Dear Mike:

I know you just got back from vacation and are swamped, but Kaiser-Francis wants me to press you for a quick decision on an NSL I filed on Friday. I would rather go to the dentist than ask you for a favor to Kaiser-Francis.

On November 8th, Kaiser-Francis sent me stuff for this NSL, I obtained additional documents , edited and filed this on Friday, November 12th  
In doing so, I failed to check the boxes on the Checklist form--this is an NSL with attached waivers for all the working interest owners

The well is an infill Strawn/Morrow well that crowds the interior line between the NW/4 and the SW/4 within the W/2 spacing unit.

Thanks, Tom
