Dear Mr. Lowe:

Hilcorp Energy Company ("Hilcorp") requests approval of a non-standard horizontal spacing unit ("HSU) for the subject horizontal well pursuant to Paragraph (5) of Subsection B of 19.15.16.15 NMAC.

Paragraph (3) of Subsection B of 19.15.16.15 NMAC, states:

"The horizontal spacing unit shall comprise one or more contiguous tracts that the horizontal gas well's completed interval penetrates, each of which consists of a governmental quarter section or equivalent".

In these circumstances, dedicating a standard quarter section or equivalent to this well is not possible due to the segregating effect the federal unit boundary shared by the San Juan 32-7 Unit and Allison Unit has on Section 9, T32N, R7W. This can be seen on the enclosed map which references one of the equivalent quarter sections in the SW/4 of Section 9 bordered in pink.

Due to this, Hilcorp has formed the following non-standard HSU situated in Township 32 North, Range 7 West which can be seen on the attached map bordered in red:

- Lot 4, NW/4 SW/4, Lot 14 (collectively "W/2 W/2") of Section 9
- Lot 1, NE/4 SE/4, Lot 5 (collectively "E/2 E/2") of Section 8

- NW/4 of Section 16

Approval of this non-standard HSU is necessary to maximize recovery of oil and gas reserves and appropriately limits the acreage dedicated to this well to the Federal Unit in which it is located.

To support this request, the following has been attached:

- 1) Map identifying HSU in relation to Federal Units involved
- 2) List of affected persons

In accordance with Paragraph (4) of Subsection B of 19.15.15.11, Hilcorp has sent a copy of this application/plat, via certified mail, return receipt requested, to all affected persons as of the date reflected on the application. Hilcorp is the Operator of the subject HSU and all adjoining spacing units. Therefore, affected persons are the working interest owners in the San Juan 32-7 Unit and Allison Unit.

The subject HSU does contain federal and state leases. In accordance with Paragraph (4) of Subsection B of 19.15.15.11, a copy of the C-102 was made available to the BLM upon submission of the APD; which the BLM has recently approved. Further, as of the date of this application, a copy of this letter and C-102 have been sent to the State Land Office.

If you have any questions or concerns regarding this matter, please do not hesitate to contact me at the email or number provided below.

Regards,

Hilcorp Energy Company

**OWNER NAME:**

Hilcorp Energy Company ("Hilcorp"), as Operator, has filed an Application for Non-Standard Horizontal Spacing Unit ("Application") with the New Mexico Oil & Conservation Division ("NMOCD") for the San Juan 32-7 Unit 249H; a horizontal Fruitland Coal well located within the boundary of the San Juan 32-7 Federal Unit.

Paragraph (3) of Subsection B of 19.15.16.15 New Mexico Administrative Code ("NMAC") requires horizontal spacing units be comprised of one or more contiguous tracts consisting of a governmental quarter section or equivalent. As outlined in the enclosed Application and map, **Hilcorp is unable to dedicate a standard quarter section from Section 9, T32N, R7W since all but the W/2 W/2 is located within the Allison Unit.**

Pursuant to Paragraph (3) of Subsection B of 19.15.15.11 NMAC (as amended), Hilcorp is required to provide notification to you, a working interest owner in either 1) the adjoining Allison Unit Fruitland Coal Participating Area, situated in the E/2 W/2 Section 9 of Township 32 North, Range 7 West or 2) the adjoining spacing units situated in the San Juan 32-7 Unit Fruitland Coal Participating Area. If you have an objection to this Application, you must file such in writing with the NMOCD within 20 days from the date of this notice; **however, no action is required on your part if you do not object to this Application.**

If you have any questions or concerns regarding this matter, please do not hesitate to contact me at the email or number provided in the footer below.
