Subject: [EXT] FW: OCD Receipt of Fee Application Payment

Good Morning,

I wanted to bring it your attention that the payment portal is not linked or has a corrupt link. In the Fee application page when "upload document" is selected, it will allow you to upload the document but does not send you to the payment portal only an error message. The end result has a PO number assigned to a application attachment with a pending payment and no options are given on how to make payment. I selected the "mail or hand deliver option" and the payment portal is available... I went through the process of making payment with my Visa and it worked; but there is no option to attach the application at this point. I spoke with Daniel Sanchez about the issue and informed him we had the same result on other computers and user names. I apologize in advance for any in confusion into this matter but, I do think the new system will work great and streamline the process once all the bugs are worked out.

I attached the receipt for payment as well as the application for the West Jal Deep SWD #7 for reference when looking into this matter. A hard copy of the application was received last week; attached is a conformation email that was sent to me a few days ago.

Thank You

Richard Hill
