated Delaware
- Coyote State #7, API 30-015-32565, Maljamar GB SA
- Coyote State #10, API 30-015-32568, Maljamar GB SA

It is our understanding that the central battery will be located in the SE/4NW/4 of Section 36, Township 17 South, Range 31 East and all the necessary right-of-ways have been acquired. The production will be measured at the battery and well tests will be conducted for proper allocation of production.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico, as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division. Please submit a copy of the NMOCD's approval order to this office.

Your \$30.00 dollar filing fee has been received.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

PATRICK H. LYONS
