This GPU is currently simultaneously dedicated to the: (i) State "Q" Well No. 3 (API No. 30-025-06118), being the initial well for this GPU, located at a standard gas well location 660 feet from the South line and 1980 feet from the East line (Unit O) of Section 16; and (ii) State "Q" Well No. 2 (API No. 30-025-06117), the initial infill well to this GPU completed in 1992 at a standard infill gas well location 1980 feet from the South line and 990 feet from the East line (Unit I) of Section 16.

It is our understanding that the subject well to be considered at this time is currently completed in the Monument-Paddock Pool where the location is considered to be a standard oil well location, however it is to be recompleted up-hole into the Eumont Gas Pool upon issuance of this order.

By authority granted me under the provisions of Rule 2(d) of the "*Special Rules and Regulations for the Eumont Gas Pool*", as promulgated by Division Order No. R-8170, as amended, and Division Rule 104.F (2) the following described well, located at an unorthodox Eumont gas well location in Section 16, is hereby approved:
