Mike-

Per our telephone conversation, please see the following responses imbedded in your email to Turner Phipps (Key Energy) regarding the Queen Lake Federal 19 #1 application for an SWD permit. The responses are in RED.

We understand that the permit application has been protested, but we want to complete this part of the process now.

Please respond with additional questions or comments.

Thanks,

Mike Johnson

**The OCD needs the following information:**

- Affidavit of publication in the county in which the well is located. **See Attachment 1**
- Better tract map that shows the affected parties. **See Attachment 2**
- TDS of injection formations. **See Attachment 3 (from original submittal; page 2 of 3)**
- The OCD is also concerned because the bottom of the proposed injection interval is near the Ellenburger. Therefore, the OCD will require you to provide the projected top of Montoya. **See Attachments 4a through 4d**
- Clarify the maximum injection rate. **From Form C-108 in the original application, the proposed maximum injection rate is 15,000 barrels per day.**

After the OCD receives the receives the required information, the 15-day clock will start

Mike

## McMillan, Michael, EMNRD

---

**From:** McMillan, Michael, EMNRD  
**Sent:** Thursday, May 16, 2019 11:36 AM  
**To:** Aqueron, Rene; 'Strata'  
**Cc:** Goetze, Phillip, EMNRD; Jones, William V, EMNRD  
**Subject:** RE: [EXT] Key Energy Queen Lake Federal 19 #1\_Supplemental Information

Since this is a protested application and it is going to Hearing, the OCD is very limited as to what it can do.

The OCD will place the attachments into the application.
