Re: Spiketail SWD No. 1  
SWD-1268  
API No. 30-015-38599  
Eddy County, NM

Dear Mr. Jones:

Cimarex has permitted the referenced SWD to dispose of produced water in the Cisco and Canyon formations at an interval of 8850' – 9300'. After drilling and logging, the Cisco interval came in higher than expected.

In this regard we are requesting administrative approval without notice of a 130' increase of the top injection interval. The new amended injection interval would now be 8720' – 9300.

After completing and testing this interval if we find additional modification of the SWD is warranted we will submit an amended application with notice.

If you have any questions, or require additional information, please feel free to contact the undersigned.

Sincerely,

A handwritten signature in black ink that reads "Zeno Farris". The signature is written in a cursive, slightly slanted style.

**Cc:** Natalie Krueger  
**Subject:** FW: Spiketail SWD-1268 amendment  
**Attachments:** 20110810142821660.pdf

Will attached is a letter requesting administrative approval of a 130' increase in the top injection interval for the referenced SWD.

Do I need to send this in the mail to you with the administrative checklist?

Thanks  
Zeno
