CENTRAL TANK BATTERY

Administrative Order CTB-857

June 5, 2018

Mack Energy Corporation  
Attention: Mr. Jerry Sherrell

Mack Energy Corporation (OGRID 13837) is hereby authorized to off-lease measure and surface commingle oil and gas production and from the Round Tank; San Andres Pool (Pool code: 52770) from the W/2 of Section 22, Township 15 South, Range 29 East, NMPM Chaves County, New Mexico.

The following diversely owned federal leases, federal communization agreements ("CA"), and wells are currently within those lands:

Lease:	Pending Thunder Bay Federal Com Well No. 1H	
Description:	E/2 W/2 of Section 22	
Well:	Thunder Bay Federal Com Well No. 1H	API 30-005-64308
Lease:	Pending Hamilton Federal Com Well No. 1H	
Description:	W/2 W/2 of Section 22	
Well:	Hamilton Federal Com Well No. 1H	API 30-005-64307

The commingled oil production from the wells detailed above shall be measured and sold at the Thunder Bay Central Tank Battery (CTB), located in Unit M of Section 22.

The commingled gas production from the wells detailed above shall be measured at the CTB. The gas production shall be sold at the Facility Measurement Point (FMP) located in Unit O, Section 4, Township 16 South, Range 29 East, Eddy County, NMPM, New Mexico. Further, gas production measurement in the Round Tank; San Andres Pool is also governed by order CTB-855, issued on May 15, 2018.

It is also understood that you have given due notice of this application to all owners in the mineral interest estate ("affected parties") as defined in Rule 19.15.12.10.C (4) NMAC.

Production from the subject wells shall be determined as follows:

Administrative Order CTB-857  
Mack Energy Corporation  
June 5, 2018

---

The oil and gas production from each of the diversely-owned leases shall be measured with a combination of metering and well testing. Each of the wells shall be tested a minimum of seven days per cycle.

The allocation meters shall be calibrated quarterly in accordance with Rule 19.15.12.10.C (2) NMAC.

For future additions of wells, leases, and pools to this commingling operation, notice shall only be given to those interest owners in the wells, leases or pools to be added, in accordance with Division Rule 19.15.12.10 C (4) (g) NMAC.

Subsequently drilled wells that produce from the subject pool within the project areas approved by this order may be added to this commingling authority by submittal of a Sundry Notice to the Engineering Bureau in Santa Fe.

This installation shall be installed and operated in accordance with the applicable Division Rules. It is the responsibility of the producer to notify the transporter of this commingling authority.

This administrative order is subject to like approval from the Bureau of Land Management.

The operator shall notify the Artesia District office of the Division prior to implementation of the commingling operations.

**HEATHER RILEY**
