Mr. Arthur,

The OCD was notified by **COG Operating LLC** that they are protesting these applications. This party has been identified as an affected person for the locations being considered. Because of the protests, the applications can no longer be reviewed administratively. You are being notified that for these applications to be considered, **Vista Disposal Solutions, LLC** currently has two options; the first is to go to hearing, the second is to negotiate resolutions with the protesting party. If the protests are withdrawn, then the applications can be reviewed administratively. In the meantime, the applications will be retained pending a hearing or other resolution. Please continue to provide OCD with information regarding the standing of these applications and feel free to call me with any questions.
