COG Operating LLC
Attention: Ms. Bobbie Goodloe

OFF-LEASE MEASUREMENT

Administrative Order OLM-142
Application Reference No. pMAM1806660439

Reference your application received March 7, 2018

The Oil Conservation Division (Division) authorizes COG Operating LLC (OGRID 229137) (COG) to transport and measure oil production off-lease from the following well which produces from the Bone Spring formation, the Wildcat S253008B; Bone Spring Pool (pool code 97861) in Eddy County, New Mexico.

Eggs State Com Well No. 001H (API No. 30-015-37260), Unit B, Section 8, Township 25 South, Range 30 East.

The oil and gas production from this well shall be measured at and sold from Egg State Com Federal Well No. 001H Central Tank Battery (CTB) in B-8-25S-30E except when the CTB is over capacity, CTB is in repair, or the pipeline is in repair.

In any of these scenarios, the oil shall be transported to either the Red Hills Offload Station (Red Hills CTB) in O-4-26S-32E or the Jal Offload Station (Jal CTB) in D-4-26S-37E.

All meters for the above-referenced wells shall be physically separated from facilities for other wells, so that production from the above-referenced wells will not be commingled prior to measurement with production from any other well.

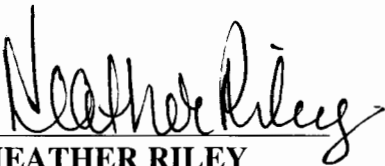

Production from the subject wells shall be determined as follows.

1. Oil shall remain segregated and measured by a LACT meter at the Red Hills CTB or the Jal CTB when it is used.

This permit does not authorize the surface commingling of this oil production with oil production from other pools or leases.

OCD understands COG has given notice of this application to all working interest owners who are "affected persons," per Subsection A of 19.15.23.9 NMAC.

COG shall notify the Artesia District Office of the Division before starting off-lease measurement.

HEATHER RILEY
Director
