Mr. Stone:

OCD was notified XTO Energy Inc. that it is protesting this application. This party is identified as an affected person for the location being considered for the application. You are being notified that if Trove Energy and Water LLC wishes for this application to be considered, they must either go to hearing or may be reviewed administratively if the protest is withdrawn as a result of a negotiated resolution with this party. The application will be retained pending resolution of the protest. Please continue to provide OCD with information regarding the standing of this application. Please me call with any questions on this matter.

Subject: [EXT] Trove Energy & Water - SEC SE Fed Well #5

Good afternoon Michael.

The referenced application was received in our office via certified mail. XTO Permian Operating, LLC (XTO), as an affected party, objects to the referenced application for disposal into the Devonian-Silurian formations. Trove Energy & Water's proposed location is inside the XTO operated Poker Lake Unit and has a potential to impact existing production in the area. Preliminary review by our seismicity group also indicates it to be located along a fault.

XTO requests to be notified of any further activity in regard to the application, including being provided with notice of any hearing scheduled.

Should you have any questions, please do not hesitate to contact me or Michael Thompson.

Thank you....Tracie Cherry
