Subject: Application to Inject: Petes SWD 1 (SWNE of Section 28, T23S, R34E) Lea County, NM

Mr. McMillan,

Marathon is in receipt of an Application to Inject from R.T. Hicks Consultants, LTD on behalf of AWR Disposal LLC, for their Petes SWD #1 located SWNE (Unit G) of Section 28, T23S, R34E in Lea County, NM.

Marathon has review their Application and we believe that the location of this Salt Water Well falls within ½ mile of two large critically stressed faults, therefore we would like to notify the Commission of our Protest.

AWR Disposal LLC, Midland, Texas, has made application to the New Mexico Oil Conservation Division to drill and complete, for salt water disposal, the Petes SWD #1. The proposed commercial operation will be for produced water disposal from area operators. As indicated in the notice below, the well is located in Section 28 Township 23 South, Range 34 East, Lea County, New Mexico. The published notice states that the interval will be from 15,134 feet to 17,061 feet into the Silurian, Fusselman and Montoya Formations.

Please let me know if you need further information.

Respectfully,

Jessica Gorman

Mr. Hicks:

OCD was notified by Marathon Oil Permian LLC that they are protesting this application. This party has been identified as affected persons for the location being considered for the application. You are being notified that if AWR Disposal, LLC wishes for this application to be considered, they must either go to hearing or may be reviewed administratively if the protest is withdrawn as a result of a negotiated resolution with this party. The application will be retained pending resolution of the protest. Please continue to provide OCD with information regarding the standing of this application. Please me call with any questions on this matter.
