Doyle Hartman, Oil Operator
P. O. Box 10426
Midland, Texas 79702

Attention: Doyle Hartman

Re: Administrative application (Division reference No. pMES0-412735351) filed with the Division on March 29, 2004 for an exception to the well density requirements, Rule 3 (C) of the "Special Pool Rules for the Jalmat Gas Pool (79240)," as promulgated by Division Order No. R-8170-P, issued in Case No. 12563 on December 14, 2001, within an existing non-standard 160-acre Jalmat gas spacing unit comprising the NE/4 of Section 22, Township 23 South, Range 37 East, NMPM, Lea County, New Mexico (approved by Division Order No. R-520, issued in Case No. 673 on August 12, 1954).

Dear Mr. Hartman:

Your application is incomplete with respect to notice. Please refer to Rule 4 (B) (3) of the special rules currently governing the Jalmat Gas Pool, which states in part:

"the applicant has obtained consent of or given notice to all operators of any unit or units adjacent to the spacing unit requiring the well density exception..."

You failed to provide such notice to the Jalmat operator to the south in the existing 80-acre unit comprising the N/2 SE/4 of Section 22 and to the southeast in the existing 320-acre unit comprising the S/2 of Section 23, both in Township 23 South, Range 37 East, NMPM, Lea County, New Mexico.

The subject application is hereby **denied** and is being returned to you at this time.

Sincerely,

Michael E. Stogner
Engineer/Hearing Officer

**Re: Administrative Application for Simultaneous Dedication
Proposed New Mexico State "AA" No. 7 / (A-22-23S-36E or B-22-23S-36E)
NE/4 Section 22, T-23-S, R-36-E
Lea County, New Mexico
[Administrative Order SD-80-12 Jalmat (Gas) Proration Unit]**

Gentlemen:

Administrative Order SD-80-12, corresponding to the 160-acre New Mexico State "AA" Jalmat (Gas) proration unit, consisting of the NE/4 Section 22, T-23-S, R-36-E, Lea County, New Mexico, grants approval to simultaneously dedicate the following two (2) Jalmat wells, to the subject 160-acre Jalmat (Gas) proration unit.

New Mexico State "AA" No. 1	H-22-23S-36E
New Mexico State "AA" No. 4	B-22-23S-36E

As to the New Mexico State "AA" No. 4 well, the well was drilled and completed as a tubingless completion; i.e., the 2 7/8" O.D. tubing serves as the casing string, with 1 1/2" O.D. tubing serving as the tubing string. As a result of the highly-restrictive mechanical arrangement, and with the present lower pressures, the New Mexico State "AA" No. 4 is not mechanically capable of efficiently and effectively recovering remaining lease reserves.

Consequently, we hereby propose to drill the New Mexico State "AA" No. 7 well, as a **replacement** Jalmat producer, for the New Mexico State "AA" No. 4 well, with the **proposed** New Mexico State "AA" No. 7 Jalmat well to be located in either A-22-23S-36E (660' FNL and 810' FEL) or B-22-23S-36E (660' FNL and 1650' FEL). Upon the successful completion of the New Mexico State "AA" No. 7 well, the New Mexico State "AA" No. 4 well will be plugged and abandoned, along with the currently temporarily-abandoned New Mexico State "AA" No. 2 well, situated in A-22-23S-36E.

Michael E. Stogner, Chief Hearing Officer
New Mexico Oil Conservation Division
March 26, 2004
Page 2

Approval of this simultaneous dedication application will prevent waste, by allowing for the optimal recovery of remaining gas reserves (including gas reserves from tighter Jalmat strata, within the Jalmat interval). The subject application will also allow a material portion of the remaining reserves to be recovered during the current period of reduced North American gas deliverability and tighter gas supplies.

Notice of this administrative application, and our request for written waiver (as enclosed herewith), has been sent by certified mail to the applicable diagonal and adjacent offset Jalmat operators, which sole operator is as follows:

- 1) Mission Resources Corporation
1331 Lamar, Suite 1455
Houston, Texas 77010-3039
Kent Rogers, V.P. Operations
Certified Mail Receipt No. 7001 1140 0002 8323 2138 (Mailed March 26, 2004)

We thank you for your thoughtful review of this matter.

Very truly yours,

DOYLE HARTMAN, Oil Operator

Administrative Order SD-80-12

Gentlemen:

You are hereby authorized to simultaneously dedicate a 160-acre proration unit comprising the NE/4 of Section 22, Township 23 South, Range 36 East, NMPM, to your New Mexico State "AA" Well No. 1 located 1980 feet from the North line and 660 feet from the East line and your New Mexico State "AA" Well No. 4, located 660 feet from the North line and 1855 feet from the East line, both in said Section 22, Lea County, New Mexico.

Further, you are hereby permitted to produce the allowable from any of the wells on the proration unit in any proportion.

Sincerely,

JOE D. RAMEY,
Director

Re: Notice and Waiver Request for Simultaneous Dedication

Gentlemen:

This letter shall serve as (1) our written notice, and (2) request for written waiver, pertaining to our herein enclosed administrative application to the New Mexico Oil Conservation Division, for approval of our simultaneous-dedication application, corresponding to our 160-acre New Mexico State "AA" Jalmat (Gas) proration unit, consisting of the NE/4 Section 22, T-23-S, R-36-E, Lea County, New Mexico.

As can be ascertained from the herein-enclosed application, the subject application requests approval to drill the New Mexico State "AA" No. 7 well, as a **replacement** Jalmat producer, for the New Mexico State "AA" No. 4 well, on the 160-acre Jalmat proration unit, with the average well spacing remaining 80-acres per well.

If you are agreeable to granting a written waiver for our herein proposed administrative application, we respectfully request that you execute this letter (at your earliest convenience), in the space provided below, and promptly return one executed copy in the self-addressed stamped envelope enclosed herewith. The second copy of this letter, as well as the enclosed copy of our administrative application, to the NMOCD, shall be retained for your files.

Yours very truly,

DOYLE HARTMAN, Oil Operator
