Nate Alleman,

OCD was notified by Mewbourne Oil Company that they are protesting this application. This party has been identified as an affected person for the location being considered for the application. You are being notified that Select Energy Services currently has two options if it wishes for this application to be considered. The first is to go to hearing. The second is to negotiate a resolution with the protesting party. If the protest is withdrawn application can then be reviewed administratively. In the meantime, the application will be retained pending a hearing or other resolution. Please continue to provide OCD with information regarding the standing of this application and feel free to me call with any questions.

Thanks,

Dylan
