Attachments: Additional Information_Clara Allen SWD No. 1.pdf

Michael,

Good morning I hope all is well. Attached for you are additional C-108 elements for Solaris Water Midstream's Clara Allen SWD No. 1. These items are being submitted in order to deem our application administratively complete. Should you have any questions or require additional information, please reach out to Ramona or myself so we can provide you what you need.

There will be several packets similar to this one that will follow suit after this. I apologize in advance if it will seem like an email blast.

GEOLOGIC AFFIRMATION

I have examined available geologic and engineering data and have found no evidence of open faults or other hydrologic connection between the disposal interval and underground sources of drinking water.

A handwritten signature in black ink, consisting of a large, stylized 'S' followed by a horizontal line and a small flourish.
