ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT**

**SETTLEMENT AGREEMENT BETWEEN THE OIL CONSERVATION
DIVISION AND CROSS TIMBERS ENERGY, LLC**

Pursuant to the New Mexico Oil and Gas Act, NMSA 1978, §§ 70-2-1 through 70-2-38, as amended ("Act"), and the rules promulgated in accordance with the Act, the Director of the Oil Conservation Division ("Division" or "OCD"), and Cross Timbers Energy, LLC ("Operator" or "Cross Timbers") enter into this Settlement Agreement ("Agreement"). Cross Timbers agrees to comply with the following settlement for the specified violations of the Act and the rules promulgated in accordance with the Act, and in the event of non-compliance, the remedies detailed herein.

I. FINDINGS

1. The Oil Conservation Division is charged with the authority to enforce the Act and the rules promulgated in accordance with the Act. NMSA 1978, Section 70-2-6(A).
2. The New Mexico Attorney General is charged with collecting penalties issued pursuant to NMSA 1978, Section 70-2-31.
3. Cross Timbers Energy, LLC is the operator of record of five hundred fifty-six (556) wells in New Mexico, under OGRID No. 298299.
4. Operator's address of record with OCD is: 400 West 7th Street, Fort Worth, TX 75070.
5. The New Mexico Secretary of State has Operator registered under entity number 4662695 and identifies Vaughn O. Vennerberg, II as Manager.

6. Operator has one blanket bond, bond # 105420739 filed with the OCD, from Travelers Casualty and Surety of America, for the amount of \$50,000.

7. Operator has additionally furnished the OCD with twenty (20) single well bonds on file with the OCD from Travelers Casualty and Surety of America for a total amount of \$269,166.

Inactive Well and Financial Assurance Violations

8. 19.15.25.8 NMAC requires an operator to plug and abandon or temporarily abandon a well within 90 days after: (1) a 60-day period following the suspension of drilling operations; (2) a determination that a well is no longer usable for beneficial purposes; or (3) a period of one year in which a well has been continuously inactive.

9. 19.15.5.9A(4) NMAC states that an operator is compliant with 19.15.5.9 NMAC if it has no more than the following number of wells out of compliance with 19.15.25.8 NMAC that are not subject to an agreed compliance order setting a schedule for bringing the wells into compliance with 19.15.25.8 NMAC and imposing sanctions if the schedule is not met:

- (a) two wells or 50 percent of the wells the operator operates, whichever is less, if the operator operates 100 wells or less;
- (b) five wells if the operator operates between 101 and 500 wells;
- (c) seven wells if the operator operates between 501 and 1000 wells; and
- (d) 10 wells if the operator operates more than 1000 wells.

10. Operator currently has fourteen (14) wells out of a total of five hundred fifty-six (556) wells out of compliance with 19.15.25.8 NMAC, exceeding the amount allowed under 19.15.5.9(A)(4) NMAC. See *Exhibit 1: Inactive Well List*.

11. 19.15.8.9.C NMAC requires that an operator cover a well that has been in temporary abandonment status for more than two years with a one-well financial assurance or a blanket plugging financial assurance for wells in temporary abandoned status.

12. Operator currently has no wells that require additional bonding, in violation of 19.15.8.9 NMAC. See *Exhibit 2: Inactive Well Additional Financial Assurance Report*.

II. CONCLUSIONS

1. The OCD has jurisdiction over the parties and subject matter in this proceeding.

2. Operator is a person as defined by NMSA 1978, § 70-2-33(A) that may be subject to civil penalties under NMSA 1978, § 70-2-31(A).

3. Operator does not dispute it is responsible for correcting the matters of non-compliance and wishes to settle this matter with the OCD.

III. SETTLEMENT AGREEMENT

WHEREFORE, the parties agree to the following:

1. Compliance Schedule

- a. Operator will continue to file Monthly Production Reports as required by 19.15.7.24 NMAC. If no production occurs, Operator must still report zero production to the OCD;
- b. Operator will maintain acceptable financial assurance for wells in temporarily abandoned status as permitted by 19.15.8.9 Subsections (C) and (D)(5);
- c. Operator will return the following seven (7) wells to compliance with 19.15.25.8 NMAC, or return wells to production, by August 15, 2018 as determined by the operator unless otherwise stated below:
 - i. plug and abandon the Pennzoil Merit State #001, API No. 30-025-25256;
 - ii. the Bridges State #183, API No. 30-025-25167;
 - iii. the Southeast Maljamar GB/SA Unit #507, API No. 30-025-26462;
 - iv. the State I. #004, API No. 30-025-24393;
 - v. plug and abandon the North Vacuum Abo Unit #206, API No. 30-025-23794;
 - vi. plug and abandon the North Vacuum Abo Unit #143, API No. 30-025-23565; and
 - vii. the North Vacuum Abo Unit #298, API No. 30-025-29608.
- d. Operator shall file a monthly compliance report, due on the last day of each month, identifying each well returned to compliance, stating the date it was returned to compliance and describing how the well was

returned to compliance (restored to production or other approved beneficial use, plugged wellbore, approved temporary abandonment status.) Transfer of a well identified on Exhibit "A" to another operator does not count towards Operator's obligation to return wells to compliance under the terms of this Agreement, but does reduce the total number of wells for which Operator is responsible under the terms of this Agreement. The final written compliance report must be mailed or e-mailed to the OCD's Enforcement and Compliance Manager and to the New Mexico Special Assistant Attorney General in charge of inactive well agreed compliance Agreements so that it is received by the compliance deadline of August 15, 2018.

- e. Unless the OCD grants an extension, in writing, prior to the expiration of the deadline, should Operator miss any deadlines identified in paragraphs III.1.b and III.1.c above, the OCD may plug and abandon the well for which the deadline was missed and recoup the associated costs from Operator's financial assurance. Notwithstanding the foregoing, Operator shall be responsible for any and all costs of plugging its wells. Thus, pursuant to 70-2-14(E) NMSA, the Division may bring suit against Operator for all costs associated with plugging any of Operator's wells, should Operator's financial assurance prove insufficient;
- f. The OCD will notify Operator and Operator's surety, pursuant to 19.15.8.13 NMAC, if OCD intends to plug and abandon a well that has

missed the compliance deadline as established by this Agreement. Operator expressly waives its right to oppose any application of the Division for an order authorizing the Division to plug a well that has not been plugged pursuant to this Agreement;

- g. Once any portion of Operator's financial assurance is used to fulfill a term of this Agreement, the OCD will review Operator's financial assurance and, if found inadequate, Operator will be out of compliance with 19.15.5.9 and 19.15.8.9 NMAC and will be subject to additional compliance actions. Operator does not waive its right to notice and hearing for adjudication regarding additional compliance actions except as expressly waived herein;
- h. OCD will not withhold approval of reasonable extensions, for good cause shown, provided Operator requests extensions prior to the expiration of the deadlines and remains in compliance with the other terms of the Agreement, the Act, and the rules promulgated in accordance with the Act;
- i. Operator shall bear the costs to comply with the terms of this Agreement;
- j. OCD will dismiss, pursuant to this Agreement, the claims in OCD Case No. 16075, provided Operator complies with this Agreement.
- k. For purposes of determining compliance with 19.15.5.9.A NMAC, this Agreement will also serve as an Agreed Compliance Order covering the wells identified in *Exhibit 1* and 2, so long as Operator remains in

compliance with the terms of this Agreement, the Act, and the rules promulgated in accordance with the Act.

2. Civil Penalties

- a. Should Operator fail to comply with Paragraph III.1.b, or Paragraph III.1.c., OCD may pursue civil penalties as allowed by the Oil and Gas Act, NMSA 1978, §§ 70-2-28, -31, in a civil suit filed by the attorney general in the name and on behalf of OCD.

IV. OTHER TERMS AND CONDITIONS

- 1. By signing this Agreement, Operator expressly:
 - a. acknowledges the authority of the Director to render the above Findings, Conclusions, and Agreement;
 - b. agrees to comply with the Agreement;
 - c. as to the Agreement, waives any right, pursuant to the Act or otherwise, to a hearing either prior or subsequent to the entry of this Agreement or to an appeal from this Agreement; and
 - d. agrees that if it fails to comply with this Agreement, OCD may enforce the Agreement by suit or otherwise to the same extent and with the same effect as a final OCD Order entered after notice and hearing or civil suit in accordance with all terms and provisions of the Oil and Gas Act.
- 2. Nothing in this Agreement relieves Operator of its liability should its operations create waste and/or pose additional threats to the environment

- or correlative rights, or commits other violations of the Act or rules promulgated in accordance with the Act.
3. Should Operator's financial assurance prove insufficient to cover the costs associated with plugging and abandoning the wells subject to this Agreement, the OCD reserves its rights under the Oil and Gas Act for indemnification and costs pursuant to NMSA 1978, § 70-2-14.
 4. In the event any one or more of the provisions in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision of this Agreement.
 5. This Agreement shall be governed by the laws of the State of New Mexico.
 6. Any dispute, legal proceeding, or litigation arising in connection with this Agreement shall be brought in Santa Fe County, New Mexico, and the parties consent to the jurisdiction of such court.
 7. This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute one and the same Agreement.
 8. The effective date of this Agreement shall be the date of the signature of the last signatory to this Agreement.
 9. The parties represent and warrant that the individuals executing this Agreement on the parties' behalf are competent and duly authorized to execute this Agreement and further agree that this representation shall be

legally sufficient evidence of actual or apparent authority to bind their respective entities to all the terms and conditions of this Agreement.

10. The parties agree that this Agreement may be electronically signed. The parties further agree that electronic signatures, signatures provided by facsimile transmission, or in Portable Document Format (PDF) sent by electronic mail, shall be deemed to be original signatures and are the same as handwritten signatures for the purposes of validity, enforceability, and admissibility.
11. This Agreement contains all of the terms of the Settlement Agreement between the parties, there being no oral agreements not contained herein.
12. Operator and the OCD have the right to modify this Agreement by written instrument signed by both parties. Once Operator complies with all the terms of this Agreement, this Agreement will terminate.

Done at Santa Fe, New Mexico this 13 day of June, 2018.
